**You've Been Volunteered** Laurie Gelman,2019-07-23 In the eagerly anticipated follow-up to Laurie Gelman's irreverent and hilarious (The New York Post) hit Class Mom, brash, lovable Jen Dixon is back with a new class and her work cut out for her If you've ever been a room parent or school volunteer, Jen Dixon is your hero. She says what every class mom is really thinking, whether in her notoriously frank emails or standup-worthy interactions with the micromanaging PTA President and the gamut of difficult parents. Luckily, she has the charm and wit to get away with it—most of the time. Jen is sassier than ever but dealing with a whole new set of challenges, in the world of parental politics and at home. She's been roped into room-parenting yet again, for her son Max's third grade class, but as her husband buries himself in work, her older daughters navigate adulthood, and Jen's own aging parents start to need some parenting themselves, Jen gets pulled in more directions than any one mom, or superhero, can handle. Refreshingly down-to-earth and brimming with warmth, Dixon's next chapter will keep you turning the pages to find out what's really going on under the veneer of polite parent interactions, and have you laughing along with her the whole way.

*Storybook Worlds Made Real* Kathy Merlock Jackson,Mark I. West,2022-04-21 Memorable children's narratives immerse readers in imaginary worlds that bring them into the story. Some of these places have been constructed in the real world--like Pinocchio's Tuscany or Anne of Green Gables' Prince Edward Island--where visitors relive their favorite childhood tales. Theme parks like Walt Disney World and Harry Potter World use technology to engineer enchanting environments that reconnect visitors with beloved fictional settings and characters in new ways. This collection of new essays explores the imagined places we loved as kids, with a focus on the meaning of setting and its power to shape the way we view the world.

**The Forest and the City** Cecil C. Konijnendijk,2018-03-12 Amsterdamse Bos, Bois de Boulognes, Epping Forest, Hong Kong's country parks, Stanley Park: throughout history cities across the world have developed close relationships with nearby woodland areas. In some cases, cities have even developed – and in some cases are promoting – a distinct 'forest identity'. This book introduces the rich heritage of these city forests as cultural landscapes, and shows that cities and forests can be mutually beneficial. Essential reading for students and researchers interested in urban sustainability and urban forestry, this book also has much wider appeal.

For with city forests playing an increasingly important role in local government sustainability programs, it provides an important reference for those involved in urban planning and decision making, public affairs and administration, and even public health. From providers of livelihoods to healthy recreational environments, and from places of inspiration and learning to a source of conflict, the book presents examples of city forests from around the world. These cases clearly illustrate how the social and cultural development of towns and forests has often gone hand in hand. They also reveal how better understanding of city forests as distinct cultural and social phenomena can help to strengthen synergies both between cities and forests, and between urban society and nature.

From Naked Ape to Superspecies David Suzuki, Holly Dressel, 2009-07-01 For millennia, we lived in harmony with the Earth, taking only what we required to survive. But in just the past few centuries, we have used our powers to satisfy our obsession with consumption and new technology, without regard for the consequences. And in doing so, we have exploited our surroundings on an unprecedented scale. In this revised and updated edition of *From Naked Ape to Superspecies*, David Suzuki and Holly Dressel lucidly describe how we have evolved beyond our needs, trampling other species, believing that we can make the Earth work the way we want it to. And they introduce us to the people who are fighting back, those who are resisting the inexorable advance of the global economy juggernaut, the people whose voices are difficult to hear over the din of corporate public relations machines. We learn about how human arrogance—demonstrated by our disregard for the small and microscopic species that constitute the Earth's engine and our reckless use of technological inventions like powerful herbicides or genetically engineered crops—is threatening the health of our children and the safety of our food supply.

**Europe [2 volumes]** Thomas M. Wilson, 2023-11-30 This two-volume encyclopedia profiles the contemporary culture and society of every country in Europe. Each country receives a chapter encompassing such topics as religion, lifestyle and leisure, standard of living, cuisine, gender roles, relationships, dress, music, visual arts, and architecture. This authoritative and comprehensive encyclopedia provides readers with richly detailed entries on the 45 nations that comprise modern Europe. Each country profile looks at elements of contemporary life related to family and work, including popular pastimes, customs, beliefs, and attitudes. Students can make cross-cultural comparisons—for instance, a student could compare social customs in Denmark with those in Norway, compare Greece's cuisine with that of Italy, and contrast the architecture of Paris with Amsterdam and Barcelona. Culture and society are changing in each region and nation of Europe due to many political and economic forces, both inside and outside of each nation's borders. This encyclopedia considers many of the transformations connected to globalization, as well as traditions that still hold strong, to provide a complete assessment of the processes that make European societies and cultures distinctive.

*Under the Ivy: The Life & Music of Kate Bush* Graeme Thomson, 2015-02-09 Under the Ivy examines Bush's unconventional upbringing in South London, the blossoming of her talent, and her evolution into one of the most visually and sonically creative artists of the past four decades. Graeme masterfully weaves over 70 new interviews with those close to both the public artist and the private woman into his narrative. He grants unprecedented insight into Kate's unique working methods, her pioneering use of the studio on landmark albums such as *Hounds of Love*, her rejection of live performance, her key relationships and her profound influence on successive generations of musicians. The result is a detailed and utterly absorbing biography of Kate Bush, written with wit, style and substance. Under The Ivy is the definitive and updated account of the life and music of one of the world's most gifted, private and often misunderstood artists.

*Violet Made of Thorns* Gina Chen, 2022-07-26 NEW YORK TIMES BESTSELLER • A darkly enchanting fantasy about a lying witch, a cursed prince, and a sinister prophecy that ignites their doomed destinies—perfect for fans of *The Cruel Prince*. “Everything you want from an enemies-to-lovers fantasy starring morally gray characters.”—BuzzFeed Violet is a prophet and a liar, influencing the royal court with her cleverly phrased—and not always true—divinations. Honesty is for suckers, like the oh-so-not charming Prince Cyrus, who plans to strip Violet of her official role once he's crowned at the end of the summer—unless Violet does something about it. But when the king asks her to falsely prophesy Cyrus's love story for an upcoming ball, Violet awakens a dreaded curse, one that will end in either damnation or salvation for the kingdom—all depending on the prince's choice of future bride. Violet faces her own choice: Seize an opportunity to gain control of her own destiny, no matter the cost, or give in to the ill-fated attraction that's growing between her and Cyrus. Violet's wits may protect her in the cutthroat court, but they can't change her fate. And as the boundary between hatred and love grows ever thinner with the prince, Violet must untangle a wicked web of deceit in order to save herself and the kingdom—or doom them all.
