**Ghana** Philip Briggs,Katherine Rushton,2007 Friendly, English-speaking and hassle-free: such qualities make Ghana the ideal destination for first-time visitors to Africa. Highlights range from painted mud houses in the Upper East Region to bleached white beaches and lush rainforests along the Atlantic coastline. Furthermore, independent-minded travellers can enjoy a country free from the

trappings of mass tourism and rich in little-visited national parks, forest reserves, cultural sites and scenic waterfalls. Ghana is on the cusp of a travel renaissance, and this fully updated fourth edition contains all the information you need to explore every corner of this emerging destination with confidence.

**Ghana** Philip Briggs, 2019-08-05 This 8th edition of Bradt's Ghana remains the only dedicated guidebook on the market and the most comprehensive source of travel information on the first country in sub-Saharan Africa to gain independence and the world's second-largest producer of chocolate. Covering everything from Ghana's 550km of Atlantic coastline to its remote and sparsely populated northern border with Burkina Faso, this new edition has been thoroughly updated and is an ideal companion no matter what your interests are. Written by Philip Briggs, arguably the world's most experienced guidebook writer, it covers everything from inexpensive opportunities to see wildlife to cultural and historical aspects such as the slave trading posts. Background, practical and health information are complemented by a dedicated, illustrated chapter on wildlife, 63 maps and 18 chapters split across five regional sections, from Accra and surrounds to the coast, through eastern and central Ghana, right up to the north. The popular Cape Coast and the Ashanti regions are both covered, as is the increasingly high-profile Chale Wote Street Art festival. Friendly, safe and inexpensive, Ghana is an ideal destination for first-time visitors to Africa. It is rich in little-visited national parks, forest reserves, cultural sites and scenic waterfalls and blessed with bleached white beaches and the lush rainforest of the Atlantic coastline. Bradt's Ghana is accompanied by a dedicated, updated website run by the author himself and caters for everyone from birdwatchers to

bar-hoppers. Whether you want to cruise the world's largest man-made reservoir, Lake Volta, on a pokey old steamer, hike with elephants in Mole National Park, or party all night in Accra's glittering Osu district, Bradt's Ghana is an indispensable companion.

**Culture and the Senses** Prof. Kathryn Geurts,2003-01-09 Adding her stimulating and finely framed ethnography to recent work in the anthropology of the senses, Kathryn Geurts investigates the cultural meaning system and resulting sensorium of Anlo-Ewe-speaking people in southeastern Ghana. Geurts discovered that the five-senses model has little relevance in Anlo culture, where balance is a sense, and balancing (in a physical and psychological sense as well as in literal and metaphorical ways) is an essential component of what it means to be human. Much of perception falls into an Anlo category of seselelame (literally feel-feel-at-flesh-inside), in which what might be considered sensory input, including the Western sixth-sense notion of intuition, comes from bodily feeling and the interior milieu. The kind of mind-body dichotomy that pervades Western European-Anglo American cultural traditions and philosophical thought is absent. Geurts relates how Anlo society privileges and elaborates what we would call kinesthesia, which most Americans would not even identify as a sense. After this nuanced exploration of an Anlo-Ewe theory of inner states and their way of delineating external experience, readers will never again take for granted the naturalness of sight, touch, taste, hearing, and smell.

*Female Voices from an Ewe Dance-drumming Community in Ghana* James Burns, 2017-07-05 Ewe dance-drumming has been extensively studied throughout the history of ethnomusicology, but up to now there has not been a single study that addresses Ewe female musicians. James Burns redresses this deficiency through a detailed ethnography of a group of female musicians from the Dzigbordi community dance-drumming club from the rural town of Dzodze, located in South-Eastern Ghana.

Dzigbordi was specifically chosen because of the author's long association with the group members, and because it is part of a genre known as *adekede*, or female songs of redress, where women musicians critique gender relations in society. Burns uses audio and video interviews, recordings of rehearsals and performances and detailed collaborative analyses of song texts, dance routines and performance practice to address important methodological shifts in ethnomusicology that outline a more humanistic perspective of music cultures. This perspective encompasses the inter-linkages between history, social processes and individual creative artists. The voices of Dzigbordi women provide us not only with a more complete picture of Ewe music-making, they further allow us to better understand the relationship between culture, social life and individual creativity. The book will therefore appeal to those interested in African Studies, Gender Studies and Oral Literature, as well as ethnomusicology. Includes a DVD documentary.

**Ghana** Philip Briggs, 2001 Bringing to life Ghana's unique attractions, this guide covers the animal rich savannah of Mole National Park, the architecture of the European castles, and the mud-and-stick mosques of the north, and helps travellers appreciate the culture and hospitality of the Ghanaian people for themselves.

**Historical Dictionary of Ghana** David Owusu-Ansah, 2014-02-27 Ghana, the former British colony of the Gold Coast, is historically known for being the first country to the south of the Sahara to attain political independence from colonial rule. It is known for its exports of cocoa and a variety of minerals, especially gold, and it is now an oil exporting country. But Ghana's importance to the African continent is not only seen in its natural resources or its potential to expand its agricultural output. Rather the nation's political history of nationalism, the history of military engagement in politics, record of economic depression and the ability to rise from the ashes of political and economic

decay is the most unique character of the country. This fourth edition of Historical Dictionary of Ghana covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 900 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Ghana.
