Life in the Clouds Elisa Ruopoli,2014-05-15 A cloud believes his life to be filled with only loneliness. As he moves through the day, he realizes there are so many things around him to keep him company. Maybe life as a cloud isn't so bad.

Authentizität und Identität Elisa Tavares,2016-04-13 Elisa Tavares befasst sich in diesem Buch mit dem Batuku, einer mündlichen Tradition aus Kap Verde, die Dichtung, Musik und Tanz in sich vereint. Es kombiniert linguistische und ethnologische Herangehensweisen, um vor dem Hintergrund der Medialisierung der kapverdischen Gesellschaft zu untersuchen, in welchem Verhältnis Tradition und Wandel im Batuku stehen und um aufzuzeigen, wie sich dies auf seine Authentizität auswirkt. Es wird die Bedeutung des Batuku sowie die Funktionen, die diese Kommunikationsform im Laufe der Geschichte erfüllte, analysiert. Zudem wird diskutiert, inwiefern die Praxis des Batuku, die in den letzten zwei Jahrzehnten so gewaltige Veränderungen erfahren hat, in ihrer jetzigen Form noch identitätsstiftend ist.

Mathematical Problem Posing Florence Mihaela Singer,Nerida F. Ellerton,Jinfa Cai,2015-06-12 The mathematics education community continues to contribute research-based ideas for developing and improving problem posing as an inquiry-based instructional strategy for enhancing students' learning. A large number of studies have been conducted which have covered many research topics and methodological aspects of teaching and learning mathematics through problem posing. The Authors' groundwork has shown that many of these studies predict positive outcomes from implementing problem posing on: student knowledge, problem solving and posing skills, creativity and disposition toward mathematics. This book examines, in-depth, the contribution of a problem posing approach to teaching mathematics and discusses the impact of adopting this approach on the development of theoretical frameworks, teaching practices and research on mathematical problem posing over the last 50 years.

Africans in Exile Nathan Riley Carpenter,Benjamin N. Lawrence,2018-09-10 "This rich volume will interest scholars and students of Africa, the African diaspora, world history, legal history, and international affairs." –Lorelle Semley, author of To Be Free and French: Citizenship in France's Atlantic Empire The enforced removal of individuals has long been a political tool used by African states to create generations of asylum seekers, refugees, and fugitives. Historians often present such political exile as a potentially transformative experience for resilient individuals, but this reading singles the exile out as having an exceptional experience. This collection seeks to broaden that understanding within the global political landscape by considering the complexity of the experience of exile and the lasting effects it has had on African peoples. The works collected in this volume seek to recover the diversity of exile experiences across the continent. This corpus of testimonials and documents is presented as an "archive" that provides evidence of a larger, shared experience of persecution and violence. This consideration reads exiles from African colonies and nations as active participants within, rather than simply as victims of, the larger global diaspora. In this way, exile is understood as a way of asserting political dissidence and anti-imperial strategies. Broken into three distinct parts, the volume considers legal issues, geography as a strategy of anticolonial resistance, and memory and performative understandings of exile. The experiences of political exile are presented as fundamental to an understanding of colonial and postcolonial oppression and the history of state power in Africa.

The Post-colonial Literature of Lusophone Africa Moema Parente Augel,David Brookshaw,1996 The six contributions to this volume provide a survey of some of the best contemporary literature of Portuguese-speaking Africa: Angola, Mozambique, Guinea-Bissau, Cape Verde, and Sao Tome and Principe. Includes a bibliography of the literature from Lusophone Africa published between 1975 and 1994. Annotation copyright by Book News, Inc., Portland, OR

Sustainable Solutions: Let Knowledge Serve the City B.D. Wortham-Galvin,Jennifer H. Allen,Jacob Sherman,2017-09-08 Portland, Oregon. Sustainability might not seem glamourous, but Portland is making a name for itself as one of the most sustainable cities in the world. Whether you've heard about the farmers' markets, the cycle-friendly streets or the ongoing efforts to balance livability and equity, Portland is leading the way in urban sustainability: this book helps us understand how it achieves this.A critical component of Portland's success is collaboration between different communities and institutions; the Sustainable Solutions series examines higher education's role in these partnerships. In exploring how best to "let knowledge serve the city", Portland State University translates its founding motto from mere words to applied research and action.This first volume examines different approaches to collaborative work that PSU has taken, both within the university and with community partners: how have barriers been overcome between different areas of study, between academia and the public, and why is bridging these divides so important? It also introduces the themes of the engaged university, social justice, climate change and sustainable economic development, which shape PSU's work.Let Knowledge Serve the City is ideal for anyone seeking best practice in connecting students and universities with the needs of local communities. From public interest design and student leadership, to food justice and age-friendly development, authors combine academically rigorous theories of sustainability and community-university partnerships with lessons learned on how to realize ideals of sustainable development.

Cape Verde Ana Mafalda Leite,2002-11 A collection of scholars from Cape Verde, Brazil, Portugal, the United States, the United Kingdom and Spain writing about Cape Verde

Between Race and Ethnicity Marilyn Halter,1993-05 Cape Verdean Americans are the only major group of Americans to have made the voyage from Africa to the United States voluntarily. Their homeland, a drought-stricken archipelago off the west coast of Africa, had long been colonized by the Portuguese. Arriving in New England first as crew members of whaling vessels, these Afro-Portuguese immigrants later came as permanent settlers in their own packet ships. They were employed in the cranberry industry, on the docks, and as domestic workers. Marilyn Halter combines oral history with analyses of ships' records to create a detailed picture of the history and adaptation patterns of the Cape Verdean Americans, who identified themselves in terms of ethnicity but whose mixed African-European ancestry led their new society to view them as a racial group. Halter emphasizes racial and ethnic identity formation among Cape Verdeans, who adjusted to their new life by setting themselves apart from the African American community while attempting to shrug off white society's exclusionary tactics. Ethnographic analysis of rural life on the bogs of Cape Cod is contrasted with the New Bedford, Massachusetts, urban community to show how the immigrants established their own social and religious groups and maintained their Crioulo customs.

Decolonization and the Decolonized Albert Memmi,2006 Memmi examines the manifold causes of the failure of decolonization efforts throughout the world. As outspoken and controversial as ever, he initiates a much-needed discussion of the ex-colonized and refuses to idealize those who are too often painted as hapless victims.

The Syntax of Cape Verdean Creole Marlyse Baptista,2003-01-27 This book offers an in-depth treatment of a variety of morpho-syntactic issues in Cape Verdean Creole (CVC) both from a descriptive and theoretical perspective. The investigated topics include the determiner system, Tense, Mood, Aspect markers and pronominal paradigms. The study of TMA markers reveals morpho-syntactic configurations with interesting ramifications for syntactic theory and parametric variation. This book targets creolists, theoretical linguists, and the Cape Verdean community. Given the diversified targeted audience, the descriptive chapters are purposefully kept separate from their theoretical counterparts, presenting issues that are later revisited in the Minimalist framework. The data used in this study are primarily drawn from 83 transcribed interviews from a pool of 187 speakers. The interviews were collected during fieldwork conducted in 1997, 2000 and 2001 in the Cape Verdean Sotavento (leeward) islands representing the more basilectal varieties of the creole. As all natural languages, CVC displays syntactic similarities and differences with other creoles and noncreoles. Hence, in the spirit of comparative syntax, this volume compares CVC to other creoles like Guinea-Bissau Creole and to noncreoles like Portuguese, French, Icelandic and Italian dialects.

A History of Postcolonial Lusophone Africa Patrick Chabal,David Birmingham,2002-06-13 . . . useful, timely, and important . . . a good and informative book on the Lusophone countries, Portuguese colonialism, and

postcolonial influences. —Phyllis Martin, Indiana University This book, produced by the obvious—and distinguished—corps of country specialists . . . fills a real gap in both state-level and 'regional' (broadly defined) studies of contemporary Africa. —Norrie MacQueen, University of Dundee Although the five Portuguese-speaking countries in Africa that gained independence in 1974/75—Angola, Mozambique, Guinea-Bissau, Cape Verde, and São Tomé e Príncipe—differ from each other in many ways, they share a history of Portuguese rule going back to the 15th century, which has left a mark to this day. Patrick Chabal and his co-authors assess the nature of the Portuguese legacy, using a twofold approach. In Part I, three analytical, thematic chapters by Chabal examine what the five countries have in common and how they differ from the rest of Africa. In Part II, individual chapters by leading specialists, each devoted to a specific country, survey the histories of those countries since independence. The book places the postcolonial experience of the Lusophone countries within the context of their precolonial and colonial past and compares and contrasts their experience with that of non-Lusophone African states. The result is a comprehensive, readable, and up-to-date text and reference work on the evolution of postcolonial Portuguese-speaking Africa.

The Last Will and Testament of Senhor Da Silva Araújo Germano Almeida, 2004 In his will, Senhor da Silva Araujo has left a memoir that is a touching web of elaborate self-deceptions. He desired so ardently to prosper, to be taken seriously, and to join (perhaps, if they would have him) the exclusive Gremio country club. But most of all, he wanted to be a good man. And yet, shady deals, twists of fate, an illegitimate child: such is the lot of poor, self-critical Senhor da Silva Araujo. A bit like Calvino's Mr. Palomar in his attention to protocol and in his terror of life's passions; a bit like Svevo's Zeno (a little pompous, a little old-fashioned, and often hapless) Senhor da Silva Araujo moves along a deliciously blurry line between farce and tragedy: a self-important buffoon becomes a fully human, even tragic, figure in the arc of this novel.—BOOK JACKET.
