Diary of the Cat Named Carrot Erin Merryn,2021-03-30 Celebrate a year in the life of The Cat Named Carrot, as she goes from humble beginnings in a shelter to a loving home with a family of three adorable little girls and internet stardom. Bailey was certainly no ordinary cat—an orange tabby who gained fans around the world when his humanlike antics went viral. Sadly, when 14-year-old Bailey died, his family grieved their loss. They’d never find a cat quite like him—or would they? Then along came Carrot, an orange tabby kitten born as a stray, who appeared just as Erin Merryn and her young girls Abby, Hannah, and baby Claire were mending their broken hearts. Written in the voice of Carrot, follow her remarkable journey from shelter cat to top Instagram celebrity feline. Much like Bailey did, she loves spending time with her human family: making mischief with her girl gang; going joyriding in a pint-sized pink Barbie Jeep; doing arts-and-crafts projects; modeling a pink tutu and flowery headband; enjoying a spa day complete with fluffy robe and cucumber eye treatments; celebrating Christmas, Easter, and every holiday in between. It’s no wonder that Carrot’s videos have gone viral—garnering millions of views on Ellen, the Dodo, Good Morning America, Access Hollywood, People, and many more. Complete with four-color photos that will leave readers purring with delight, the journal of this sweet, adorable kitty with personality to spare shows us that the human-animal bond runs more than fur deep. It is love that will last a lifetime!

Mr. Humble and Dr. Butcher Brandy Schillace,2022-03-08 The “delightfully macabre” (The New York Times) true tale of a brilliant and eccentric surgeon...and his quest to transplant the human soul. In the early days of the Cold War, a spirit of desperate scientific rivalry birthed a different kind of space race: not the race to outer space that we all know, but a race to master the inner space of the human body. While surgeons on either side of the Iron Curtain competed to become the first to transplant organs like the kidney and heart, a young American neurosurgeon had an even more ambitious thought: Why not transplant the brain? Dr. Robert White was a friend to two popes and a founder of the Vatican’s Commission on Bioethics. He developed lifesaving neurosurgical techniques still used in hospitals today and was nominated for the Nobel Prize. But like Dr. Jekyll before him, Dr. White had another identity. In his lab, he was waging a battle against the limits of science and against mortality itself—working to perfect a surgery that would allow the soul to live on after the human body had died. This “fascinating” (The Wall Street Journal), “provocative” (The Washington Post) tale follows his decades-long quest into tangled matters of science, Cold War politics, and faith, revealing the complex (and often murky) ethics of experimentation and remarkable innovations that today save patients from certain death. It’s a “masterful” (Science) look at our greatest fears and our greatest hopes—and the long, strange journey from science fiction to science fact.

Art for Social Change and Cultural Awakening Wei Hsiu Tung,2013-09-05 Artistic residency has become widely adopted in Western countries while only recently having become popular and well-supported within Taiwan. This book explores the challenges that this form of art practice faced in contemporary Taiwan from the revocation of Martial Law in 1987 to the 2000s—arguably one of the most exciting periods in the sociocultural history of the island. Case studies show what is at stake politically, historically, and socially in artists’ endeavours to give shape to a sense of Taiwanese identity. Despite the prevalence of artists engaged in social issues in today’s world and the undeniable contributions of artistic residency to contemporary art practice, little literature or scholarly research has been conducted on the practical, conceptual, and ideological aspects of artist residency. Very often, it is perceived in very narrow terms, overlooking explicit or hidden issues of localism, nationalism and globalization. If artistic residence did indeed emerge from the radical movements of the 1960s and 70s in the Western world—and especially Britain—then this book argues that the contemporary sociocultural context of Taiwan calls for redefined, culturally-specific models of residency. The precarious geo-political situation of Taiwan has made issues of cultural identity—tackled by artists and successive governments alike—very sensitive. A new genre of artistic residence in Taiwan would mean that artists involved from whatever cultural background operate as engaging interpreters; their roles would not be confined to mirroring culture and society. These artists-in-residence would contribute to cultural awakening by offering ways of negotiating creatively with otherness, and this for the sake of a better social life and shared identity.

The Not-So-Friendly Friend Christina Furnival,2021-09-14 How can I help my child deal with a bully? What do I teach them about handling an on-again-off-again, not-so-friendly friend? My advice to just be kind isn't helping, and my child is still hurting. Christina Furnival, a licensed mental health therapist and mom, helps answer these questions in this charming and engaging rhyming story about a young child who successfully navigates the complexities of an unkind peer relationship. In *The Not-So-Friendly Friend*, children will learn an easy and practical lesson about how to firmly and assertively - yet kindly - stand up for themselves in the face of a bully. By teaching children about the importance and value of setting boundaries for healthy friendships, this book provides children the tools they need to foster their social confidence and emotional well-being.

Architects' Data Ernst Neufert,Peter Neufert,2012-03-26 Neufert's Architects' Data is an essential reference for the initial design and planning of a building project. It provides, in one concise volume, the core information needed to form the framework for the more detailed design and planning of any building project. Organised largely by building type, it covers the full range of preliminary considerations, and with over 6200 diagrams it provides a mass of data on spatial requirements. Most illustrations are dimensioned and each building type includes plans, sections, site layouts and design details. An extensive bibliography and a detailed set of metric/ imperial conversion tables are included. Since it was first published in Germany in 1936, Ernst Neufert's handbook has been progressively revised and updated through 39 editions and many translations. This fourth English language edition is translated from the 39th German edition, and represents a major new edition for an international, English speaking readership. Reviews of the Previous Edition: Neufert's Architects' Data was the first book I bought when I started my studies in architecture. It was invaluable for me then and it is still a useful aid in my designs. —Cesar Pelli With this thorough rewrite Neufert has produced yet again an invaluable reference book. —The Architects' Journal

Recommendations on Piling (EA Pfähle) Geotechnik,2013-12-09 This handbook provides a complete and detailed overview of piling systems and their application. The design and construction of piled foundations is based on Eurocode 7 and DIN 1054 edition 2010 as well as the European construction codes DIN EN 1536 (Bored piles), DIN EN 12699 (Displacement piles) and DIN EN 14199 (Micropiles). These recommendations also deal with - categorisation of piling systems, - actions on piles from structural loading, negative skin friction and side pressure, - pile resistances from static and dynamic pile test loading as well as extensive tables with the pile load-bearing capacity of nearly all piling systems based on values from practical experience, - pile groups, - performance of static and dynamic test loading and integrity tests, - load-bearing behaviour and verifications for piles under cyclical, dynamic and impact actions - quality assurance for construction. An appendix with numerous calculation examples completes the work. As part of the approval procedure for offshore wind energy structures, the Federal Office for Shipping and Hydrography (BSH) demands verifications according to the new Chapter 13 (Load-bearing behaviour and verifications for piles under cyclical, dynamical and impact actions) of the EA Pfähle (the recommendations of the Piling working group - 2nd edition), which deals with external pile resistance for the foundations of offshore wind energy structures and the types of verifications to be provided under cyclical actions. The publication of the EA-Pfähle recommendations by the Piling working group of the German Society for Geotechnics (DGGT), which works with the same members as the piling standards committee NA 00-05-07, is intended to provide assistance for engineers active in the design, calculation and construction of piled foundations. The recommendations can thus be considered as rules of the technology and as a supplement to the available codes and standards.

The Island of Sea Women Lisa See,2019-03-05 THE NEW YORK TIMES BESTSELLER “A mesmerizing new historical novel” (O, The Oprah Magazine) from Lisa See, the bestselling author of *The Tea Girl of Hummingbird Lane*, about female friendship and devastating family secrets on a small Korean island. Mi-ja and Young-sook, two girls living on the Korean island of Jeju, are best friends who come from very different backgrounds. When they are old enough, they begin working in the sea with their village’s all-female diving collective, led by Young-sook’s mother. As the girls take up their positions as baby divers, they know they are beginning a life of excitement and responsibility—but also danger. Despite their love for each other, Mi-ja and Young-sook find it impossible to ignore their differences. The Island of Sea Women takes place over many decades, beginning during a period of Japanese colonialism in the 1930s and 1940s, followed by World War II, the Korean War, through the era of cell phones and wet suits for the women divers. Throughout this time, the residents of Jeju find themselves caught between warring empires. Mi-ja is the daughter of a Japanese collaborator. Young-sook was born into a long line of haenyeo and will inherit her mother’s position leading the divers in their village. Little do the two friends know that forces outside their control will push their friendship to the breaking point. “This vivid...thoughtful and empathetic” novel (The New York Times Book Review) illuminates a world turned upside down, one where the women are in charge and the men take care of the children. “A wonderful ode to a truly singular group of women” (Publishers Weekly), *The Island of Sea Women* is a “beautiful story...about the endurance of friendship when it’s pushed to its limits, and you...will love it” (Cosmopolitan).

Fully Known Mo Aiken,2021-04-06 We were made for intimacy--spiritual intimacy with God that brings oneness and bears powerful fruit. We were made to know Him and be known by Him, fully. So why do we often feel burnt-out, distant, and disheartened in our journey of faith? How do we cultivate true intimacy with God? And what does His design of physical, sexual intimacy unveil of the full gospel story? Sharing Word-backed, Holy Spirit-breathed revelation with humility and openhanded honesty, New York Times bestselling author Mo Aiken walks alongside us through the beauty and power of life lived in active communion with God, rather than the self-seeking, counterfeit faith we've settled for. Unpacking eternity-defining concepts that have become confusing, offensive, or altogether ignored--like submission, repentance, sanctification, holiness, and discipline--Mo shows us how God has given us a physical model of spiritual intimacy through His design of marriage, sex, and family. Exposing many roots of selfishness and perversion we see so often in our relationships, both human and divine, she invites us to pure-hearted and transformational communion with our Creator. If you've felt far from God, caught in broken relationships, dead in religion, and longing to be fully known, join Mo on this journey of return to right-natured intimacy with our First Love.
