Now, the biggest improvements are ones you can build for yourself. Mining eBay Web Services teaches you to create custom applications that automate buying and selling tasks and make searches more precise. Do you have dozens of items to sell? You can prepare complete descriptions and terms and submit them all with one click. Are you searching for an item with special purchasing or shipping conditions? You can't do this manually, but your custom application can. Would you benefit from charting your buying and selling trends? This book shows you how to mine and organize information that simply isn't available otherwise. All by itself, the improvement in speed will dwarf anything you've experienced—especially if you connect to eBay via dial-up. But speed is just one piece of an entirely new way of navigating the eBay marketplace. Here's a little of what you'll find covered inside: Creating new listings in bulk and automatically submitting them Getting all the facts you need about an item in one step Performing searches based on shipping or payment terms Completing tasks more quickly by working with locally stored eBay data Working with eBay's new authentication and authorization technology Ensuring the accuracy of your listings Quickly accessing buyer and seller information Using the new Java and SOAP interfaces Using calls to perform tasks not supported by the manual interface Charting trends in your buying and selling habits Tracking eBay listings with mobile devices Developing secure applications Automatically submitting feedback in batches You'll learn to do all of this and more using the language of your choice: JavaScript, VBA, Visual Basic 6, Visual C++ 6, Visual Basic .NET, C#, PHP, or Java. You also get all the details on participating in various eBay developer programs, where everything you need as an individual is completely free.

*eBay Bookkeeping Made Easy* Nick Vulich,2014-07-30 I've been selling online for fifteen years now. During that time I've learned a lot about bookkeeping, business permits, and taxes. During that same time I have saved thousands of dollars in taxes by saving my receipts and keeping good records. And, so here's the deal... > Did you know eBay has an app that can automatically import all of your sales, fees, and other information and crunch the numbers to show whether you're making a profit or loss? > Did you know that same app will also import all of your information from Etsy and Amazon, if you sell on those platforms? > What would you say if I told you that you could save \$500 or more on your taxes every year just by writing down the mileage when you head to the post office, store, or bank? > And, you'd probably think I'd lost my marbles if I told you that you could deduct parts of your next vacation from your taxes. The advice in this little book can easily save you thousands of dollars every year.

Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is! I have made a full-time living selling on eBay since 1998. I started selling on eBay in my college dorm room. Within 2 years, I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay, I have been through, and survived many economic booms and busts. I am now moving further into the countryside and semi-retiring from eBay selling. In this book, I will reveal all my closely guarded secrets to selling on eBay including: my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. **\*\*This book is NOT for eBay novices\*\*** This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US-based sellers.This book is NOT a get-rich quick scheme.Selling on eBay is easy. But it can also be hard. If everyone could get rich selling on eBay, everyone would be doing it!I will not build castles in the air for you.I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers.I will not give you a list of toys and tell you to go on Craigslist to find them.I will not claim that I work two hours a day selling on eBay and make thousands a month. (Come ON! Get real...)Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees, regardless of past performances. Instead, I will give you the TOOLS to help you find products and to TOOLS to help you maximize your profits on eBay. Unlike other eBay authors, I do not recommend buying stock wholesale to resell on eBay. I will explain why in this book. I do not look for items to sell at garage sales or storage auctions. Finding a niche market is great, but I will show why you do not need to have a niche to make money on eBay. Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples, Kohl's, Target and MORE! **\*\* SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART \*\*** I provide many tools, secrets and tips in this book and hope that it will help you to thrive on eBay in good times and survive in bad times.
