A Book Af Facts about Farms and Farmers Farm journal and country gentleman,1911

Locally Laid Lucie B. Amundsen,2017-02-28 How a Midwestern family with no agriculture experience went from a few backyard chickens to a full-fledged farm—and discovered why local

chicks are better. When Lucie Amundsen had a rare night out with her husband, she never imagined what he'd tell her over dinner—that his dream was to quit his office job (with benefits!) and start a commercial-scale pasture-raised egg farm. His entire agricultural experience consisted of raising five backyard hens, none of whom had yet laid a single egg. To create this pastured poultry ranch, the couple scrambles to acquire nearly two thousand chickens—all named Lola. These hens, purchased commercially, arrive bereft of basic chicken-y instincts, such as the evening urge to roost. The newbie farmers also deal with their own shortcomings, making for a failed inspection and intense struggles to keep livestock alive (much less laying) during a brutal winter. But with a heavy dose of humor, they learn to negotiate the highly stressed no-man's-land known as Middle Agriculture. Amundsen sees firsthand how these midsized farms, situated between small-scale operations and mammoth factory farms, are vital to rebuilding America's local food system. With an unexpected passion for this dubious enterprise, Amundsen shares a messy, wry, and entirely educational story of the unforeseen payoffs (and frequent pitfalls) of one couple's ag adventure—and many, many hours spent wrangling chickens.

Fiasco Farm James V. Bibbo,2008-12 When a self-described middle-aged school superintendent decides to pursue his dream of farming in New England a bit of chaos and tons of memorable experiences soon follow as he settles into life on Fiasco Farm. This true-life story of James V. Bibbo III will entertain and educate readers as they learn of the complexities of farm life and what it truly takes to turn a dream into reality.

The Farm Mark J. Curran,2010-10-30 The Farm is not in the form of a novel nor is it necessarily chronological. Sections 1-29 however will follow the memories as recorded by the author. Part one is the essence of the narrative; Part two is an addendum written years later to reflect life of a schoolboy in Kansas in what I like to call the Age of Innocence, that is, the 1940s and 1950s.

Readers young and old will relish in this memoir that touches the lives of so many people. Heartwarming and heart-wrenching, this is a story of a life well lived, and well loved.

The Farm That Feeds Us Nancy Castaldo,2020-05-19 Where does our food come from? What role do farms play? What's it like to be a farmer? In this charmingly illustrated book, follow a farm throughout the year to discover how the farmer grows fresh and tasty food for us to eat in a sustainable and natural way. Explore the workings of a small-scale, organic family farm and experience the rhythm of farm life. In the spring, visit the chicken coop, till the fields, and tour the farm machinery. When summer comes, plant corn, meet the pollinators, and head to the county fair. In the fall, make pies and preserves, harvest pumpkins, and put the fields to sleep. Winter activities include trimming and pruning the orchard, seed shopping, and baking bread. To conclude your year on the farm, learn what you can do to support the farmers who pick our carrots and raise the cows for our milk. A glossary defines key sustainable farming terms. Through this colorful and intimate look at life on a small-scale farm, children will learn not only how the farm feeds us, but how the farmer must feed and care for the farm.

Chickens, Hawks and Grumpy Goats S. A. Molteni, 2015-01-10
S.A. Molteni is well loved for her essays on hobby farming and animal husbandry - from the pain of losing a cherished pet cow and calf during childbirth to the sweetness of spending Christmas Eve in a manger with her two Jersey cow babies. In this new collection of short stories, she poignantly and reflectively brings to the surface the highs and lows of living on a hobby farm and the deep connection that a farmer has to her animals. From predatory hawk attacks on her beloved chickens, to a goat with an attitude, to bottle-feeding a calf, along with a fictional tale based on Chicken Little, the narratives give a condensed version of the best times and the worst times during her past five years on a hobby farm.
