Cut Reality Zack Hacker,2019-04-16 When death washes ashore on reality TV, who's to blame? When I heard the premise of Cut Reality, I almost died...and I wouldn't lie about that. - Jonny Fairplay, Survivor NSFW Join Jason Debord as he seeks clarity following the death of a reality TV co-star and ends up uncovering criminal conspiracy. When Jason returned home from competing on Beached he'd lost weight, couldn't sleep, and felt more alone than ever. But, he expected those changes. Jason had no way to predict that one of his fellow competitors would fling himself from a cliff. Unless he didn't. Jason can't believe it, but the network broadcasts the alleged suicide to the world, so he pushes forward in his own amateur investigation. Met with resistance from the cast and crew, he persists only through the support of his developing romance with Blake, a psychologist who observes alarming similarities between her patient and her partner. Events in Cut Reality have a variety of interpretations. While under the watchful eye of the public, Jason has to decide: is what he uncovers too coincidental to be true, or so hard to accept because it's his new reality. Buy Zack Hacker's anticipated debut novel to find out what Jason discovers... What critics are saying: On the surface, Cut Reality is a murder mystery; but actually it is much more...Highly recommended for those who like their intrigue steeped in philosophical insights and dilemmas. - Midwest Book Review [Zack Hacker] makes poignant critiques though subtle plot developments, holding back from judging society at large, but willing to poke holes in some of our accepted values...From the first tension-filled scene...Cut Reality will keep readers guessing, but also leave them with plenty to think about. - SPR The perfect genre book at the perfect time. - San Francisco Book Review Cut Reality is the type of thoughtful, provocative work that you don't see much of in the reality TV fanbase anymore. I had a lot of fun reading it. - Mario Lanza, author of When It Was Worth Playing For, The Funny 115, and host of Survivor Historians ★★★★★ I have always loved books that can surprise me - this book did that and more. - Readers' Favorite Reviews

Facebook Steven Levy,2020-02-25 One of the Best Technology Books of 2020—Financial Times "Levy's all-access Facebook reflects the reputational swan dive of its subject. . . . The result is evenhanded and devastating."—San Francisco Chronicle "[Levy's] evenhanded conclusions are still damning."—Reason "[He] doesn't shy from asking the tough questions."—The Washington Post "Reminds you the HBO show Silicon Valley did not have to reach far for its satire."—NPR.org The definitive history, packed with untold stories, of one of America's most controversial and powerful companies: Facebook As a college sophomore, Mark Zuckerberg created a simple website to serve as a campus social network. Today, Facebook is nearly unrecognizable from its first, modest iteration. In light of recent controversies surrounding election-influencing "fake news" accounts, the handling of its users' personal data, and growing discontent with the actions of its founder and CEO—who has enormous power over what the world sees and says—never has a company been more central to the national conversation. Millions of words have been written about Facebook, but no one has told the complete story, documenting its ascendancy and missteps. There is no denying the power and omnipresence of Facebook in American daily life, or the imperative of this book to document the unchecked power and shocking techniques of the company, from growing at all costs to outmaneuvering its biggest rivals to acquire WhatsApp and Instagram, to developing a platform so addictive even some of its own are now beginning to realize its dangers. Based on hundreds of interviews from inside and outside Facebook, Levy's sweeping narrative of incredible entrepreneurial success and failure digs deep into the whole story of the company

that has changed the world and reaped the consequences.
