Sustainable Freight Transport Vasileios Zeimpekis,Emel Aktas,Michael Bourlakis,Ioannis Minis,2018-04-20 This book presents the latest technologies and operational methods available to support sustainable freight transport practices. It highlights market requirements, cutting edge applications, and case studies from innovators in the logistics services industry. The goal is to help bridge the gap between advanced computational techniques and complex applied problems such as those in sustainable transport and logistics operations. Freight transport has traditionally focused on costs and service levels. However, it is no longer possible or socially responsible to neglect the environmental, social, climate, and energy implications of the freight moving globally. This book places sustainability at the forefront of the freight transport agenda. Sustainable Freight Transport: Theory, Models and Case Studies is divided into three sections. Section I focuses on green freight transport policies for air and marine ports. Section II is devoted to using modelling techniques and optimization for achieving sustainable freight transport, while Section III examines policies to support sustainable freight transport practices in urban areas. The contributions come from authors from different areas, backgrounds, and countries to cover a global perspective.

Veien til nattens ende Gunnar F. Klinge,2019-01-18 IRIS GIKK INNOVER I HULEN, og for hvert skritt samlet mørket seg tettere rundt henne. Snart så hun bare konturene av hulegangen, som buktet og snodde seg innover i fjellet som en gigantisk orm. Noen steder var den så lav og smal at hun måtte bevege seg sidelengs og gå krumbøyd for ikke å stange hodet i taket. Andre steder viet den seg ut og forgrenet seg til en underjordisk labyrint, som hun fryktet at hun aldri ville kunne komme seg ut av. Likevel var det utenkelig å snu, for dypt inne i fjellet satt det noen og ventet på henne. En hun var glad i, som trengte hjelp til å finne veien ut av mørket. Veien til nattens ende er en fantastisk fortelling om sorg, savn og heltemot. I en verden der porten mellom drøm og våken virkelighet står åpen, må Iris risikere alt for å redde den hun er glad i, uten å se seg tilbake. Gunnar F. Klinge (f. 1976) er fra Oslo og bor i Lillehammer. Han er utdannet idéhistoriker fra Universitetet i Oslo og jobber i dag som senior-rådgiver ved Høgskolen i Innlandet. Han debuterte i 2017 med krimromanen Alma mater og ble for denne tildelt Maurits Hansen prisen - Nytt blod - for beste norske krimdebut.

Change in the mind of the strategist Pontus Wadström,2023-03-22 Make sure that your organisation's strategy is characterized by change, and that strategy guides change. Succeed in changing employee behaviour and realising the benefits changes are aimed at. The insights in this book are based on extensive practical experience and scientific research and offer unique knowledge to advance your change and strategy work. In a changing world, all organizations must develop to stay relevant. But changing a business requires a little more than managing it. Many organizations struggle to change sufficiently and quickly enough. And one of the most difficult challenges organizations faces is managing strategic and large-scale change. So, how do we lead strategic change? The short answer is that strategic change is a systematic way of working. No organization can do everything for everyone; no organization can change everything it ought to change. Organisations' limited resources must be used effectively. Strategy and adaptation to a world and to markets in constant motion are therefore two sides of the same coin. This book demonstrates a practical, thought-through, and scientifically validated way of working where changes that are carried out are guided by the organization's strategy, and the management of change ensures desired strategic outcomes.

Nøkkeltvitnet Jørn Lier Horst,2022-04-26 *Nøkkeltvitnet* er Jørn Lier Horsts debutbok. Dette er en realistisk fortelling bygd på en sak fra virkeligheten. Preben Pramm har ligget død en uke. Han er naken, bundet og har vært utsatt for redselsfull tortur. Huset er endevendt, men det ser ikke ut til at drapsmennene har funnet det de lette etter. Pramm hadde ingen slektninger eller venner, og levde tilsynelatende isolert fra omverden. Hva var det Pramm visste? Hvorfor ble han drept på så brutalt vis?

Bare en Jævla Selger Ivar Årnes,2023-11-23 I Bare en jævla selger får du lære hemmeligheten bak et salg, hvordan du leder prosesser og vinner kundene

og anbudene. Du vil lese om hvordan næringslivets krigere beholder motivasjonen og håndterer uforutsigbare hendelser. Hvordan de møter irrasjonelle mennesker, og takler medgang og motgang. Når du etablerer familie skal også det mestres. Så kommer granatene susende, på begge arenaene. Alt knyttes inn i hverandre. Balansen du søker utfordres kontinuerlig. Og det tar ikke slutt. Ikke før det sier stopp av seg selv. Da jeg oppdaget hvor effektiv salgskompetanse er, ble det et kraftfullt våpen for å vinne kunder og kontrakter. Det ble også en nyttig verktøykasse da jeg skulle komme meg opp igjen etter livets nedturer. Denne boken er skrevet for deg som vil kjempe for noe, uansett yrke. Her får du konkrete tips, råd og metoder som får deg til å prestere enda bedre og oppnå det du selv vil.

Dragen Tom Kristensen, 2023-02-15 Etter fire år i Ullersmo fengsel er Joachim Jacklin endelig fri. Men de venter på ham der ute. De vil følge med på alt han foretar seg. Men Joachim vet nøyaktig hva han skal gjøre i dagene som kommer. Samtidig rømmer Dalila Taha fra Khartoum til Oslo. Hun har i lang tid arbeidet for Arve Magne Fehren - lederen av World Aid for the People of Sudan - og sitter på sensitiv informasjon om bistandskorupsjon og opplysninger om at en sudansk krigsforbryter bor i Oslo under falsk identitet. Alarmen går i kontorene til utviklingsminister Christer Hortedahl. Hans tanker kretser rundt én eneste ting: At Operasjon Drage aldri noensinne må bli avslørt. Men en gutt på femten år og en metallkoffert skal komme til å endre alt.

Massacre in Norway Stian Bromark, 2014-04-15 On July 22, 2011, a bomb went off outside government buildings in Oslo, Norway, killing eight people and injuring more than two hundred. Less than two hours later, a gunman claimed sixty-nine lives in a shooting spree at a summer camp on the island of Utøya, while terrified and desperate youths tried to hide or swim to the mainland to escape. Massacre in Norway is the first detailed, hour-by-hour account of the two sequential terrorist attacks by lone-wolf terrorist Anders Behring Breivik. To inform his literary reportage, Stian Bromark compiled interviews

with survivors, police officers, government employees, boatmen rescuers, and others who experienced the attacks—the deadliest in Norway since World War II. Massacre in Norway provides crucial, in-depth context for the story including a riveting background portrait of Breivik, the right-wing extremist the police arrested, charged, and convicted of the crime, as well as a history of the Labor Party youth camp on Utøya and its significance in the country's political landscape. An epilogue covers the trial in 2012 and interviews with the survivors. Massacre in Norway delivers an insightful portrayal of the darkest day in modern Norwegian history.
