Way of the Grandmaster Grandmaster Don Miskel,2018-11-13 Grandmaster Miskel shares his wit and insight into the deeper meaning of martial arts. Essays like, A Scientific Breakdown of the Strike discuss the difference between a crushing strike, a compression strike, a jarring strike, a stunning strike, and a shocking strike that will render an opponent unconscious. Grandmaster Miskel explains the foundations and origins of many of the systems developed today. He speaks fondly of the early days and battles and with pride at the direction our brotherhood is going in the future. He talks about martial arts snobbery and petty jealousy that divide us and about the need for unity and tolerance. He reminisces about the old days in Chicago, he speaks of the philosophical principles that form our code of conduct and chivalry, and explains the concept of coming full circle, so that, in the end, the techniques of the Grandmaster are as simple as those of a beginner, only devastatingly more effective.
