Oopsy Daisy (A Flower Power Book #3) Lauren Myracle, 2012-01-16 The Flower Power books follow the funny fifth-grade adventures of four girls with little in common but their flower names who, nevertheless, blossom into the greatest of friends. Life for the Flower Power girls is never boring. With Milla still madly in crush with sweet Max, Katie-Rose is left wondering why everyone doesn't find fifth-grade boys as disgusting as she does. Especially pesky, annoying Preston, whose new favorite pastime is throwing erasers at Katie-Rose's head and who always seems to be around at Katie-Rose's most embarrassing moments. Yasaman isn't quite ready for a boyfriend either, but she does have a brilliant matchmaking plan for two of her favorite people, and she recruits the other girls to join. The targets: beloved teachers Mr. Emerson and Ms. Perez, who are meant for each other, even if they don't know it. The goal: to bring those lovebirds together at their school's "Lock-In," a teacher-chaperoned evening of fun, fabulosity, and possibly even romance. The trouble? Ms. Perez isn't planning on coming. And when the fourth flower friend, Violet, mysteriously pulls out, too, it seems as if the Lock-In will be no fun at all. But these flowers don't wilt so easily . . . Praise for

Oopsy Daisy: A Flower Power Book “Miracle proves, once again, that she has her finger firmly on the pulse of tween girlhood.” – Booklist “Miracle perfectly captures the nuances of fifth-grade life. Readers will certainly relate to the girls’ struggles to grow up but not leave childhood behind just yet. Milla, Violet, Yaz and Katie-Rose continue to charm; here’s hoping they have more hijinks in store.” – Kirkus Reviews

Charles Darwin's Shorter Publications, 1829-1883 John van Wyhe, 2009-03-19 Charles Darwin's words first appeared in print as a student at Christ's College, Cambridge in 1829, and in almost every subsequent year of his life he published essays, articles, letters to editors, or other brief works. These shorter publications contain a wealth of valuable material. They represent an important part of the Darwin visible to the Victorian public, alongside his ever present sense of humour, and reveal an even wider variety of his scientific interests and abilities, which continued to his final days. This book brings together all known shorter publications and printed items Darwin wrote during his lifetime, including his first and his last publications, and the first publication, with A. R. Wallace, of Darwin's theory of evolution by natural selection. With over seventy newly discovered items, the book is fully edited and annotated, and contains original illustrations and a comprehensive bibliography.

A Will of Her Own Leslie Gale Parr, 2010-06-01 The decades between the Progressive Era of the 1920s and the civil rights struggles of the 1960s were a period of profound change in the lives of southern women. The life of Sarah Towles Reed (1882-1978) illuminates and parallels many of these transformations. Over the course of her long public life as a teacher, labor union lobbyist, and activist for the rights of public school teachers, Reed emerged as a groundbreaking leader, unafraid

of taking on the educational and political hierarchies of the South. *A Will of Her Own* is the life story of a woman who had a lasting impact on her times as well as the story of the times themselves. Reed engaged the most significant concerns of the liberal reformers during the first half of the twentieth century—the struggle for economic independence for women and the fight for women's rights, the effort to maintain intellectual freedom in the face of cold war paranoia, and the pursuit of racial justice. Her successes, as well as her failures, lend a personal perspective to these national trends. Her career also helps to clarify what it meant to be a southern liberal in the twentieth century and how the region's peculiar circumstances shaped the politics and strategies of southern reformers.

On Right Livelihood Jiddu Krishnamurti,2023-04-25 *On Right Livelihood* explores ways for us to be engaged in, but not engulfed by, our work. In a world frantic to produce, possess, and consume, few of us have time to wonder if our work damages the environment; if we are making the most of our talents or simply making a living; if we truly savor our leisure time. Krishnamurti presents sage and eloquent teachings on these issues of vital concern to us all. Krishnamurti has

said: "Is it not necessary for each to know for oneself what is the right means of livelihood? If we are avaricious, envious, seeking power, then our means of livelihood will correspond to our inward demands and so produce a world of competition, ruthlessness, oppression, ultimately ending in war."
