English-Spoken Khmer Dictionary Keesee,2012-11-12 This is a unique learning aid for making rapid headway in the acquisition of comprehension and speaking ability in Khmer, the language of Cambodia. In recent years, Cambodia has moved from a society menaced by war to a society orientated to commerce. With this shift in attention from military to social and economic matters has come an increase in the numbers of foreign visitors and residents in the country for the purposes of tourism, aid work or investment-related activities. Many of these foreigners or 'chun bor-tay' speak English as a first or second language, but know little of written or spoken Khmer. This dictionary is designed to enable residents and visitors to better understand both the country and its people through speaking to Cambodians in their own language. With more than 6,000 key word entries, the English-Spoken Khmer Dictionary has the distinctive feature of presenting Khmer words in an all-new easily grasped Romanized writing system. Incorporating phrases is essential for tourists, business travellers, scholars and long term Cambodia residents who wish to become more familiar with a country poised to play an increasingly significant role in the area.

It contains some 40,000 English entries and subentries and their translations. The primary objective of the dictionary is to provide a corpus of basic words and phrases which it would be useful for Western students of Khmer to know how to say or write in standard Khmer. The second objective is to provide the first comprehensive English-Khmer dictionary for Khmer students learning English, particularly important now because of the recent arrival in the United States of more than 15,000 Khmer refugees. The third objective is to provide a research tool for those linguists, philologists, and other scholars interested in the study of the Khmer language, notable both for its rich literary traditions and for its place in the linguistic history of Southeast Asia.

Cambodge Penny Edwards,2007-02-28 This strikingly original study of Cambodian nationalism brings to life eight turbulent decades of cultural change and sheds new light on the colonial ancestry of Pol Pot's murderous dystopia. Penny Edwards recreates the intellectual milieu and cultural traffic linking Europe and empire, interweaving analysis of key movements and ideas in the French Protectorate of Cambodge with contemporary developments in the Métropole. From the naturalist Henri Mouhot's expedition to Angkor in 1860 to the nationalist Son Ngoc Thanh's short-lived premiership in 1945, this history of ideas tracks the talented Cambodian and French men and women who shaped the contours of the modern Khmer nation. Their visions and ambitions played out within a shifting landscape of Angkorean temples, Parisian museums, Khmer printing presses, world's fairs, Buddhist monasteries, and Cambodian youth hostels. This is cross-cultural history at its best. With its fresh take on the dynamics of colonialism and nationalism, Cambodge: The Cultivation of a Nation will become essential reading for scholars of history, politics, and society in Southeast Asia. Edwards' nuanced analysis of Buddhism and her consideration of Angkor's emergence as a national monument will be of particular interest to students of Asian and European religion, museology, heritage studies, and art history. As a highly readable guide to Cambodia's recent past, it will also appeal to specialists in modern French history, cultural studies, and colonialism, as well as readers with a general interest in Cambodia.

Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr.,2011-06-10 For Southeast Asia, the Vietnam War altered forever the history, topography, people, economy, and politics of the Democratic Republic of Vietnam (DRV), the Republic of Vietnam (RVN), Cambodia, and Laos. That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective. One way of understanding the Vietnam War is by marking its time with turning points, both major and minor, that involved events or decisions that helped to influence its course in the years to follow. By examining a few of these turning points, an organizational framework takes shape that makes understanding the war more possible. Historical Dictionary of the War in Vietnam emphasizes the international nature of the war, as well as provide a greater understanding of the long scope of the conflict. The major events associated with the war will serve as the foundation of the book while additional entries will explore the military, diplomatic, political, social, and cultural events that made the war unique. While military subjects will be fully explored, there will be greater attention to other aspects of the war. All of this is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries.

This book is an excellent access point for students, researchers, and anyone wanting to know more about the Vietnam War.

Ferryman of Memories Deirdre Boyle,2023-03-17 Ferryman of Memories: The Films of Rithy Panh is an unconventional book about an unconventional filmmaker. Rithy Panh survived the Cambodian genocide and found refuge in France where he discovered in film a language that allowed him to tell what happened to the two million souls who suffered hunger, overwork, disease, and death at the hands of the Khmer Rouge. His innovative cinema is made with people, not about them—even those guilty of crimes against humanity. Whether he is directing Isabelle Huppert in The Sea Wall, following laborers digging trenches, or interrogating the infamous director of S-21 prison, aesthetics and ethics inform all he does. With remarkable access to the director and his work, Deirdre Boyle introduces readers to Panh’s groundbreaking approach to perpetrator cinema and dazzling critique of colonialism, globalization, and the refugee crisis. Ferryman of Memories reveals the art of one of the masters of world cinema today, focusing on nineteen of his award-winning films, including Rice People, The Land of Wandering Souls, S-21: The Khmer Rouge Killing Machine, and The Missing Picture.
