Fearless: The Story of Racing Legend Louise

Smith Barb Rosenstock,2010-10-14 When Louise Smith started racing cars, most girls weren't even allowed to drive. From her first wild adventure behind the wheel of her daddy's Ford to the dangers and thrills of stock-car tracks across the country, Louise fearlessly paved the way for women in racing and became a NASCAR legend! It takes a lot of courage to be the first, but when you fearlessly follow your dreams, anything is possible.

The Shape of Bones Daniel Galera,2017-08-15 A book of visceral and tender beauty whose echoes persist long after the final page. —David Mitchell, author of *The Bone Clocks* A coming of age tale of brutal beauty and disarming tenderness from one of Brazil's most exciting young novelists, an author writing in the footsteps of Roberto Bolaño, Jim Harrison, the Coen brothers and...Denis Johnson (*The New York Times*) A young man wakes up at dawn to drive to the Andes, to climb the Cerro Bonete--a mountain untouched by ice axes and climbers, one of the planet's final mountains to be conquered--as an act of heroic bravado, or foolishness. But instead, he finds himself dragged, by the undertow of memory, to

Esplanada, the neighborhood he grew up in, to the brotherhood of his old friends, and to the clearing in the woods where he witnessed an act that has run like a scar through the rest of his life. Back in Esplanada, the young man revisits his initiation into adulthood and recalls his boyhood friends who formed a strange and volatile pack. Together they play video games, get drunk around bonfires, pick fights, and goad each other into bike races where the winner is the boy who has the most spectacular crash. Caught between the threat of not being man enough, the desire to please his friends, and the intoxicating contact-high of danger, the boy finds himself following the rules of the pack even as the risks mount. And in a moment that reverberates and repeats itself in new ways in his adulthood, his fantasies of who he is and what it means to be a man come crashing down, and life asserts itself as an endless rehearsal for a heroic moment that may never arrive. From one of Brazil's most dazzling writers, *The Shape of Bones* is an exhilarating story of mythic power. Daniel Galera has written a pulse-racing novel with the otherworldly wisdom of a parable.

Muscle on Wheels M. Ann Hall, 2018-08-21 The majestic high-wheel bicycle, with its spider wheels and rubber tires, emerged in the mid-1870s as the standard bicycle. A common misconception is that, bound by Victorian dress and decorum, women were unable to ride it, only taking up cycling in the 1880s with the advent of the chain-driven safety bicycle. On the contrary, women had been riding and even racing some form of the bicycle since the first vélocipèdes appeared in Europe early in the nineteenth century. Challenging the understanding that bicycling was a purely masculine sport, *Muscle on Wheels* tells the story of women's high-wheel racing in North America in the 1880s and early 1890s, with a focus on a particular cyclist: Louise Armaindo (1857–1900). Among Canada's first women professional athletes and the first woman who was truly successful as a high-wheel racer, Armaindo began her career as a strongwoman and trapeze artist in Chicago in the 1870s before discovering high-wheel bicycle racing. Initially she competed against men, but as more women took up the sport, she raced them too. Although Armaindo is the star of *Muscle on Wheels*, the book is also about other women cyclists and the many men – racers, managers, trainers, agents, bookmakers, sport administrators, and editors of influential cycling magazines – who controlled the sport, especially in the United States. The story of working-class Victorian women who earned a living through their athletic talent, *Muscle on Wheels* showcases an exciting moment in women's and athletic history that is often forgotten or misconstrued.

Two Wheels Good Jody Rosen,2023-06-13 A panoramic revisionist portrait of the nineteenth-century invention that is transforming the twenty-first-century world "Excellent . . . calls to mind Bill Bryson, John McPhee, Rebecca Solnit."—The New York Times Book Review (Editors' Choice) ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker The bicycle is a vestige of the Victorian era,

seemingly at odds with our age of smartphones and ride-sharing apps and driverless cars. Yet we live on a bicycle planet. Across the world, more people travel by bicycle than any other form of transportation. Almost anyone can learn to ride a bike—and nearly everyone does. In *Two Wheels Good*, journalist and critic Jody Rosen reshapes our understanding of this ubiquitous machine, an ever-present force in humanity's life and dream life—and a flash point in culture wars—for more than two hundred years. Combining history, reportage, travelogue, and memoir, Rosen's book sweeps across centuries and around the globe, unfolding the bicycle's saga from its invention in 1817 to its present-day renaissance as a "green machine," an emblem of sustainability in a world afflicted by pandemic and climate change. Readers meet unforgettable characters: feminist rebels who steered bikes to the barricades in the 1890s, a prospector who pedaled across the frozen Yukon to join the Klondike gold rush, a Bhutanese king who races mountain bikes in the Himalayas, a cycle-rickshaw driver who navigates the seething streets of the world's fastest-growing megacity, astronauts who ride a floating bicycle in zero gravity aboard the International Space Station. *Two Wheels Good* examines the bicycle's past and peers into its future, challenging myths and clichés while uncovering cycling's connection to colonial conquest and the gentrification of cities. But the book is also a love letter: a reflection on the sensual and spiritual pleasures of bike riding and an ode to an engineering marvel—a wondrous vehicle whose passenger is also

its engine.

Women on Wheels April Streeter, 2021-04-13 A feminist history of bicycling for sport and adventure spans a century of women who changed the world from two wheels. This vivacious tale, peppered with fascinating details from primary sources, shows how women were sometimes the stars of bicycle races and exhibitions, and other times had to overcome sexism, exclusion, and economic inequalities in order to ride. From the almost burlesque show races and creative performances of the 19th century to the evolution of cycling as a modern sport and form of transportation, April Streeter brings her exuberant eye for character, fashion, and story to convey the evolving emotional resonance of bicycling for women and their communities. Interweaving pedal-powered history with profiles of bicyclists who made their mark, like Katharine Hepburn, Annie Londonderry, Kittie Knox, Dorothy Lawrence, Louise Armaindo, and more.

I CHOOSE THE ENDING-BOOK 1-A MEMOIR TASHA MARIE JOHNSON, 2024-03-18 (This is book ONE in the I Choose the Ending Memoir series.) (Book 1 Excerpt) As we sat sweltering in the car, fumbling with the antiquated window levers, tempers flared amongst us siblings. Despite my attempts to maintain order, chaos ensued as EJ, fueled by concern for Mom, defied my instructions and darted out of the car. In an instant, tragedy struck with the force of a thunderbolt. The cacophony of shouts was abruptly silenced by the deafening thud of impact, echoing through the air like a dreadful requiem. A Volkswagen Beetle, affectionately dubbed a Slug

Bug in our childhood games, had been careening towards us, its velocity unstoppable. □ Time seemed to grind to a halt as I witnessed EJ, propelled through the air like a ragdoll, somersaulting in a chaotic ballet of terror. Through the rear window of our car, I watched in horror as he arced through the sky, a red canvas shoe detached from his foot, landing with a muffled thump on the car's trunk. The scene unfolded in surreal slow motion, etching itself into the fabric of my memory with indelible clarity, a haunting reminder of the fragility of life. The aftermath was a whirlwind of panic and disbelief. I sprinted to EJ's side, his motionless form sending a chill down my spine. In that moment of chaos, my gaze fell upon Grandma Mena, who had been sitting in the front yard in a lawn chair, sipping lemonade. With remarkable swiftness, she sprang from her seat, the clatter of her discarded drink punctuating the air as it splashed onto the ground. In an instant, her serene demeanor melted away, replaced by a fierce determination that radiated from her every movement. With purposeful strides, she closed the distance to EJ, gathering him tenderly into her arms with a strength born of love and urgency. With each step towards the safety of the house, she carried not only EJ's fragile form but also a beacon of hope amidst the tumult, her steadfast presence a source of comfort in the face of uncertainty.
