### **The Coyote Road** Ellen Datlow, Terri

Windling, 2023-01-10 Stories of the archetypal Trickster from Michael Cadnum, Charles de Lint, Patricia A.

McKillip, Jeffrey Ford, Nina Kiriki Hoffman, and others.

World Fantasy Award Finalist The mythic Trickster is both good and bad, wise and witless, sacred and profane. He appears in many different guises in world mythology, taking the form of a god in Greek legend; a coyote, raven, or rabbit in Native American lore; a meddlesome faery in English folktales; a larger-than-life human being in Germany; or the charming, seductive, and deadly kitsune of the Japanese. In true Trickster fashion, this captivating collection of stories will elicit both laughs and gasps. A Louisiana swamp girl makes a wager with a bon à rien who fiddled the devil out of hell in Delia Sherman's "The Fiddler of Bayou Teche." World Fantasy Award winner Patricia A. McKillip introduces a pickpocket who tries to predict the future with stolen cards, but for whom fate has something else in store, in "The Fortune-Teller." And in "The Dreaming Wind" by Jeffrey Ford, a seasonal gale causes havoc among humans and nature—but nothing compares to what happens when it fails to reappear. "The anthology features tricksters of many cultures from all over the world. Along with Coyote, there are stories here of Loki, Legba, Hermes, Raven, the Monkey King of China, and the fox spirits of Japan. . . . Windling and Datlow have done their usual excellent job of selecting quality work."

—Strange Horizons "Sophisticated and well-written."

*LOVE OF LIFE AND OTHER STORIES JACK*

LONDON, 2023-06-03 Near the horizon the sun was smouldering dimly, almost obscured by formless mists and vapors, which gave an impression of mass and density without outline or tangibility. The man pulled out his watch, the while resting his weight on one leg. It was four o'clock, and as the season was near the last of July or first of August, — he did not know the precise date within a week or two, — he knew that the sun roughly marked the northwest. He looked to the south and knew that somewhere beyond those bleak hills lay the Great Bear Lake; also, he knew that in that direction the Arctic Circle cut its forbidding way across the Canadian Barrens. This stream in which he stood was a feeder to the Coppermine River, which in turn flowed north and emptied into Coronation Gulf and the Arctic Ocean. He had never been there, but he had seen it, once, on a Hudson Bay Company chart...FROM THE BOOK.

**The Son of the Wolf** Jack London, 1998 Although Jack London (1876-1916) wrote on a great variety of subjects, he gained his first and most lasting fame as the author of tales of the Klondike gold rush. At the age of twenty-one London himself had trekked to the Yukon in hope of easy riches. What he found instead was a wealth of extraordinary experience, which he turned to account in his first collection of stories, *The Son of the Wolf: Tales of the Far North* (1900). The book centres on the exploits of Malemute Kid, who dispenses crude but unerring justice through his canny understanding of the minds and hearts of the people of this raw frontier territory. They act out their dramas of life and death in mining camps and on the Long Trail, against the backdrop of the frozen Northland. The stories tell of gambles won and lost, of endurance and sacrifice, and often turn on the unsuspected qualities of exceptional women and the complex relations between the white adventurers and the native tribes. This new edition, which includes the whole of London's first book and many of the best Northland tales from his later collections, makes available fresh perspectives on the work of this enduringly rewarding writer.

The collection of stories, including iconic works like '*The Call of the Wild*' and '*White Fang*', showcases London's mastery of adventure fiction and his deep exploration of the primal instincts of both humans and animals. London's writing style is both straightforward and evocative, immersing readers in the harsh realities of survival in the wilderness while also delving into complex themes of power, freedom, and the struggle for existence. Within the literary context of the early 20th century, London's works stood out for their raw and unflinching portrayal of nature and the human spirit.
