Which is trouble enough, but only gets worse when Devyn’s former stepbrother shows up to the party. His dark brown eyes and lazy smile still setting sparks off inside of Devyn that she’s desperate to ignore. Nashville songwriter Vaughn Taylor only came to the party to support his dad. And if he happens to see his pretty ex-stepsister there, that’s just fine. But the minute he lays eyes on her, he’s gripped by all his old desires--to undo all her uptight and get past that guarded exterior. They were never supposed to see each other again, but now that they have--all those sparks have become a bonfire. But will this little bit of Christmas crazy last... or will it end with the season?

📖 **ELK: KEYS TO 25 HUNTERS’ SUCESS** John Phillips,2018-07-20 Often just one tip or tactic makes the difference in whether you take an elk home to dinner or have to hike back to the truck by yourself. In John E. Phillips’ latest elk book, Elk: Keys to 25 Hunters’ Success, you’ll learn from successful elk hunters the strategies they use to find and take elk. Many know that the technique that seems to work most often is to hunt where other elk hunters don’t and understand where the elk are before you go on a hunt by studying data from each state, visiting HuntData (see chapter 1), examining maps and reading postings on elk forums. This book also tells you how to get ready physically for an elk hunt, including participating in Train to Hunt competitions, what gear you need to take, how to enjoy a successful do-it-yourself elk hunt or how to pick the best elk guide for you. You’ll also hear about the X System and the Broken Y System of hunting elk. Although no one person has all the answers on how to help you find and take your elk, I’m convinced that this book’s outdoors men and women will teach you how to have satisfying elk hunts. As my friend Karl Badger once told me, Elk hunting doesn’t get any better than when I ride horses into the high back country, see two grizzly bears, hear a pack of wolves howl close to camp all night long, eat plenty of delicious food prepared on a fire and enjoy the company of good friends.

📖 **HOW TO FIND YOUR ELK AND GET HIM IN CLOSE** John Phillips,2017-01-25 How to Find Your Elk and Get Him in Close will teach you the tactics of 10-nationally-known elk hunters to help put that giant bull that’s been screaming at you from afar in your lap. You’ll learn what some of the best guides, outfitters and successful elk hunters do to find elk and get them in really close. Also, in this book, you’ll notice that the majority of the experts call elk to within bow range. We selected numerous bowhunters and bowhunting guides, since the bowhunter has to get much closer to a bull than the gun hunter does - often less than 20 or 30 yards - practically in your lap. On one elk hunt, I’d heard this bull bugle all morning. My guide had called him within 30 yards, and he was standing just inside black timber. I saw the smoke from his nose wafting out into the icy air less than 30-yards away. All the bull had to do was step out, and I could take the shot with my bow. But then, through no fault of my guide or me, the bull vanished. The only conclusion I could come up with to understand why the bull I wanted to take with my bow hadn’t stepped out and given me a shot was because he got raptured. He evidently had left the earth with no trace of himself. This hunt was when I started wanting to learn more about hunting elk up close. In this book, I’ve tried to find some of the most-knowledgeable, experienced and practical elk hunters. I’ve always found that the best way to learn any outdoor skill is to either hunt or fish with the best sportsmen in that field. Often in elk hunting that means elk guides, who generally hunt every day of the season and receive a salary for every hunter they guide. So, I’ve put together a group of some of the best elk hunters I know to help us all learn how to find bull elk and get them in close.* Wayne Carlton is known far and wide from the TV shows he’s done, his work with the Rocky Mountain Elk Foundation and the numerous elk hunting videos he’s produced for Hunter’s Specialties.* Mike Miller is an elk guide and a member of the Mossy Oak Pro Staff, who explains that, if you can overcome the most common mistakes that bowhunters make when elk hunting, you drastically can increase your odds for taking a nice bull.* Ralph Ramos, a member of the PSE and Mossy Oak Pro Staffs and a lecturer on elk hunting, has learned that having the ability to call elk is important to your success, as is knowing how to manipulate elk to put them within 20 or 30 yards of the shooter.* Bill Custer and Jeff Propst are do-it-yourself and public land elk hunters. Finding and taking a nice bull on public lands is probably one of the most difficult ways to hunt, but these guys will give you some helpful tips.* Cindi Richardson breaks the mold of elk hunting being only a man’s sport. Cindi has taken a record book elk and helps her husband, Corky, guide elk hunters and free-range buffalo hunters every year.* Pete Shepley, the founder of PSE Archery, is totally infected with the elk hunting virus. He’s the consummate student of trying to learn how to find elk and get them in close.* Parrey Cremeans, who hunts and guides for elk in California, and Ronnie Cuz Strickland, the vice president of television and video production for Mossy Oak, both will tell you the thrill of stepping out of your vehicle in elk country, ready for an adventure of a lifetime.* Corky Richardson is one of the few men alive who’s guided hunters to big elk and taken monstrous bulls himself. Corky guides and hunts in Arizona and New Mexico, the states with some of the densest populations of monster elk. Too, everyone likes to talk about how big the bull’s antlers are, but those of us who have hunted elk know how delicious elk meat is, and we’ve included a couple of our favorite recipes. I also like to learn unique facts about the critters I hunt, and Chapter 11 of this book is titled, Unusual Facts About Elk. You’ll be surprised how much you learn about elk.

📖 **ELK AND ELK HUNTING** Hartt Wixom,1986 This book has long been a standard resource for both beginning and experienced elk hunters. The book covers all of the essentials, including preseason conditioning, scouting, bugling, the elk camp, the use of horses, and much more. Additional sections on the natural history of elk, game management, and elk lore continue to make this the most comprehensive elk hunting guide available.

📖 **BBQ USA** Steven Raichlen,2003-04-22 Steven Raichlen, a national barbecue treasure and author of The Barbecue! Bible, How to Grill, and other books in the Barbecue! Bible series, embarks on a quest to find the soul of American barbecue, from barbecue-belt classics-Lone Star brisket, Lexington pulled pork, K.C. pepper rub, Tennessee mop sauce-to the grilling genius of backyards, tailgate parties, competitions, and local restaurants. In 450 recipes covering every state as well as Canada and Puerto Rico, BBQ USA celebrates the best of regional live-fire cooking. Finger-lickin’ or highfalutin’; smoked, rubbed, mopped, or pulled; cooked in minutes or slaved over all through the night, American barbecue is where fire meets obsession. There’s grill-crazy California, where everything gets fired up - dates, Caesar salad, lamb shanks, mussels. Latin-influenced Florida, with its chimichurri game hens and Mojo-marinated pork on sugar cane. Maple syrup flavors the grilled fare of Vermont; Wisconsin throws its kielbasa over the coals; Georgia barbecues vidalias; and Hawaii makes its pineapples sing. Accompanying the recipes are hundreds of tips, techniques, sidebars, and pit stops. It’s a coast-to-coast extravaganza, from soup (grilled, chilled, and served in shooters) to nuts (yes, barbecued peanuts, from Kentucky).
