Lexical Phonology and Morphology (RLE Linguistics A: General Linguistics) Carole Paradis, 2014-02-03

This book presents a description of the phonology and morphology of the nominal class system in Fula, a dialect which displays 21 nominal classes. These are identified by suffixes, which can attach to nominal, verbal and adjectival stems. The main objective of this work is to show, through a lexical analysis, that there are only two monomorphemic marker variants, and that the distribution of these variants is predictable.

The Orc King R.A. Salvatore, 2008-10-07 The war against the orcs is far from over in this opening installment of a bold new trilogy in the Legend of Drizzt series The end of winter is near, and it seems the uneasy peace between the dwarves of Mithral Hall and the orcs of the newly established Kingdom of Many-Arrows will not last long. The orc tribes united under Obould are splintering, with some seeking to establish an alliance with a clan of half ogres-half orcs. Drizzt, too, feels himself torn apart, unsure which of the Companions needs him most: As Catti-brie recovers from a serious injury, Wulfgar mourns the death of his wife. Together, the broken pair leaves Mithral Hall for Silverymoon, hoping to find a trail that leads to Wulfgar's lost adopted daughter. Meanwhile, Bruenor begins his own desperate search. Determined to end the war that nearly cost him his life and everything he has built, he will stop at nothing until he finds the

ancient dwarven city of Gauntlgrym. But to truly end the war, drastic changes must be made. Powerful individuals on both sides may have to alter the way they see each other—and perhaps even talk to one another—for it will take more than swords and axes to bring a lasting peace to the Spine of the World. The Orc King is the first book in the Transitions series and the twentieth installment in the Legend of Drizzt series.

Kapingamarangi Lexicon Michael D. Lieber,Kalio H. Dikepa,2019-03-31 The Kapingamarangi lexicon is designed for use by the Kapinga in their own classrooms as a teaching resource, by comparative linguists interested in Polynesian languages, and as an aid for those learning Kapinga. The lexicon presents an exhaustive list of 6,000 root words and their use in deriving words, compounds, and phrases. An introduction delineates the rules of word structure in the Kapinga language in simple, nontechnical English with explanatory footnotes in Kapinga. In addition, the introduction includes material directed primarily to linguists dealing with such problems as word classes, problems of reduplication, and the like. The lexicon itself is arranged in three listings: Kapingamarangi-English, English-Kapingamarangi, and by root words, demonstrating how they are systematically derived and compounded.

How To Speak French Like An Aristocrat And Latin Like The Pope. 5th Edition Maximillien De Lafayette,2015-07-27 You don't need to learn French and Latin grammar to speak like a sophisticated French or an erudite from the Vatican. This book will show you how you can easily learn and use fancy and refined French and Latin expressions to your advantage and impress others.--Introduction.

Transitions, T1 : Le Roi orque R.A. Salvatore,2011-02-17 La paix récemment établie entre les nains de Castelmithral et le royaume des orques est déjà menacée. Les tribus orques se font la guerre et Bruenor est résolu à y mettre un terme et à sauver ce qu'il a mis tant de temps à bâtir. Mais il faudra bien plus que des épées et des haches pour établir une nouvelle ère dans cette région tourmentée. Les puissants seigneurs de part et d'autres devront apprendre à se connaître et à s'estimer malgré leurs différences. Le chemin de la compréhension et du respect est long et semé d'embûches.
