Trigger Men Hans Halberstadt,2008-03-18 [A] book about modern-day military snipers and the missions they face daily--Foreword

Francotirador (American Sniper - Spanish Edition) Chris Kyle,2014-11-25 Fascinante, reveladora y poderosa, Francotirador la asombrosa autobiografía del Capitán SEAL Chris Kyle, el francotirador que tuvo el récord más alto en la historia militar estadounidense. En Francotirador, Kyle relata la extraordinaria historia de su carrera que duró una década. El fascinante relato de cómo pasó de ser un cowboy de rodeos de Texas a ser un experto franco tirador y temido asesino, ofrece una perspectiva única de la guerra actual y una de las descripciones más profundas, reveladoras y jamás escritas del mundo secreto de Special Ops (Operaciones Especiales) de Estados Unidos. Esta obra, también honra a los compañeros de guerra de Kyle, que lucharon dentro y fuera del campo de batalla, así como con conmovedores relatos de su esposa Taya, quien habla abiertamente de las presiones de la guerra en su matrimonio, sus hijos, y en Chris. Extraordinario, inolvidable y cargado de adrenalina, el relato de Kyle se sitúa como una de las mejores autobiografías de guerra de todos los tiempos.

Shock Factor Sgt. Jack Coughlin,John R. Bruning,2014-10-28 From the author of the New York Times bestselling memoir Shooter, comes a riveting narrative of how snipers have changed the course of America's war on al Qaida in the Middle East and Africa. Retired Marine sniper Jack Coughlin (Shooter) and John Bruning pull back the curtain of secrecy to take an insider's look at the dark and misunderstood world of America's sniper force. Long considered the redheaded stepchildren of the infantry, snipers have been loathed by their fellow warriors, called ten cent killers by our media, and portrayed as unbalanced psychopaths by Hollywood. Coughlin and Bruning explore the lives and careers of some of America's most effective snipers during key missions, moments and campaigns in the War on Terror. Part page-turning thriller, part deeply human drama, Shock Factor takes you from the streets of the modern day Stalingrad of Ramadi to the skyscrapers of Baghdad as America's one-shot warriors fight desperate battles against all odds, find themselves at the heart of tense international incidents, stalk key enemy leaders, and discover horrific human rights abuses perpetrated by our own allies. Based on extensive interviews with snipers currently on active duty, Shock Factor's gripping accounts of harrowing combat, buried truths and secrets revealed could only be told by snipers to a trusted member of their own elite and cloistered brotherhood.

The Reaper Nicholas Irving,Gary Brozek,2015-01-27 Preorder REAPER: GHOST TARGET now, Nick Irving's debut thriller that Brad Thor calls one hell of a read! The Instant New York Times Bestseller by Co-Star of Fox's American Grit and Legendary Ranger Nick Irving Groundbreaking, thrilling and revealing, The Reaper is the astonishing memoir of Special Operations Direct Action Sniper Nicholas Irving, the 3rd Ranger Battalion's deadliest sniper with 33 confirmed kills, though his remarkable career total, including probables, is unknown. Irving shares the true story of his extraordinary military career, including his deployment to Afghanistan in the summer of 2009, when he set another record, this time for enemy kills on a single deployment. His teammates and chain of command labeled him The Reaper, and his actions on the battlefield became the stuff of legend, culminating in an extraordinary face-off against an enemy sniper known simply as The Chechnian. Irving's astonishing first-person account of his development into an expert assassin

offers a fascinating and extremely rare view of special operations combat missions through the eyes of a Ranger sniper during the Global War on Terrorism. From the brotherhood and sacrifice of teammates in battle to the cold reality of taking a life to protect another, no other book dives so deep inside the life of an Army sniper on point.

Long Rifle Joe Lebleu, 2008-11-25 When fires raged in the ruins of the World Trade Center on September 11, 2001, Joe LeBleu, a native of Brooklyn and a retired U.S. Army Ranger veteran, was in lower Manhattan. On that day he decided to return to active duty. By the time he received an honorable discharge as a Staff Sergeant, paratrooper, and sniper team leader in the 82nd Airborne Division in 2005, he'd become known as "Long Rifle"—for shooting an Iraqi insurgent at 1,100 meters in Fallujah in the fall of 2003. That single shot remains the farthest in Iraq by any American or British sniper. This book tells his story. Long Rifle is gripping and moving, but most of all, inspiring. As 9/11 altered the terrain of so many lives, it shaped that of Joe LeBleu: "Watching my city burn tore me up inside like nothing else in my life, ever." Joe takes us with him from that haunting day in New York across the world, to the sweltering heat and ambush-rife conditions of desert and urban combat in Iraq. From here we enter a vastly different world: the remote and rugged mountains of Afghanistan. Joe's accounts of sniper missions against the Taliban and Al Qaeda in this grueling landscape are engaging and intriguing. Finally, Joe trusts his gut and returns to civilian life, settling near Las Vegas and going on to train Mark Wahlberg for his role as a Force Recon Marine scout/sniper in the film, Shooter. Joe had come full circle from 9/11, "a day that changed my life forever." Raw, gritty, passionate, and provocative, Long Rifle is both the first memoir by a U.S. Army sniper from the 9/11 generation and a stirring testament to the core values of American soldiers: integrity, honor, and courage. LeBleu's journey to war and back also testifies to the enduring power of love: Joe carried his dream to return to Natalie, his wife, for six long years.

13 Cent Killers John Culbertson, 2007-12-18 "It's not easy to stay alive with a \$1,000 bounty on your head." In 1967, a bullet cost thirteen cents, and no one gave Uncle Sam a bigger bang for his buck than the 5th Marine Regiment Sniper Platoon. So feared were these lethal marksmen that the Viet Cong offered huge rewards for killing them. Now noted Vietnam author John J. Culbertson, a former 5th Marine sniper himself, presents the riveting true stories of young Americans who fought with bolt rifles and bounties on their heads during the fiercest combat of the war, from 1967 through the desperate Tet battle for Hue in early '68. In spotter/shooter pairs, sniper teams accompanied battle-hardened Marine rifle companies like the 2/5 on patrols and combat missions. Whether fighting their way out of a Viet Cong "kill zone" or battling superior numbers of NVA crack troops, the sniper teams were at the cutting edge in the art of jungle warfare, showing the patience, stealth, combat marksmanship, and raw courage that made the unit the most decorated regimental sniper platoon in the Vietnam War. Harrowing and unforgettable, these accounts pay tribute to the heroes who made the greatest sacrifice of all—and leave no doubt that among 5th Marine snipers uncommon valor was truly a common virtue.

Navy SEAL Sniper Glen Doherty, Brandon Webb, 2017-01-03 The sniper is a battlefield threat second to none. Mastering the art of marksmanship is critical but is only part of what makes a Navy SEAL sniper. Snipers must be able to apply the craft in an urban environment or alone on a hostile mountain top with equal effectiveness. Today's sniper must not just leverage technological advances but also have the foreknowledge to select the best rifle and gear for the mission. Increasingly, he must have the mental toughness to adapt to a constantly changing environment, gather intelligence, and truly act as a force multiplier. In this comprehensive look through the eyes of former Navy SEAL sniper instructor Brandon Webb and fellow Navy SEAL snipers Chris Kyle and Glen Doherty,

the authors reveal not just the fundamentals of marksmanship but also the science of shooting, stalking, and camouflage and how technological advances have changed the training and increased the effectiveness of the modern sniper. Including maritime, helicopter, and urban sniper operations, this updated edition also goes into detail on the latest research, development, testing, and evaluation of weapons and optics. From the basics like compensating for wind and bullet drop, to camouflage and placing yourself or your team in the best position to take a photo or pull a trigger, Webb and Doherty cover the critical elements that comprise the twenty-first century sniper.

Memorias de un francotirador en Stalingrado Vasiliĩ Grigor'evich Zait'sev, 2014 Nacido en los Urales y habituado a la caza, Vassili Záitsev era un tirador excepcional, como lo demostró en la batalla de Stalingrado, donde, según sus propias palabras, mató a 242 alemanes, incluyendo más de diez tiradores enemigos. Este libro es el relato personal de su experiencia en la guerra, sin las manipulaciones con que la falseó el cine en *Enemigo a las puertas*. Lo que da un valor excepcional a este relato es el hecho de que nos ofrece el testimonio de alguien que vivió personalmente el salvajismo de la que ha sido considerada como la batalla más sangrienta de la historia: una guerra de ratas entre las ruinas, donde la esperanza de vida de un nuevo combatiente no pasaba de las 24 horas, y que acabó cobrándose de tres a cuatro millones de bajas. Las Notas de un francotirador de Záitsev, un libro que consigue transmitirnos la experiencia del combate tal como la vive un soldado, es un auténtico clásico de la literatura de guerra.

Hogs in the Shadows Milo S. Afong, 2012-09-04 There is a special breed of Marine for whom the prey is the enemy—and every day is hunting season. This Marine is a HOG—a Hunter of Gunmen. These are the gripping, gut-wrenching true stories of those Marines in Iraq whose sole purpose on the battlefield is to eliminate the enemy—one combatant at a time. Every time a HOG puts his eye to the glass, it means death for his target. Here, former Scout/Sniper Team leader Milo S. Afong reveals what it takes to be a Hunter of Gunmen. He describes the intensive training that turns expert infantrymen into one-shot life-takers, how they operate in the field—and under fire—and how HOGs get the job done under any conditions. From sniping from a rooftop in Baghdad, to unknowingly being surrounded in a palm grove in the city of Hit, these stories will transport you right into the heat of the desert war, where one squeeze of the trigger can make all the difference.

Mujeres de la Federación Unida de Marines - Francotirador Jonathan P. Brazee, 2019-05-10 Después de una exitosa gira inicial como fusilero de la Marina, la cabo segundo Gracie Medicine Crow se ofrece como voluntaria para convertirse en francotirador explorador, una de las especialidades militares más mortíferas y peligrosas en el Cuerpo de Marines de la Federación Unida. Gracie proviene de la Nación Apsáalooke, un pueblo con una larga historia de tradición militar. De estatura pequeña y considerada increíblemente bella, es subestimada a menudo, pero eso simplemente la impulsa a ser la mejor francotiradora del Cuerpo. Algo desconfiada de la atención e interacción de sus francotiradores con ella, mantiene lo que considera un frente profesional, pero que no es tan bien recibido por los demás y que le da el sobrenombre de Princesa de Hielo. Un francotirador técnicamente habilidoso, Gracie siente que su disparo debería hablar por sí mismo. Pero ser un francotirador explorador es mucho más que simple puntería. Si ella quiere una carrera en el Cuerpo, debe aprender no solo el trabajo en equipo, sino también cómo ser una líder de Infantes de Marina. Este es el segundo libro de la serie, pero cada libro es independiente y no tiene que leerse junto con los demás. La serie sigue a dos infantes de marina y a un médico naval mientras siguen sus trayectorias profesionales individuales.

Un francotirador: Thriller Neal Chadwick, 2023-05-12 Thriller de Neal Chadwick El tamaño de este libro equivale a 224 páginas en

rústica. Un mafioso es tiroteado por un asesino profesional, su compañera de juegos de grandes pechos se queda a su lado y no tiene nada mejor que hacer que desaparecer con su caro coche deportivo. Pero esto es sólo el preludio de una siniestra serie de crímenes que no parecen encajar en ningún patrón. Jesse Trevellian, el investigador de Nueva York, tiene que tomar cartas en el asunto.

El francotirador Philip Kerr, 2023-02-23 ¿Y si la historia no es como nos la han contado? 1960. Mientras Estados Unidos se prepara para saber si su próximo presidente será Richard Nixon o John F. Kennedy, el veterano de guerra Tom Jefferson se dedica a algo que sabe hacer bien: matar por encargo. Existen otros como él, pero Jefferson posee dos cualidades que lo distinguen del resto: está casado con una mujer que aprueba su manera de ganarse la vida y es el mejor en lo suyo. Por eso, el crimen organizado y la CIA piensan que es la persona ideal para cometer un magnicidio, el de Fidel Castro. Tanto el gobierno como la mafia quieren recuperar la influencia en la isla caribeña que la Revolución cubana les ha arrebatado. Sin embargo, un fatal descubrimiento de Jefferson lo cambia todo. Castro deja de ser el objetivo para pasar a ser alguien aún más importante.

World War II Snipers Gary Yee, 2022-05-04 Gary Yee takes what is already a well-researched deep dive into the specifics of sniper training, employment and equipment to a new level. - American Rifleman Magazine Thousands of volumes have been published about World War II but relatively little attention has been given to the sniper. Drawing from memoirs, government documents and interviews, World War II Snipers incorporates eyewitness accounts to weave a comprehensive narrative of snipers in World War II. While certain common traits were shared among belligerents, each had its unique methodology for selecting and training snipers and, as casualties were high, their replacements. Drawn from hunters, competitive shooters, natural marksmen, outdoorsmen, city dwellers, farmers and veteran soldiers, they fought to assert local battlefield dominance and instill among their enemy a paralyzing fear. Sometimes admired and other times reviled by their own comrades because of the retaliation they drew, they were always too few in number. Their battlefield role, their victories and their defeats are retold here from neglected or forgotten sources. The scope of World War II Snipers is extensive with three chapters each on the major theaters of the war including Western Europe, Eastern Europe and the Pacific. This is supported by a lengthy chapter on the sniper rifles used by the snipers and their equipment.

El francotirador paciente (Primeras páginas) Arturo Pérez-Reverte, 2013-11-28 Empieza a leer las primeras páginas de la nueva novela de Arturo Pérez-Reverte. La ciudad es un campo de batalla. Un artista callejero lanza desafíos como si fueran bombas. El único arte posible es un ajuste de cuentas. Un encargo editorial pone a Alejandra Varela, especialista en arte urbano, tras la pista de Sniper, un reconocido artista del grafiti, promotor de acciones callejeras al límite de la legalidad -algunas de ellas con resultados fatales- del que casi nadie ha visto jamás el rostro ni conoce el paradero. La búsqueda conducirá a la protagonista de Madrid a Lisboa, y de ahí a Verona y Nápoles en su intento por descifrar cuál es el objetivo al que apunta la mira mortal del cazador solitario. El francotirador paciente es un thriller que apasiona, un formidable duelo de inteligencias, un juego al límite entre perseguidor y presa. Porque el tiempo no es lo más importante cuando quedan cuentas pendientes. www.perezreverte.com #elfrancotiradorpaciente

The White Sniper Tapio Saarelainen, 2016-10-31 Simo Häyhä (1905 - 2002) is the most famous sniper in the world. During the Winter War fought between Russia and Finland in 1939 - 1940 he had 542 confirmed kills with iron sights, a record that still stands today. He has been a role model for snipers all over the world and paved the way for them by demonstrating their significance on the battlefield. Simo Häyhä was a man of action who spoke very little, but he was hugely respected by his men and his superiors and given many difficult missions, including taking out specific targets. Able to move silently and swiftly through the landscape, melting into the

snowbound surroundings in his white camouflage fatigues, his aim was deadly and his quarry rarely escaped. The Russians learned of his reputation as a marksman and tried several times to kill him by indirect fire. He was promoted from corporal to second lieutenant and he was awarded the Cross of Kollaa. For sniping Simo Häyhä only ever used his own m/28-30 rifle. Eventually his luck ran out and Simo received a serious head wound on March 6 1940, though he subsequently recovered. After the war Simo Häyhä lead a quiet, unassuming life in farming and forestry. His roots were deep in the Finnish soil and he loved life in rural Finland. A true patriot, he epitomized the traits of a professional soldier, performing his duty and setting an example of bravery that personified the Finnish spirit when confronted by the Russian onslaught. The White Sniper fully explores Simo Häyhä's life, his exploits in the Winter War, the secrets behind his success including character and technique, and also includes a detailed look at his rifle itself. There are appendices on the basics of shooting, the impact of fire on the battlefield, battles on the Kollaa Front during the Winter War and a list of ranked snipers of the world.

HOGs in the Shadows Milo S. Afong, 2007 The author draws on his own combat experiences to offer an insider's look at the role of a HOG (Hunter of Gunman) sniper in Operation Iraqi Freedom, detailing the work of a Marine Scout/Sniper team and the perils they confronted on the battlefield.

Marine Sniper Charles Henderson, 2001-10-01 The explosive true story of Sergeant Carlos Hathcock, a legendary Marine sniper in the Vietnam War. There have been many Marines. There have been many marksmen. But there has only been one Sergeant Carlos Hathcock. He stalked the Viet Cong behind enemy lines—on their own ground. And each time, he emerged from the jungle having done his duty. His record is one of the finest in military history, with ninety-three confirmed kills. This is the story of a simple man who endured incredible dangers and hardships for his country and his Corps. These are the missions that have made Carlos Hathcock a legend in the brotherhood of Marines. They are exciting, powerful, chilling—and all true. INCLUDES PHOTOGRAPHS

The Sniper Encyclopaedia John Walter, 2019-08-23 A complete guide to snipers, rifles, techniques, battles, and campaigns throughout history and around the world, by the author of The Hand Gun Story. The work features hundreds of snipers, including not only the best-known—world renowned gurus such as Vasilii Zaytsev and Chris Kyle—but also many crack shots overlooked by history. Among them are some of more than a thousand Red Army snipers—men and women, who amassed sufficient kills to be awarded the Medal for Courage and the Order of Glory. Also included are some of the best-known sniper victims, and the veracity of the most popular myths. The book thoroughly examines the history and development of the many specialist sniper rifles—some more successful than others—that have served the world's armies from the nineteenth-century American Wars to today's technology-based conflicts. Attention, too, is paid to the progress made with ammunition—without which, of course, precision shooting would be impossible. The development of aids and accessories, from camouflage clothing to laser rangefinders, is also considered. Finally, The Sniper Encyclopedia examines significant locations and specific campaigns—the way marksmen have influenced the course of the individual battles and places which have played a crucial part in the history of sniping, from individual sites to sniper schools and training grounds. The book contains authors' biographies, a critical assessment of the many books and memoirs on the world of the sniper, and a guide to research techniques. "A remarkable work of research and an endless treasure trove of information for anyone with an interest in the subject." —Martin Pegler, author of Out Of Nowhere: A History of the Military Sniper

Voices of Snipers John Walter, 2022-06-01 Based on an incredible breadth of first-hand testimony, this is a unique collection of

eyewitness accounts from World War I and II. John Walter draws on meticulous research and the reminiscences of more than fifty snipers, tracing their journeys from recruitment and selection through training, combat and its aftermath to reveal a surprising commonality of experience, even across nationalities. Laying bare the triumphs and brutalities of sniping, the personalities and psychologies of those who found themselves doing it and considering the immediate implications on both the sniper and the wider theatre of war, this is a fascinating, detailed insight into frontline combat and the experience of sharpshooting in its historical context.
