**The Best Slow and Easy Recipes** Cook's Illustrated,2008-10-01 Recipes don't have to be fast to be simple—this easy cookbook gives you 250+ recipes that prove building flavor slowly leads to fantastic results with minimal hassle The appeal of cooking food slowly is undeniable; a moderate oven temperature and extended cooking time can build rich, concentrated flavor and yield tender, juicy meat. But when most of us think of dishes that are slow cooking by nature—such as roasts, braises, and stews—we think of an all-day affair requiring constant attention, like something to prepare for a special occasion. But in fact, in many cases just the opposite is true. These dishes are, for the most part, easy. Although they take time, the process is largely unattended, leaving you free to simply walk away. You'll find all the classic slow-cooked dishes here—dishes where time, slow simmering, and gentle heat work their magic. We promise it's worth the wait.

**Fuss-Free Vegan** Sam Turnbull,2017-10-17 Being vegan doesn't have to mean living off kale and quinoa, or spending your money on fancy and expensive ingredients. And it definitely doesn't have to mean feeling limited for choices of what to eat! What if "vegan food" could mean cheesy nachos and pizza, hearty burritos, gooey spinach and artichoke dip, decadent chocolate cake or even crème brûlée? Well, it can. In *Fuss-Free Vegan*, Sam Turnbull shows you that "vegan" does not equal unappetizing dishes, complicated steps, ingredients you have never heard of, or even food that tastes healthy. Instead, she gives you drool-worthy yet utterly fuss-free recipes that will bring everyone together at the table, vegans and non-vegans alike, in a chorus of rave reviews. This is the cookbook Sam wishes she had when she went vegan: one that recreates and veganizes the dishes she loved most in her pre-vegan days, like fluffy pancakes and crispy bacon, cheesy jalapeño poppers and pizza pockets, creamy Caesar salad and macaroni and cheese, rich chocolate brownies and holiday-worthy pumpkin pie, to name just a few. (And there's no hummus recipe in sight.) Say goodbye to searching endlessly around for that one special ingredient that you can't even pronounce, or cooking dishes that don't deliver on their promise of yumminess; instead, say hello to ingredients you can pick up at your local grocery store, step-by-step techniques, and Sam's enthusiastic voice cheering you on throughout this fun, approachable cookbook. With 101 tried-and-tested, one-of-a-kind vegan recipes for every meal, from breakfasts to lunches to dinners, and even snacks, desserts, appetizers and vegan staples, as well as handy menu plans and tips to amp up the recipes and your vegan life, Sam Turnbull and *Fuss-Free Vegan* are

**Delicious Easy Recipes that Anyone Can Cook** Paul Butkevich, 2010-12-30 How does an engineer by education and heart turn into a sales and marketing person, who eventually writes a cook book as he heads into retirement? I was an engineer that eventually steered my career into sales and marketing. This had me traveling all over the country and eating and entertaining in some of the finest restaurants this Country has to offer. I actually got paid for eating great meals in some of the best restaurants in the United States. I never thought or even dreamed of cooking until I became unemployed many years later. This is when I started watching Rachael, Giada and the other food network shows. I was able to find my new passion for cooking. I started to embellish upon those same recipes and enhanced them even more. I got more ideas while eating in some of the local restaurants in Massachusetts. I tried to cook some of those dishes. I also got some recipes and ideas from talking to friends who also enjoy good food and cooking. I started to bring some of my meals to work for my friends to try. They have been the ones that encouraged me to write this cook book. Every one of the meals that I brought in was given outstanding reviews. I only hope that you will like these easy tasty recipes and enjoy them as much as we have. Remember, most of these can be cooked in less than a half hour, and in most cases all of these recipes include the prep time for that half hour.
