Brigitte Legendre

A Skater's Business SKATE SCHOOL Brigitte Legendre,2015-10-01 Looking for low investment business idea that is fun and rewarding? All the steps to create successful a mobile Skate School will guide you on how to make it happen fast and efficiently. It's all you will need to invest in training material to feel confident you can set up and run your business well right from the start. Before I started, I didn't think I could earn an income out of teaching skating but I can and I do. The great thing is you don't have to charge much per skater to get a good hourly rate when you teach groups. It is very affordable for your students while being profitable for you. In this 65 pages book, we cover all the topics that will make your journey easy, avoiding mistakes and taking full advantage of my experience. Instead of taking a year or two to figure it all out, you can use these tools right now, become a great coach and enjoy a successful business faster.

**The skateboarding bible** Tant Maxime,2019-10-16 How to skateboard ? If you are currently reading this then it means that you're already passionate about skateboarding. Or that you dream about skateboarding but you don't even own one.This guide is here to help loosen your inflamed tibias after a little session with your friends, to pass the time in the toilets, at the beach or even during maths or history. We'll keep that one to ourselves.Through these pages, written by skaters for skaters, you'll learn the flat, grinds, the ramp, how to be the king of the skateboarding game, to innovate and finally, most importantly, having fun on your board and enjoying it while doing so.Skateboarding is a world far more vast than we think, with various types of people from different backgrounds. That's the beauty of it. Moreover there are absolutely no rules which also means no limits. Each skater is free to do as he pleases, to create his tricks, modules, to film...This book will teach beginners, as well as confirmed skaters, the nearly full amount of existing skateboarding tricks to this day.Not wanting to do things halfway, and being truly passionate about skateboarding, I've pushed this book as far as I can to teach you how to skate as best I can.

*Ultimate Speech Sounds* Kate Beckett,2024-01-31 Ever faced challenges motivating clients to participate in speech therapy practice at home? Directing parents to helpful resources that reinforce acquired skills from therapy sessions can be a problem. This book provides easy-to-follow instructions, educational resources, and links to 3D animated clips for therapists to use with parents to ensure perfect technique every time. The book considers each of the 24 English consonants, 16 monophthongs, and 8 diphthongs in detail with regards to anatomy, physiological production, and therapy materials to be used in practice. It is accompanied by online 3D animated video material featuring DARA®, an avatar that sounds out each consonant or vowel, clearly showing how the shape of the mouth and positioning of the tongue forms each sound. Photocopiable and free downloadable material from Resourceible.com also makes ideal resources for parents to use at home. This book offers a toolkit to support technique explanation to parents and children rather than an education for therapists. It is a practical clinic resource to help speech therapists teach speech sound formation along with suggested elicitation techniques. This is an essential

component for newly qualified and student SLTs as well as those more seasoned in the field.

**The Gentle Art Of Cookery** Hilda Leye,Olga Hartley,2013-10-28 First published in 2005. This compendium of cookery, though it concentrates on staple western food that is always available, contains a wealth of recipes sure to pique the interest of cooks and connoisseurs of fine food. Unique chapters cover flower cookery, Chinese scented teas, an 'Arabian Nights' dinner and special children's cookery. It is the author's strong belief that good cooking is one of the attainable amenities of everyday life.

**Art of Skating** Irving Brokaw,2009-12 From the Original Introduction (1910) In this book the author has endeavored to condense some of the mass of material which he has collected during many years of the study and practice of figure skating in the United States, Canada and the skating centers of Europe. Enthusiastic interest and unusual opportunity for comparing the best styles of skating to be found among many nations, due to extended travel during the skating seasons, and the unbounded hospitality extended to him in all parts of the world where skating is looked upon as sport in the best sense of the word, have caused the author to venture on this little volume, which, on account of its convenient size, can be carried about and easily referred to when the learner is on skates. It is with some slight sense of responsibility, therefore, and as a contribution to national interest in a sport which really originated in America, that he endeavors to here set down his analysis of the new, artistic figure skating destined soon to be the standard all over the world.
