*365 Sports Cars You Must Drive* John Lamm,Steve Sutcliffe,Larry Edsall,James Mann,Kris Palmer,2020-10-27 365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends (and a few rather less legendary), each presented with a fun and informative profile and fact-and-spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase getting there is half the fun must have owned a sports car. And the wag who suggested that it's the journey not the destination? Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche, and Corvette to everyman sportsters from Triumph, MG, Sunbeam, and Miata to oddballs like Crosley, Sabra, and DB, sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Truck magazine chief photographer John Lamm, along with other top motoring contributors, gives the reader illustrated profiles of every sports car you've ever dreamed of driving! Now, imagine if you could drive a different sports car—any sports car—every single day for a year. Which would you choose?

**Fifty Years with Car and Driver** Marty Padgett, 2005-10 50 Years with Car and Driver commemorates the golden anniversary of the most popular car magazine on the planet. But more than that, 50 Years with Car and Driver tells the story of the American automobile and how the editors of the magazine witnessed that history and reported on it, firsthand. A look at how Car and Driver evolved from its beginnings as Sports Cars Illustrated, in the able hands of great automotive journalists such as Ken Purdy and John Christy, and then came into its own as the musclecar era of the Sixties dawned. Writers such as David E. Davis, Jr., Brock Yates and Patrick Bedard helped to craft a literary car magazine that drew as much inspiration from Tom Wolfe's writing as it did from the great cars of the day. Through the Seventies the magazine's reputation solidified as the technical authority on new cars, and the literary tradition continued with such writers as Don Sherman and author P.J. O'Rourke. Throughout the Eighties, the magazine prospered even when its writers went off the deep end - literally, getting stranded in Mexico during a Baja comparison test. Car and Driver watched over the virtual rebirth of the American car during that decade, with the renaissance at Ford through the Taurus and the revival of the Corvette, while keeping its lock on the strongest feature writing in the auto magazines with stories like Brock Yates's thirty-years-past observance of the death of James Dean. The Nineties saw Car and Driver continue its leadership as the world's largest-selling automotive magazine. From the introduction of the Acura NSX and the Mazda Miata to the brand-new

Mustangs and Corvettes that have come in just the past years, Car and Driver has been the authority that readers trust when it comes to 0-60 times, road tests and reviews. Fifty Years with Car and Driver combines classic stories from the magazine, commentary by former staffers including the author, vintage and modern photos of the hottest and most important cars reviewed by the magazines, as well as stories from behind the scenes - with all the attitude, expertise and visual excitement readers have come to expect from the magazine itself.--BOOK JACKET.

**Passion for Cars** Michael Köckritz, 2015 - The automobile in its contemporary context - Avant-garde photography meets modern storytelling In seven years and 30 issues ramp has lived up to its name with its stylish take on cars, filling its pages with fresh, pioneering imagery. ramp sees a car as much more than a means of transportation or a technical miracle: to ramp, cars equal culture. A car is a part of our lives that can become an extension of our identities, a place where we touch, get behind the wheel, drive, pursue our passions, and experience the world. As intensely and subjectively as possible, ramp is on the road around the world, to people, ideas, places, things, and events. With its immediate, authentic, and creative images, and with its modern and surprising visual design, ramp has become the most-honored car magazine in the world in its seven-year existence. It has set the creative bar for both magazines and advertising. Coinciding with the 30th issue, the team headed by editor-in-chief and publisher Michael Köckritz, has brought the best pictures and stories out of the archives. In accordance with ramp's philosophy, they will be placed in a fresh new context, also providing an opportunity to show off many gorgeous pictures that, for one reason or another, did not

make it into the magazine. The result: a wild jam session of automotive storytelling. Text in English, German, and French.
