The Sketchnote Workbook Mike Rohde, 2014-08-12 The Sketchnote Workbook, the
follow-up to Mike Rohde's popular The Sketchnote Handbook, shows you how to take the
basic sketchnoting skills you learned in the Handbook and use them in new and fun ways.
You think you have fun taking sketchnotes in meetings? Try using them to record your

travels. Or start a food journal. Or break out those visual notetaking skills in your next brainstorming session--whether you're at work or school, or just trying to figure out how to organize the paper that's due next week. The Sketchnote Workbook comes with a 2+ hour companion video that brings the ideas you read about in the book to life. Mike takes you on the road with him to various locations to show you first-hand how to use sketchnotes to generate ideas, document processes, map out projects, learn new languages, create visual to-do lists, and capture the everyday experiences that mean the most to you--whether it's a trip, a meal, or an episode of your favorite TV show. Don't worry. You don't need to know how to draw to use the book or the video. Mike gives you a quick recap of how to use five simple shapes and basic lettering techniques to create visual notes that you'll want to share with your friends. For those of you who have already mastered the basics in The Sketchnote Handbook, Mike includes advanced drawing and lettering techniques and offers pages within the book and downloadable worksheets that you can use to practice your new skills. This video is 2 hours and 41 minutes long.

The Sketchnote Handbook Mike Rohde,2013 This gorgeous, fully illustrated handbook tells the story of sketchnotes--why and how you can use them to capture your thinking visually, remember key information more clearly, and share what you've captured with others. Author Mike Rohde shows you how to incorporate sketchnoting techniques into your note-taking process--regardless of your artistic abilities--to help you better process the information that you are hearing and seeing through drawing, and to actually have fun taking notes. This special video edition includes access to 70 minutes of video

tutorials where viewers can see the author in action, demonstrating drawing techniques discussed in the book. The *Sketchnote Handbook* explains and illustrates practical sketchnote techniques for taking visual notes at your own pace as well as in real time during meetings and events. The book looks like a peek into the author's private sketchnote journal, but it functions like a beginner's guide to sketchnoting with easy-to-follow instructions for drawing out your notes that will leave you itching to attend a meeting just so you can draw about it.
