**EBook: Social Psychology 3e** David Myers, Jackie Abell, Fabio Sani, 2020-08-21 Social psychology has a profound influence on our everyday lives; from our shopping habits to our interactions at a party. It seeks to answer questions that we often think and talk about; questions such as: - What circumstances prompt people to help, or not to help? - What factors influence the ups and downs of our close relationships? - Why do some people behave differently when on their own compared to in a group? - What leads individuals sometimes to hurt, and other times to help one another? - Why are we attracted to certain types of people? - How do some persuade others to do what they want? This new edition of Social Psychology has been revised to introduce a more flexible structure for teaching and studying. It includes up-to-date, international research with an emphasis throughout on its critical evaluation. Applied examples across the chapters help to highlight the relevance, and hence the impact, that the theories and methods of this fascinating subject have upon the social world. Key Features Include: - Research Close-Up: Following a brand-new style, this feature matches the layout used in research papers, providing an accessible introduction to journal articles and the research methods used by social psychologists. - Focus On: Fully revised, these boxes look at opposing viewpoints, controversial research or alternative approaches to the topics. This offers a more critical outlook and prompts the questioning of the validity of published research - Recommended Readings: New to this edition, recommended further readings of both classic and contemporary literature have been added to each chapter, providing a springboard for further consideration of the topics. **150 Years of Canada** Ursula Lehmkuhl, Elisabeth Tutschek, 2020 On July 1, 2017, Canada celebrated the 150th anniversary of Confederation. The nation-wide festivities prompted ambiguous reactions and contradictory responses since they officially proclaimed to celebrate 'what it means to be Canadian.' Drawing on the analytical perspectives of Diversity Studies, this fifth volume of the 'Diversity / Diversité / Diversität' series explores the repercussions of 'Canada 150's' focus on identity. The contributions touch upon issues of Canada's French and English dualism; of its settler colonial past and present and the role of Indigenous Peoples in Canada's identity narrative; of Canada's religious, cultural, ethnic and racial diversity; and of the challenge of forging a 'Canadian' identity. The authors analyze these and other problems arising from the tensions between identity and diversity by empirically addressing topics such as multicultural memories, Canadian literary and political discourses, Métis history, Canada's Indigenous peoples, Canada's official federal discourse on language and culture, and Canada's evolving citizenship regimes. Contributors: Marie-Eve Beaulieu, Charles Blattberg, Paul Carls, Sarah Henzi, Jane Jenson, Wolfgang Klooss, Gillian Lane-Mercier, Pierre Lavoie, Ursula Lehmkuhl, Laurence McFalls, Nikolas Schall, Lisa Schaub, Elisabeth Tutschek

*The Post-Truth Business* Sean Pillot de Chenecey, 2018-10-03 FINALIST - Business Book Awards 2019 - Embracing Change Category Brands are built on trust, but in a post-truth world they're faced with a serious challenge: so much of modern life is defined by mistrust. A shattering of the vital trust connection between brands and consumers, together with the evaporation of authenticity as a core brand pillar, is causing enormous problems for businesses on a global scale. If a brand isn't seen as trustworthy, then when choice is available it will be rejected in favour of one that is. The Post-Truth Business provides a way forward for any organization wishing to rebuild brand authenticity in a distrustful world. It explains the interconnected problems facing businesses, with important topics including: - The impact of fake news, disinformation and the weaponizing of lies - The safeguarding of privacy, alongside privacy as a tradable asset - Why and how brands must create communication with meaning - The dangers of inauthentic cultural marketing activities - Examples of conscious capitalism and brand activism - Lessons in authenticity from artisans and innovators - National branding and reputation capital - Leveraging the power of 'brand trust' The Post-Truth Business shows how to strengthen consumer engagement by closing the 'brand credibility gap'. It's packed with examples of inspiring people, brands and international campaigns from the fashion, beauty, outdoor, motor, drinks, finance, media, technology, entertainment and health sectors. Each of them demonstrates a dynamic and positive way forward.

*Individualizing Gender and Sexuality* Nancy J. Chodorow, 2012-05-04 Nancy Chodorow, in her groundbreaking book *The Reproduction of Mothering*, quite simply changed the conversation in at least three areas of study: psychoanalysis, women's studies, and sociology. In her latest book, *Individualizing Gender and Sexuality*, she examines the complexity and uniqueness of each person's personal creation of sexuality and gender and the ways that these interrelate with other aspects of psychic and cultural life. She brings her well-known theoretical agility, wide-ranging interdisciplinarity, and clinical experience to every chapter, advocating for the clinician's openness, curiosity, and theoretical pluralism. The book begins with reflections on Freud's Three Essays on the Theory of Sexuality, followed by considerations of Melanie Klein and Stephen Mitchell, as well as on her own work and on the postmodern turn in psychoanalytic gender theory. Subsequent chapters address contemporary clinical-cultural issues such as women and work, women and motherhood, and men and violence. Concluding chapters elaborate on the multiple ingredients and the personal affective, conflictual, and defensive constellations and processes that create sexuality and gender in each individual. Ending with a chapter on homosexualities as compromise formations, Chodorow deepens her account of clinical individuality and sex-gender transference-countertransference while bringing her readers back to Freud and to the many strands that followed, as she consolidates a consistent line of interest in sexuality and gender, theory and practice, sustained over a lifetime.

*Reflections on Contemporary Psychoanalytic Thought* Joao Diniz, Maria Jose Goncalves, Rui Aragao Oliveira, 2022-04-14 Over the past decade, the Portuguese Psychoanalytical Society took the opportunity to restructure and redefine their organisation. As part of this process, they invited outstanding psychoanalysts from all over the world to present their thoughts, reflections, and clinical investigations. These conferences, workshops, and working groups helped shape the modern society, bringing in vibrant new ideas. The Lisbon Lectures showcases the best of these significant contributions with chapters from David Bell, Franco Borgogno, Luis J. Martin Cabre, R. D. Hinshelwood, Howard B. Levine, Andrea Marzi, Sergio Eduardo Nick, Leopold Nosek, Fernando Orduz, Eric Smadja, and Virginia Ungar. Each chapter begins with an introduction from one of the editors, Rui Aragao Oliveira, Maria Jose Goncalves, and Joao Diniz, which contextualises their impact at the time, the transformations they brought about, and their continuing relevance to the psychoanalytic community. Grouped into two stimulating sections - Psychoanalysis and contemporaneity and Theory of psychoanalytic technique - the book is an absolute must-read for all psychoanalysts and will be of interest to other mental health professionals, students, and anyone interested in engaging with contemporary psychoanalytic concepts.

*Achieving Sustainable E-Government in Pacific Island States* Rowena Cullen, Graham Hassall, 2017-02-17 This book analyzes the common set of obstacles to the development and integration of government Information

and Communication Technology (ICT) projects and effective e-government initiatives in developing countries. It draws on the expertise and experience of more developed states in the Pacific, notably Australia and New Zealand, both highly rated in global rankings for e-government and active in a variety of e-government development projects across the region. There has been a general failure to identify priorities and align projects with local needs in ICT/e-government projects. Small Island Developing States (or SIDS) present a unique problem in terms of e-government. Not only do they suffer from a common set of barriers to ICT development such as their remoteness, geographical dispersion, moist tropical climates, largely rural populations, and lack of ICT capacity and infrastructure, but are also dependent on external agencies for investment, and must negotiate with powerful donors who have conflicting agendas. E-government is widely regarded as 'transformational', increasing efficiency, productivity, accountability, economic growth, and citizen involvement. But while the governments of SIDS are committed to harnessing ICTs for effective government and economic development, they face major challenges in establishing successful e-government initiatives, due to the problems outlined above, coupled with a lack of HR capacities and appropriate strategies and policies. Drawing on the experience of the states mentioned above, as well as regional quasi-governmental bodies, nongovernmental organizations (NGOs), aid agencies, and the private sector, the book will be of interest to researchers and students in the fields of e-government, public administration, political science, communication, information science, and social media.

**Fashion Marketing in Emerging Economies Volume I** Frederica Brooksworth, Emmanuel Mogaji, Genevieve Bosah, 2022-12-06 Over the past few decades emerging markets have experienced an increased share of global manufacturing service within the fashion industry, coupled with an increasing market share, particularly for women’s mid-market apparel. In order for fashion firms to succeed in these markets it is crucial to gain an understanding of the state of the industry, macro-environmental factors, traditions and religious beliefs. A one-size-fits-all approach to global fashion marketing strategy now requires a step-change; fashion firms require dedicated strategies which fit the need of the fashion brands that are operating or seeking to operate within emerging markets. In this contributed volume, authors shed light on fashion marketing strategy for emerging economies and recognise these markets as major growth centres. Chapters explore core topics such as brand management, sustainability, digital marketing, analytics and data science. Covering a wide range of emerging markets, chapters provide case studies from China, India, Ethiopia, Romania, Turkey, Brazil and Nigeria, among others. This book responds to the growing demand for research, information, recommendations and insight from practitioners, entrepreneurs and academics who are eager to understand marketing strategies, tools and technologies that will work within this unique industry.

**Think Tanks in Australia** Trent Hagland, 2023-03-22 This book provides the most comprehensive study of the Australian think-tank industry to date. Drawing on empirical evidence, it first assesses the structure of the industry, the methods think tanks use to persuade policymakers, and public perceptions of their effectiveness. The book then proceeds to examine three unique policy cases to analyse think tank influence on policymaking. It argues that whilst think tanks play important roles in Australia’s policy process, their impacts vary depending on their approach and objectives. The book also demonstrates that policymakers with contrasting ideological orientations diverge in their assessments of the utility and influence of think tanks. It will appeal to students and scholars of public policy, and practitioners in public administration and governance.

**North Dakota Beer** Alicia Underlee Nelson, 2017-07-17 Before North Dakota obtained statehood and entered the Union as a dry state, the region's commercial beer industry thrived. A lengthy era of temperance forced locals to find clever ways to get a beer, such as crossing the Montana and Minnesota borders for a pint, smuggling beer over the rails and brewing at home. After Prohibition, the state's farmers became national leaders in malting barley production, serving the biggest brewers in the world. However, local breweries struggled until 1995, when the first wave of brewpubs arrived on the scene. A craft brewing renaissance this century led to an explosion of more than a dozen craft breweries and brewpubs in less than a decade. Alicia Underlee Nelson recounts North Dakota's journey from a dry state to a booming craft beer hub.

Is There Still Sex in the City? Candace Bushnell,2019-08-06 Six female friends endure the highs and lows of sex & dating after fifty in this novel by the New York Times–bestselling author of *Sex and the City*. Set between the Upper East Side of Manhattan and a country enclave known as The Village, *Is There Still Sex in the City?* follows a cohort of female friends—Sassy, Kitty, Queenie, Tilda Tia, Marilyn, and Candace—as they navigate the ever-modernizing phenomena of midlife dating and relationships. There’s “Cubbing,” in which a sensible older woman suddenly becomes the love interest of a much younger man, the “Mona Lisa” Treatment—a vaginal restorative surgery often recommended to middle aged women, and what it’s really like to go on Tinder dates as a fifty-something divorcee. From the high highs (My New Boyfriend or MNBs) to the low lows (Middle Age Madness, or MAM cycles), Bushnell illustrates with humor and acuity today’s relationship landscape and the types that roam it. Drawing from her own experience, in *Is There Still Sex in the City?* Bushnell spins a smart, lively satirical story of love and life from all angles—marriage and children, divorce and bereavement, as well as the very real pressures on women to maintain their youth and have it all. This is an indispensable companion to one of the most revolutionary dating books of the twentieth century from one of our most important social commentators. Praise for *Is There Still Sex in the City?* A Best Book of the Summer at *Us Weekly*, *Elle*, *Entertainment Weekly*, *Newsday*, and *PopSugar* “Bushnell’s voice is as knowing and sharp as ever.” —Jancee Dun, *Washington Post* “A collection of commentaries and recounted hijinks (and lojinks) . . . Sometimes funny, sometimes silly, sometimes quite sad—i.e., an accurate portrait of life in one’s 50s.” —*Kirkus Reviews* “The effervescent Bushnell still has the ability to make readers laugh with her casually dry one-liners.” —Bookpage “Candace keeps her wits and her wit about her . . . Bushnell is still plenty edgy, funny, and entertaining.” —Booklist

**Beer in East Asia** Paul Chambers,Nithi Nuangjamnong,2023-03-17 Chambers, Nuangjamnong, and their contributors look at how the development of the beer industry in East Asia presents a unique opportunity for understanding the region’s political economy. Asia is both the world’s largest beer-consuming and beer-producing region, and the fastest growing beer market. Per-capita consumption is lower than Europe, but catching up fast. Beer consumption is also widely understood to correlate closely with economic growth and urbanization, much more so than other alcoholic beverages like spirits. With ten country case studies from both Northeast and Southeast Asia, the contributors to this volume look at the history of beer production and consumption across East Asia through a lens of historical institutionalism and political economy. In doing so they not only examine the development of the beer industry in the region but also what it tells us about the countries themselves. They ask questions such as: To what extent have state versus societal actors influenced the path of beer production? How has beer production changed? Was there a critical juncture at which beer production abruptly changed course? A valuable resource for students and scholars of modern East Asian History, and particularly those with a focus on colonial history, industrial history, and state-society relations.
