**Gem: Lancastria?** Naida Reynolds,2015-04-29 The sinking of the British troop ship, HMT Lancastria, by a German bomber, on 17 June 1940, was the single greatest loss of life in Britain's maritime history. Seventy-three years later, the tragedy of the HMT Lancastria comes back to haunt Gem and Wyatt Grantham when two skeletons are discovered at Grantham Hall in the sleepy English village of Ticking Bottom. While Gem, Wyatt, and their mates try to unravel a mysterious connection between the skeletons and the Lancastria, Wyatt's former lover, the glamorous movie star, Emerald, appears with her own agenda - to throw a spanner into the Grantham's marriage - prompting Gem to question their relationship - and her trust in her husband. Black Brother, Black Brother Jewell Parker Rhodes,2020-03-03 From award-winning and bestselling author, Jewell Parker Rhodes comes a powerful coming-of-age story about two brothers, one who presents as white, the other as black, and the complex ways in which they are forced to navigate the world, all while training for a fencing competition. Framed. Bullied. Disliked. But I know I can still be the best. Sometimes, 12-year-old Donte wishes he were invisible. As one of the few black boys at Middlefield Prep, most of the students don't look like him. They don't like him either. Dubbing him Black Brother, Donte's teachers and classmates make it clear they wish he were more like his lighter-skinned brother, Trey. When he's bullied and framed by the captain of the fencing team, King Alan, he's suspended from school and arrested. Terrified, searching for a place where he belongs, Donte joins a local youth center and meets former Olympic fencer Arden Jones. With Arden's help, he begins training as a competitive fencer, setting his sights on taking down the fencing team captain, no matter what. As Donte hones his fencing skills and grows closer to achieving his goal, he learns the fight for justice is far from over. Now Donte must confront his bullies, racism, and the corrupt systems of power that led to his arrest. Powerful and emotionally gripping, *Black Brother, Black Brother* is a careful examination of the school-to-prison pipeline and follows one boy's fight against racism and his empowering path to finding his voice.

*Robins and Chats* Peter Clement,2016-01-28 This authoritative handbook, part of the Helm Identification Guides series, looks in

detail at the world's 170 species of robins and chats. This large family of small passerines was formerly considered to be part of the thrush family (Turdidae), but is now usually treated as a separate family, Muscicapidae, together with the Old World flycatchers. The vast majority of species are Eurasian or African, with only a handful of species straying into the New World or Australasia. The Australian Robins, although superficially similar, have long been regarded as a separate family. Robins and chats are a diverse family comprising both highly colourful and visible species, such as the robin-chats of Africa, as well as some of the most skulking and elusive birds, such as the shortwings of Asia. Many chats, such as the well-known Nightingale, are renowned songsters, and a good number are highly sought-after by world listers for their extreme rarity or simply because they are hard to see. This book discusses the identification and habits of these birds on a species-by-species basis, bringing together the very latest research with accurate range maps, more than 600 stunning colour photographs that illustrate age and racial plumage differences, and 64 superb colour plates by the internationally renowned artist, Chris Rose. This authoritative and sumptuous book will be an essential purchase for all chat enthusiasts, and will become the standard reference on the subject for many years to come.

**Circle Under Berry** Carter Higgins, 2021-09-14 Part Sandra Boynton, part Each Peach Pear Plum; part Chicka Chicka Boom Boom, part Hippopposites—a treat for the brain and the tongue. With an elegant and simple approach, this thought-provoking concept book shows young readers that everything in the world can be seen from infinite perspectives. Each page compares colors, shapes, and objects in relation to each other. A triangle that is over a square is also under a circle. A circle that is pink also might be a flower. The artful, playful combinations of simple concepts and Higgins's rhythmic writing and expert arrangement of objects on the page make this book a perfect read-aloud, capable of entertaining, educating, and challenging readers in equal measure. There are multiple ways to read the book, allowing it to work for several ages and reading levels at once. The educational value and sheer fun packed into this book's language and visual design will make it a huge hit with educators and librarians, new parents, and creative kids who are visual learners. This striking, delightfully different exploration of shape, color, and patterns redefines what a picture book can be. Read it once, read it ten times. See something new every time. A GREAT INTRODUCTION TO MANY DIFFERENT CONCEPTS: This book's focus on color, shapes, objects, and relative words like over, under, and next to make this the perfect introduction to basic concepts of all kinds. Rather than traditional concept books that focus on only one idea, this book combines its teaching approach, helping young readers learn more than one concept at once by showing how they relate to each other. A DYNAMIC LEARNING EXPERIENCE: The unusual combination of colors, shapes, and animals intelligently introduces young readers to patterns, classification, and problem-solving. The imaginative language of this book, rich with rhythmic phrasing and a tongue twister-like playfulness, creates a soothing read-aloud text that engages young children with questions and encourages audience participation. PERFECT FOR ANY KIND OF EDUCATION: With a variety of concepts, clear read-aloud qualities, and the many different ways this book engages different styles of learning, this book is ideal for librarians, educators, and anyone creating reading events in their communities. BELOVED AUTHOR: Carter Higgins is not only the author of many acclaimed books for children such as *Everything You Need to Build a Treehouse*, *This Is Not a Valentine*, and *Bikes for Sale*, she's also a seasoned school librarian who's spent many years working with children. Her love of kids—and her passion for

teaching—shines throughout this book. EASY ART PROJECT INSPIRATION: Having honed her art skills as an elementary librarian, Carter Higgins makes her own debut as an illustrator for this book with simple, appealing collages. Kids will love making their own art projects inspired by the illustrations in this book. BRIGHT, EYE-CATCHING ART: The simple shapes and lively colors are designed to appeal to young children. Read this if your children enjoy Hervé Tullet's Press Here or Bill Martin Jr.'s Brown Bear, Brown Bear What Do You See? Perfect for: • Parents • Grandparents • Educators • Gift-givers

*Light, Bright and Polite* Josh Ochs, 2015-01-03 Here's what you'll learn in this book: Ch 1 How social media can hurt your kid's future Ch 2 Common social media mistakes made Ch 3 What social media posts and strategies impress colleges Ch 4 What social media posts and strategies impress future employers Ch 5 Social networks that help you shine online Ch 6 How and when to privatize your image Ch 7 How to talk to your kids Ch 8 How to make a plan together Ch 9 Case studies from successful students making a difference Over the past several years, I have had the great opportunity to work with some of the world's best brands. My staff and I developed and implemented techniques to help these companies shine online. And they have! By employing a few social media strategies, these great companies are finding the customers they want and deserve. It quickly came to my attention that my techniques would be valuable to families who are preparing their kids for college. Many kids have no idea how their digital footprint might be viewed by others and how others' perceptions can hold them back. During a 2013 Kaplan telephone questionnaire, 31% of college admissions officers said that they did visit applicants Facebook and other social media pages to gain more information on the student. 30% said that they had encountered information on social media that had a negative influence on an applicant's chance of being accepted. This goes to show that anything we put online, no matter how long ago, can be brought up on the first page of Google results and we need to be vigilant on what we allow others to see.<sup>1</sup> In this book, you will receive the same strategies I've used to help many successful companies, but tailored to students and future leaders, to help them impress colleges and future employers. As I've traveled the country for the past year and spoken to over 20,000 students, the feedback has been clear: these methods work, helping kids convey their best selves online. These methods employed keep their online images and communications Light, Bright and Polite(r), which allows colleges and employers find the best people to represent their campus upon graduation. Your kid can be among them. It's a competitive market out there, so let's not be disqualified from something to which you're aspiring without ever having a real chance at interviewing for the opportunity! It is never too early to start planning ahead. Your kids may not be thinking about it, but certainly you understand from experience that what you do now can have lasting effects. At the very least, what you do now lays the foundation for the habits that you will have years from now. Even if your children are not on social media yet, their reputation online starts as soon as their friends are online and posting photos of them, tagging them. So, there's a lot to consider! Since parents have limited time, this book isn't designed to teach everything about social media. I'm not here to give you a list of 100 things not to do on social media. Instead, my goal is to have students and parents skim through this book and be able to pick up one or two helpful tips that can make all the difference. What accomplishments does your kid want to have in the next five years? Getting into college Full ride scholarship Varsity sports team Study abroad opportunity Leadership award Community service Getting into a prestigious private high school Getting the perfect internship that launches their career If any of these apply, then you need to pay attention to all of the messages that your child sends out on social media. There's a good chance that 50% of their tweets might not be helping them to reach their goals. They need to be vigilant. Josh

**The Emerald Tablets of Thoth-The-Atlantean** ,2002 The Spiritual, Occult and Historical significance of the Emerald Tablets is almost beyond belief of modern man. Written around 36,000 B.C. by Thoth, an Atlantean priest-king, this manuscript dates far back beyond reach of any Egyptian writings ever found. The author, Thoth, a Master-Teacher of the early Egyptians, put this treatise to writing in his native Atlantean language and Dr. Doreal, by use of his expertise as an Occultist and Master of time and space, was given the directive to retrieve these Tablets and translate them into English for the edification of modern man. The powerful and rhythmic verse of Thoth is wonderfully retained in Doreal's translation. Contained within the pages of Thoth's masterpiece of Spiritual and Occult Wisdom is the synthesis of the Ancient Wisdom Teachings, the guideline for initiates of all ages, revealing the Knowledge and Wisdom hitherto held secret, but now in this New Age, revealed to all Seekers on the Path of Light. Dr. M. Doreal, Ms.D., Psy.D., is the Spiritual; Teacher of a multitude of Seekers of Light, having founded a Metaphysical Church and College - The Brotherhood of the White Temple, Inc. He is the author of all of the Organization's writings and teachings, having been given permission for the Esoteric Wisdom to be remitted in a public forum by the Great White Lodge, the Elder Brothers of mankind who shape and form the Spiritual evolution of earth's inhabitants. The Brotherhood of the White Temple, Inc. is a correspondence school, accredited through the State of Colorado, and mails out to its world-wide membership weekly Lessons of Truth. Its four and one-half year College Course unveils the secrets of the Symbolism of all Mystery Schools, giving precisely and beautifully, the step by step progression all Seekers have searched for in their quest for Oneness with God, and for attainment of Cosmic Consciousness. Read, Believe or not, but read, and the vibration found therein will awaken a response in your soul.' - Doreal
