**Gaming and the Arts of Storytelling** Darshana Jayemanne, 2019-07-12 This book examines the notion of storytelling in videogames. This topic allows new perspectives on the enduring problem of narrative in digital games, while also opening up different avenues of inquiry. The collection looks at storytelling in games from many perspectives. Topics include the remediation of Conrad's Heart of Darkness in games such as Spec Ops: The Line; the storytelling similarities in Twin Peaks and Deadly Premonition, a new

concept of 'choice poetics'; the esthetics of Alien films and games, and a new theoretical overview of early game studies on narrative

**Heart of Darkness** Joseph Conrad,2023-11-21 Heart of Darkness is often considered the world's best short novel. The book serves as a bridge between the 19th century and modernism, an adventure tale revolving around the ambiguity of themes such as truth, morality, and evil. Joseph Conrad witnessed the European exploitation of the Congo with his own eyes. He once sailed up the Congo River himself to locate a countryman at a trading station deep within the country – even though this man wasn't named Kurtz. The goal and enigma of the journey have become synonymous with this name, one of the most unforgettable fictional characters of our time. JOSEPH CONRAD [1857–1924] was born in Ukraine to Polish parents, went to sea at the age of seventeen, and ended his career as a captain in the English merchant navy. His most famous work is the novella Heart of Darkness [1899], adapted into a film by Francis Ford Coppola in 1979 as Apocalypse Now.

*Far Cry* John Harvey,2011-06-30 Ruth and Simon Pierce's rare romantic break is shattered by devastating news: their daughter, Heather, on holiday in Cornwall with a friend's family, has disappeared. The loss is more than they - or their marriage - can bear. But time does heal and slowly Ruth builds a new life for herself. A new husband, Andrew - even a second daughter, Beatrice. The chances that history could repeat itself are next-to-impossible - that is until, years later, a desperate phone call launches DI Will Grayson and his partner, DS Helen Walker, into an investigation which will test their professional and emotional resources to the very limit. Yet as Grayson becomes increasingly obsessed with a recently released child-abuser and Helen is drawn deeper into a destructive love affair with a married colleague, there is a real danger that their most demanding investigation yet will slip fatefully through their hands...

*Far Cry* Ethan Dunn,2020-02-15 Far Cry is a death poem that becomes a creation song. An epic literary work, it is the longest sentence ever written. A poet falls to his knees by the sea, and in his final moment, reflects upon his life and all life. His single uttered cry represents not only his own being, but universal being. Representation becomes embodiment, as in death he inhabits the word he cries, and bequeaths it in sacred trust to the next voice. Creation is characterized as expression, and so language, or word, logos, is itself divine. Those who signify are its prophets or priests. Far Cry formally embodies its thematic: the entire work is one sentence, representing one immortal, expressive moment bounded by the period of death. Love and work, our human expression, bring us to divinity; through them we become likewise divine, and give ourselves, in mortal grace, to the living.
