You'll learn: Basic methods, from preproduction through delivery, including capturing, processing, and compressing your video. Production essentials for sharing your footage on the Web, including setting up your Web page and server for seamless video playback and how to create your own video player. Advanced techniques, including building an index and play list, adding captions and banner ads, and designing a comprehensive video experience for your audience. Includes complete sample Flash files as shown throughout the book. More than 2 GB of source files are provided, including High Definition (HD) clips, which you can use to perfect your video compression skills. The source files for each chapter are found in the corresponding Lessons folder on the disc. Robert Reinhardt is a highly respected authority on Flash and Flash video. He has authored or co-authored numerous books on Flash, including the Flash Bible and the Flash ActionScript Bible, and his blog and other online articles draw a wide audience. He has developed multimedia courses for educational facilities in Canada and the United States and is an Adobe Certified Instructor for Flash courses at Portland State University. He is a former Vice President of the Multimedia Platforms Group at Schematic and now works with a wide range of clients from his base in Portland, Oregon. A frequent presenter at conferences such as Flashforward, FITC, Flashbelt, and NAB, he is also a contributor at DesignProVideo.com. Forums and updates for this book can be found at FlashSupport.com, where you can share questions and answers with Robert and other readers. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips:

- If you are able to search the book, search for Where are the lesson files?
- Go to the very last page of the book and scroll backwards.
- You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files.
- Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Adobe Dreamweaver CS3, 2008 Dreamweaver is the standard by which site designers and managers handle the many components required to run today's typical web presence. The Portfolio Series addresses this powerful tool the same way it does other Creative Suite applications -- the way one has to in the real world of design and site management. Purely project-based, the book offers eight hands-on, step-by-step assignments exactly as they would be handed to someone in the field. Each assignment addresses workflow, task, and process requirements, finishing with a site that works the way it's supposed to. The title provides self-learners, interested readers, students, and professional instructors detailed instructions on how to master the application.

Hands-on Guide to Flash Video Stefan Richter, Jan Ozer, 2007 A complete resource for a Flash Video developer from production to delivery.

Artistic Web Design Using Adobe® Dreamweaver and Photoshop Vickie Ellen Wolper, Wolper, 2010-10 This book provides an understanding of the principles of artistic design as they relate to the web, followed by the application of those design principles using Adobe® Dreamweaver and resulting in the ability to create effective websites. Tailored to users of either CS3, CS4, or the latest version of Dreamweaver, CS5, each chapter is comprised of three sections: new concepts; reinforcing your knowledge through projects and exercises; and a build your own website section designed to offer the reader the opportunity to build their own website using the concepts from each chapter. By the end of the book, the reader will have their very own website! The book starts with an introduction to the principles of design unique to the web, and then progresses to the incorporation of those principles into Adobe Dreamweaver for aesthetically pleasing web design. In fact, several chapters of this four-color, heavily illustrated text are devoted to web design from an artist's perspective. The author discusses understanding the psychological influence of colors, web typography and the voice of type, the principles of design as they relate to the web, and how to maximize the potential of the graphic programs the readers are already familiar with to create effective graphics, creative navigation, and more. This text brings the reader through the design stage from initial concept to graphic preparation, followed by the importing of graphics or whole pages into Dreamweaver for building the site and uploading it to the Internet. Although no programming knowledge is required, a chapter on HTML and other web programming fundamentals is included. A CD-ROM with images, sample web pages, and more accompanies the book. An instructor's resource kit is available upon adoption as a text.

Video and Multimedia Transmissions over Cellular Networks Markus Rupp, 2009-06-17 This excellent reference provides detailed analysis and optimization aspects of live 3G mobile communication networks. Video and Multimedia Transmissions over Cellular Networks describes the state-of-the-art in the transmission of multimedia over cellular networks, evaluates the performance of the running system based on the measurements and monitoring of live networks, and finally presents concepts and methods for improving of the quality in such systems. Key Features: Addresses the transmission of different media over cellular networks, with a focus on evolving UMTS transmission systems Provides in-depth coverage of UMTS network architecture, and an overview of 3GPP video services Describes the characteristics of the link layer errors in the UMTS Terrestrial radio Access Network (UTRAN), obtained by extensive measurements in live UMTS networks Covers video encoding and decoding, introducing H.264/AVC video codec, as well as addressing various novel concepts for increased error resilience Discusses the real-time capable algorithms that are suitable for implementation in power and size limited terminals Presents the methods for monitoring quality, as well as analyzing and modelling traffic evolution in the cellular mobile network This book provides a valuable reference for researchers and students working in the field of multimedia transmission over wireless networks. Industry experts and professionals working within the field will also find this book of interest.

Producing and Directing the Short Film and Video David K. Irving, Peter W. Rea, 2013-03-20 Producing and Directing the Short Film and Video is the definitive book on the subject for beginning filmmakers and students. The book clearly illustrates all of the steps involved in preproduction, production, postproduction, and distribution. Its unique two-fold approach looks at filmmaking from the perspectives of both producer and director, and explains how their separate energies must combine to create a successful short film or video, from script to final product. This guide offers extensive examples from award-winning shorts and includes insightful quotes from the filmmakers themselves describing the problems they encountered and how they solved them. The companion website contains useful forms and information on grants and financing sources, distributors, film and video festivals, film schools, internet sources for short works, and professional associations.

Mobile Middleware Sasu Tarkoma, 2009-03-23 This book offers a unified treatment of mobile middleware technology. Mobile Middleware: Architecture, Patterns and Practice provides a comprehensive overview of mobile middleware technology. The focus is on understanding the key design and architectural patterns, middleware layering, data presentation, specific technological solutions, and standardization. The author addresses current state of the art systems including Symbian, Java 2 Micro Edition, W3C technologies and many others, and features a chapter on widely deployed middleware systems. Additionally, the book includes a summary of relevant mobile middleware technologies, giving the reader an insight into middleware architecture design and well-known, useful design patterns. Several case studies are included in order to demonstrate how the presented patterns, solutions, and architectures are applied in practice. The case studies pertain to mobile service platforms, mobile XML processing, thin clients, rich clients, and mobile servers. Chapters on Architectures and Platforms, Mobile Messaging, Publish/Subscribe, Data Synchronization and Security are also included. Key Features: Provides a comprehensive overview of mobile middleware technology Unified treatment of three core topical areas: messaging, publish/subscribe, and data synchronization Discusses the role of middleware in the protocol stack Focus on both standards and research systems including current state-of-the-art systems such as Symbian, Java 2 Micro Edition, W3C technologies Contains concrete examples showing the presented architectures and solutions in practice Includes an accompanying website with links to open source software, and other resources This book serves as an invaluable guide to systems architects, researchers, and developers. It will also be of interest to graduate and undergraduate students studying computer science (distributed systems, computer networks).

About the Issue This Issue of Socrates contains selected scholarly articles from various scholarly disciplines. The entire issue has been divided into five sections. The first Section of the edition Language and Literature contains scholarly Research Papers from English language and Literature, Hindi literature and Persian literature. The first research paper of this section and the edition deals with Feminism and endeavours to investigate the origin and development of this movement; and also pays tribute to the inextinguishable and daredevil spirit of innumerable women who tirelessly contributed in making the “new woman” a reality. The Second paper which belongs to the scholarly discipline of Hindi Literature is a comparative analysis of two spiritual ideologies that prevails in India and different parts of the world. This sort of comparative study is rarely found in and which makes it an asset for the research literature. The second section of this issue, Swedish History, contains a paper that presents Sweden’s most dignified and faithful Queen Dowager: Catherine Stenbock. The third section of this issue, Politics, Law and Governance, contains various research articles on various scholarly themes. The first research paper of this section attempts to analyse Carl Schmitt’s and Agamben’s theories through this interesting tripartite relation among the political, sovereignty and exception which gives an interesting account to reconfigure sovereignty and its effects felt on Indian emergency of 1975-77 and anti-terror laws in recent times. Also in what ways it appears as a challenge to the centrality of law in a democracy. The second research paper of this section examines the Scottish enlightenment and involvement in this debate through James Mackintosh’s response to Burke this encounter of British and French enlightenment will illuminate our modern vision of human rights theories. The third research paper of this section is a research study in context of global security under the impact of globalization. The fourth research paper of this section deals with a universal problem popularly known as “Corruption”. This paper investigates the remedies of corruption as suggested by the great philosopher and teacher Kautilya in his masterpiece Arthashastra. The fifth research paper of this section deals with one of vibrant issues of free world “Human rights”. The fourth section of this issue contains some of the best research papers from the scholarly disciplines of Commerce Management and Economics. These research papers are based on the original research carried out by author(s). The first paper of this section studies the relationship between BPR and Organizational Structure with special reference to State Bank of India. The second paper of this section raises evacuation issues. The third paper of this section studies the dimensions of customer service in supply chain management (SCM) of small and medium enterprises of Jammu region. The fourth paper of this section investigates the Effectiveness of Public Distribution System in Jammu & Kashmir. The fifth paper of this section paper examines the role of cooperative societies in economic development of Bangladesh. The sixth paper of this section studies green marketing and reveals its challenges and opportunities in rural India. The fifth section of this issue represents the scholarly disciplines of Education. It contains a research paper which is based on an action research project to find out ways to improve student’s participation in the class.
