**Gamo-English-Amharic Dictionary** Richard J. Hayward,Eshetu Chabo,2014 Gamo, an important member of the Ometo linguistic cluster, is spoken to the west of the Rift Valley in southern Ethiopia. Based on the native speaker utterances and intuitions of one of the authors this pioneer work presents a basic grammar together with a first dictionary. Lexical entries are glossed in both English and Amharic, but the grammatical description is in English only. The usage of most entries is illustrated in example sentences, which in addition to English and Amharic translations have detailed grammatical analyses.

Amharic-English - English-Amharic Dictionary A. Zekaria,1991-12-01

**Dictionary of the Amharic Language in Two Parts, Amharic and English, and English and Amharic**  
Charles William Isenberg,1841

*Amharic-English, English-Amharic dictionary* ,2004  
More than 17 million people in Ethiopia speak Amharic, the official language of the country. Also called Abyssinian or Ethiopian, Amharic developed more than two thousand years ago and is considered one of the Semitic languages (with Arabic and Hebrew). This bilingual dictionary includes romanization of the Amharic-English portion for those unfamiliar with the Ethiopic script. With over 27,000 dictionary entries, this reference will prove crucial for individuals in seminary schools, as well as travelers, aid workers and those of Ethiopian descent.

## **Dictionary of the Amharic Language in Two Parts**

Charles Isenberg, 2018-10-26 Dictionary of the Amharic Language in Two Parts

*English-Tigrinya-Amharic Dictionary* Woldu T Debessai, 2021-10-25 This trilingual book has 8,000 word entries with transliteration. It is a vocabulary powerhouse, with the 5,000 most commonly used English words (written and/or spoken), plus a combined total of 3,000 Tigrinya and Amharic word entries. In order to help with phonetic pronunciation, English words are written in Geez scripts (), while Tigrinya and Amharic word meanings are Romanized. Thus, it is a great reference book for ESL/ELL students to use for standardized testing. It is equipped with a concise yet informative introduction of the Tigrinya and Amharic languages. Both Tigrinya and Amharic are Semitic (Afro-Asiatic) languages derived from an ancient Ethiopian language, Geez; moreover, both languages share the same unique Geez alphabet, albeit with some pronunciation differences. Both languages are written from left to right. The quantity and uniqueness of the letters in the alphabet might be intimidating at the beginning, but there are some easy patterns that enable learning them faster. Once you have mastered the alphabet, it is rare to misspell words of Tigrinya or Amharic. Tigrinya and Amharic are official languages in Eritrea and Ethiopia respectively; Tigrinya is spoken in both countries. The total population who speak the two languages in the two countries, including those who speak them as a second language, is estimated to be about 55 million people.

**My First Amharic Dictionary** ,2019-09-24 Learn Amharic with new picture dictionary series from trusted publisher of foreign language study guides, Hippocrene Books Amharic is the official working language of Ethiopia, with approximately 30 million speakers. It is the second most widely spoken Semitic language in the world after Arabic. Unlike Arabic, however, Amharic is written left-to-right and uses a distinct script called Ge'ez script. With colorful, eye-catching illustrations to stimulate imagination and curiosity, My First Amharic Dictionary is specially designed for children ages 5 to 12. It contains more than 1,000 everyday words (from colors, animals, household items, foods and more)--each illustrated and translated into Amharic with accompanying phonetic pronunciation. The illustrations are arranged alphabetically by English so even young readers can easily search for words. Each one is labeled with clear, bold type and the commonsense pronunciation makes it easy to begin speaking Amharic right away! Recent studies suggest that children should begin learning a foreign language before age 10 for best results. This dictionary is a fun, engaging way for parents or grandparents to introduce Amharic to young children. Teachers will also find the dictionary useful for students who are learning Amharic from Kindergarten and up.
