

Emoji Keyboard

Katherine Murray

Emoji Speak Jieun Kiaer,2023-05-18 Providing an in-depth discussion of emoji use in a global context, this volume presents the use of emoji as a hugely important facet of computer-mediated communication, leading author Jieun Kiaer to coin the term 'emoji speak'. Exploring why and how emojis are born, and the different ways in which people use them, this book highlights the diversity of emoji speak. Presenting the results of empirical investigations with participants of British, Belgian, Chinese, French, Japanese, Jordanian, Korean, Singaporean, and Spanish backgrounds, it raises important questions around the complexity of emoji use. Though emojis have become ubiquitous, their interpretation can be more challenging. What is humorous in one region, for example, might be considered inappropriate or insulting in another. Whilst emoji use can speed up our communication, we might also question whether they convey our emotions sufficiently. Moreover, far from belonging to the youth, people of all ages now use emoji speak, prompting Kiaer to consider the future of our communication in an increasingly digital world.

The Hanmoji Handbook Jason Li,An Xiao Mina,Lee,2023-10-17 Chinese characters, or hanzi, are one of the oldest visual writing systems. Emoji weren't invented until the late 1990s. Chinese and emoji may not seem similar, but what happens when you combine them? ... This is hanmoji, a colorful way of writing Chinese characters using emoji. The Hanmoji Handbook is a fun and memorable introduction to the Chinese language--but it also provides a window into how languages evolve, how they're shaped by technology, and what the parallel lives of Chinese and emoji can tell us about the future of language. - Back cover.

The Routledge Companion to Transmedia Studies Matthew Freeman, Renira Rampazzo Gambarato, 2018-10-09 Around the globe, people now engage with media content across multiple platforms, following stories, characters, worlds, brands and other information across a spectrum of media channels. This transmedia phenomenon has led to the burgeoning of transmedia studies in media, cultural studies and communication departments across the academy. The Routledge Companion to Transmedia Studies is the definitive volume for scholars and students interested in comprehending all the various aspects of transmediality. This collection, which gathers together original articles by a global roster of contributors from a variety of disciplines, sets out to contextualize, problematize and scrutinize the current status and future directions of transmediality, exploring the industries, arts, practices, cultures, and methodologies of studying convergent media across multiple platforms.
