Handbook of Research on Digital Citizenship and Management During Crises Öngün, Erdem, Pembecioğlu, Nilüfer, Gündüz, Uğur, 2021-11-12 Today, individuals and societies of the digital age are no longer constrained by conventional contexts, narratives, settings, and status; they are surrounded and guided by digital tools and applications leading to a digital revolution. That digital revolution changed the individual along with living styles and cultural and social relations among people. Moreover, these revolutionary changes and the increasing capabilities of smart devices have brought today's people a new kind of public sphere with questionable freedoms but also restraints in its digital dimensions. Now, it is possible to talk about the digital dimension and equivalence of all the concepts that are both individually and socially constructed in a new digital world. The Handbook of Research on Digital Citizenship and Management During Crises covers many different components engaged with digital world responsibilities. The authors assess the position, status, and reactions of the new citizen against future catastrophes. Covering topics such as epistemic divide, internet addiction, and new media technologies, this text serves as a cutting-edge resource for researchers, scholars, lawmakers, trainers, instructional designers, university libraries, professors, students, and academicians.

The First to Die at the End Adam Silvera, 2022-10-04 In this prequel to the bestselling phenomenon *They Both Die at the End*, two new strangers spend a life-changing day together after Death-Cast first makes their fateful calls. #1 New York Times bestseller! It's the night before Death-Cast goes live, and there's one question on everyone's mind: Can Death-Cast actually predict when someone will die, or is it just an elaborate hoax? Orion Pagan has waited years for someone to tell him that he's going to die. He has a serious heart condition, and he signed up for Death-Cast so he could know what's coming. Valentino Prince is restarting his life in New York. He has a long and promising future ahead and he only registered for Death-Cast after his twin sister nearly died in a car accident. Orion and Valentino cross paths in Times Square and immediately feel a deep connection. But when the first round of End Day calls goes out, their lives are changed forever—one of them receives a call, and the other doesn't. Though neither boy is certain how the day will end, they know they want to spend it together...even if that means their goodbye will be heartbreaking. Told with acclaimed author Adam Silvera's signature bittersweet touch, this story celebrates the lasting impact that people have on each other and proves that life is always worth living to the fullest. * A Publishers Weekly Best Book of the Year *

On Duty Vikas G. Gupta, 2018-09-27 When a plane carrying many hopes, dreams, love, hate, and greed

diverts from its route and crashes into the snow-capped mountains of Antarctica, most of its passengers die. As the crash's few survivors attempt to endure the cold and uninhabited environment, they find their only ray of hope in their pilot, Captain Rahul. But after he leads the survivors to a safe place to receive help, he suddenly disappears. Now Captain Rahul appears guilty of a crime. Sara, a passenger on the flight who loves him, fights for his dignity, but it is only Captain Rahul who can prove his innocence. But where is he? As a trial ensues, a shocking surprise occurs on the day of the final verdict when the captain arrives to unveil the mystery of the disappearance with the help of an energetic young reporter, Kiren Bakshi. As the world is left shocked and Sara broken, once again nature proves that it has no barrier and that everything depends on human will. In this tale of yearning, love, and an unrivaled will, a pilot leads survivors of a plane crash to safety and then disappears, leaving the world to contemplate complex questions about life, death, and duty.

Bards From the Nobel Land Lis Lovén,2021-07-21 In every epoch there ought to be words of love and hate. To know a cultural history means that you can place yourself on your own map. So this poetic anthology is my own way to understand my Swedish heritage, and now I give this gift to the English-speaking world. Because in a global society we have to share our specific culture with one another. The war is just one button away. Instead of war we could try to understand all kinds of heritages. Where do we all come from? And where are we heading? It began once back in Olduvai. And now as we are spread around the global earth we could commit ourselves to understanding. This is at least my own hope.

Let's Just Have Some Fun Devon A. N. Ar'Rahman,2020-02-19 What is fear? A question Sir Devon A. N. Ar'Rahman has attempted to explain in the stories he writes starting with part one titled The Message. Through the characters with fictitious names, though represented by real humans in real life, that answer and many more are explored with real possibilities to answer that one question many have chosen to try to ignore, Who is God, our Heavenly Creator? Thus, part three here titled Let's Just Have Some Fun attempts to relax the readers' minds as the Christ does his job in the teaching method known as the art of telling a story that many have been told and passed down through the ages of humanity starting millenniums ago after generations have come and gone, preparing humanity for the future ahead of the next generations to come.

Al-Qur'an: Three Translations of The Koran Muhammad Muhammad,2016-08-24 The Quran literally meaning the recitation, is the central religious text of Islam, which Muslims believe to be a revelation from God Allah. It is widely regarded as the finest piece of literature in the Arabic language. The Quran is divided into chapters called suras, which are then divided into verses, called ayahs.

Three Translations of The Koran (Al-Qur'an) side by side Anonymous,2022-06-13 Three Translations of The Koran (Al-Qur'an) side by side is an anonymous compilation of Koran translations. The Koran is one of

the most important texts ever published, but, like many ancient writings, its translations can be up to interpretation. This book shows the similarities and differences between the three most popular English translations of this religious text in a fascinating show of what can change based simply on who performs a translation.
