**Fantasy Premier League** Toby Margetts,2019-08-02 Fantasy Premier League has become more than a game. It's a phenomenon. With well over 6,000,000 players signing up for the 2019/20 season and around 24 septillion possible lineups, there are untold subtleties that separate 99% of players from the elite 1% who consistently occupy the top of the overall rankings, not to mention taking home the prize pots and bragging rights at the end of each season. This book will show you how to join that 1%. FPL veterans and perennial top 1% finishers Toby and Gianni share everything they've learned from over 10 years of FPL graft - from pre-season scouting to the final sprint, unveiling the patterns and habits that only the best exhibit. It's an invaluable manual of data, managerial nous and the all-too-familiar learnings of despair and heartbreak, neatly packaged up to power your team to the top. Armed with this unprecedented knowledge and know-how, you'll have an enormous edge over anyone you come up against. This book is not a guide to how to play Fantasy Premier League - it's how to win.

**FPL Obsessed** Matt K Whelan,2021-05-24 Do you want to beat your mini-league rivals? Are you pushing for your best rank yet? Have you forgotten how to enjoy playing Fantasy Premier League? If so, this book is for you. #1 Amazon Best Seller (English Football Association & Fantasy Sports categories) Fantasy Premier League has over 8 million players worldwide and the number is growing each year. With practically endless combinations of players for your squad, the decisions you make each week will determine your success globally and in your mini-leagues. This book will show you everything you should be doing before the season begins, how to set up your squad to make the best possible start and all the tips and tricks to make sure your season stays on the right track. It explores the different playing styles of FPL managers and the psychology behind decision-making processes, including common traps to avoid. With an emphasis on enjoying the game, this book helps managers regulate negative emotions and make clear, logical decisions even when things are not going to plan. Matt Whelan is an FPL veteran, having played the game for nearly two decades. Over the course of his 17 years playing the game, he has uncovered the tactics and habits which transcend multiple playing styles and has discovered that self-discipline and patience are crucial to a good finish. Brilliant book! As an FPL manager myself, this book really resonates. I enjoyed how Matt takes us through his years as a FPL manager. His anecdotes are funny and relatable and I feel like I have known him better after reading the book... - KT, Creator of FF Titan - Fantasy Football Scout International Wow, I honestly couldn't put this book down! It is a breath of fresh air... - Dan, Co-creator of The FPL Way

**Fantasy Premier League - Taking A Hit** Paul Rogers,2021-12-10 Praise For Taking A Hit: The Key To Success Within the wonderful game of FPL, there are hundreds of micro decisions that must be made on a weekly basis. The difference between a top 100k finish and a top 1k finish can be one, singular transfer at the start of the season, that catalyses a series of changes resulting in FPL glory or FPL failure. As a result, if we can improve our decision-making by just 1%, it can have a remarkable impact on our season. One can imagine, therefore, that this comprehensive, insightful exploration of one of the most important elements of the game - transfers and hits - could have the ability to catapult you up the rankings and make you the king or queen of your mini-league. To write a book, in and of itself, is an incredible achievement. However, due to the amount of work it takes, authors can be tempted to cut corners. This book? Well this book does no such thing! From philosophical discussions of transfer strategies and management types, to real world research and surveys, to asking some of the best managers in the world for their insights, this book is without a doubt the most comprehensive discussion of transfers that you will ever read, and I truly think it will transform the way you play FPL. Ross Dowsett Author of The Mind Game YouTube (FPL Raptor) Taking hits is one of the most topical areas of FPL and after a sneak peak, I look forward to reading more of Paul's book. We spend hours deliberating on our weekly transfers and this book should make our decision-making process just that little bit easier. Gianni Buttice Official Fantasy Premier League Show Panelist Author of Premier Fantasy League: Unlocking The Secrets To A Top 1% Finish As someone who takes FPL (probably a little too) seriously and who likes to (over?) analyse their performance in search of scope for improvement, I tend to value objective information - especially when this is gathered from some of the very best players in the game. I'll admit that taking hits is an area of my game I have spent less time looking at than others. As I started to look at the way rank changes work in FPL, I quickly concluded that taking too many hits could potentially have a negative impact on rank so I became quite conservative in that respect, only taking a hit when absolutely necessary. However, I wonder if I could be missing an opportunity to make significant gains by using hits more proactively? Paul's book offers us the opportunity to learn and understand the strategies used by top FPL managers in relation to taking hits and, if you're anything like me, I'm sure that you will find the prospect of that intriguing and impossible to resist... Alex Pickard (FPL Dork @DorkFpl) 2020/21: 350th While some strategies of Fantasy Premier League are widely accepted in the FPL community, the concept of hits is divisive and can perhaps be a barrier for some fantasy veterans (myself included) to reach the upper echelons of the overall rankings in a single season. This book is a fascinating read for fantasy managers old and new, as Paul delves into the data of 2020/21 to find out when hits are beneficial and how getting it right can propel you up the leaderboard. There's plenty of great takeaways I'll be trying to implement into my own fantasy approach going forward to give myself an edge. Don't miss out! Holly Shand Official Fantasy Premier League Show Panelist Writer for The Athletic

**Introduction to Fantasy Premier League** Russell Kent,2015-04-03 Fantasy Premier League is a Web game based on English Premier League. Its popularity has been rapidly rising in past seasons, and it boasts more than 3 million players today. As you embark on your journey to battle for supremacy within your leagues, you may have questions on the gameplay. How much should I spend? Should I make a transfer this week? Well, fret not! Read on and you would be equipped with the knowledge to excel at Fantasy Premier League!

**Wasting Your Wildcard** David Wardale,2018-07-26 Every Saturday afternoon, 5.8 million people around the world settle down to see how their team will get on. But this isn't the team they support. It's THEIR team. They have spent hour after hour assessing injuries, swapping subs and tweaking formations. Because when the day is done and the scores are in, they want to be able to look in the mirror and say, 'THAT TRIPLE CAPTAIN CALL WAS AN ACT OF GENIUS!' Welcome to the obsessive world of Fantasy Football, where managers will do anything to succeed. David Wardale - writer for the UK's number one Fantasy Football site, Fantasy Football Scout - meets previous winners to discover how they beat millions to the crown. He reveals the leagues where failure involves outright humiliation and discovers just how low some managers will go to claim a psychological advantage. Along the way, he finds Saudi sheikhs, stats professors, most of Norway and a member of one of the biggest pop bands of all time, all of them united by their unflinching desire for Fantasy Football greatness.

**The FPL Nightmare** Andrew Lawes, 2020-08-03 All Lawes wants is to win The League of Gentlemen, yet the FPL Gods are evil and conspire against him. For six years, Andrew Lawes has been tortured by Fantasy Premier League. Beaten by his friends every season and crushed by their mockery, he is desperate to retire from the game that ruins so many of his weekends. By virtue of a challenge from King Ding, the division's reigning champion, he can only do so by finally winning the League of Gentlemen. For the 2019-20 season, Lawes kept journals of his attempts to achieve his mission, hoping it would drive him to reach greater heights and bring an end to his misery. Nobody could have predicted the story that would unfold, the characters that would emerge and the emotional drama that would arise. It is a tale even the FPL Gods themselves could not have conjured up.

**1312: Among the Ultras** James Montague, 2020-03-12 You can see them, but you don't know them. Ultras are football fans like no others. A hugely visible and controversial part of the global game, their credo and aesthetic replicated in almost every league everywhere on earth, a global movement of extreme fandom and politics is also one of the largest youth movements in the world. Yet they remain unknown: an anti-establishment force that is transforming both football and politics. In this book, James Montague goes underground to uncover the true face of this dissident force for the first time. 1312: Among the Ultras tells the story of how the movement began and how it grew to become the global phenomenon that now dominates the stadiums from the Balkans and Buenos Aires. With unprecedented insider access, the book investigates how ultras have grown into a fiercely political movement, embracing extremes on both the left and right; fighting against the commercialisation of football and society – and against the attempts to control them by the authorities, who both covet and fear their power.
