*A Brief Guide to Ghost Hunting* Leo Ruickbie, 2013-08-15 There has been an upsurge in books, television programmes, films and websites exploring the reality or otherwise of the spirit world. Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular. Television and the internet, in particular, have fueled this new level of interest, creating a modern media phenomenon that spans the globe. But while the demand for information is high, good information remains scarce. A Brief Guide to Ghost Hunting leads us through the process of ghost hunting, from initially weighing the first report, to choosing equipment, and investigating and identifying the phenomena, with an analysis of the best places to go looking, methods of contacting the spirit world, how to explain paranormal activity and, crucially, how to survive the encounter. However, it is also a book about ghost hunting itself, drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories. A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views, motivations and experiences. New and original research

makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK. This is, as far as possible, an objective presentation of ghosts and ghost hunting. It is no wonder that mainstream science largely refuses to deal with the subject: it is too complicated. Without trying to convince you of any viewpoint, this book is intended to help you understand more.

**Ghost Hunting** Loyd Auerbach, 2010-09-15 GHOSTHUNTING is a common sense approach to the investigation and resolution of cases of reported ghostly happenings, including apparitions, hauntings and poltergeists. Written so that the reader quickly grasps what parapsychologists think ghosts are and how to best deal with the phenomena and the experiences of the people having them. Covers the investigative process from the initial call and assessment to the on-site investigative techniques and technology. Deals with how to come up with solutions and resolutions—ways to get rid of the phenomena. Includes a discussion of the use of technology and the use of psychics in paranormal investigations and if anyone can prove the existence of ghosts. Finally, the book covers information resources and organizations that the new ghost-hunter and the person who encounters a ghost can find to learn more about the subject and for help with cases they're investigating or phenomena they're experiencing.

Ghost Hunting Jason Hawes, Grant Wilson, Michael Jan Friedman, 2007-10-02 The Atlantic Paranormal Society, also known as T.A.P.S., is the brainchild of two plumbers by day, paranormal investigators by night: Jason Hawes and Grant Wilson. Their hair-raising investigations, fueled by their unique abilities and a healthy dose of scientific method, have made them the subject of a hit TV show: the SCI FI Channel's Ghost Hunters. Now their experiences are in print for the first time, as Jason and Grant recount for us, with the help of veteran author Michael Jan Friedman, the stories of some of their most memorable investigations. The men and women of T.A.P.S. pursue ghosts and other supernatural phenomena with the most sophisticated scientific equipment available -- from thermal-imaging cameras to electromagnetic-field recorders to digital thermometers -- and the results may surprise you. Featuring both cases depicted on Ghost Hunters and earlier T.A.P.S. adventures never told before now, this funny, fascinating, frightening collection will challenge everything you thought you knew about the spirit world.

Ghost Hunters of the South Alan Brown, 2006 Southerners are accustomed to hearing stories of a residence, an old hotel, a mansion, or a battlefield being haunted. In *Ghost Hunters of the South*, Alan Brown shows that ghostlore is no longer enough for some. The forty-four ghost hunting groups he profiles in this book pack cameras, Geiger counters, thermal scanners, oscilloscopes, tape recorders, computers, and dowsing rods to find and record elusive proof of supernatural activity. With candor, the directors and team members reveal the passions and even obsessions that lead them to this expensive, time-consuming, and sometimes dangerous and chilling pursuit of evidence of the spirit realm. Brown interviews enthusiasts from twelve states--Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia. *Ghost Hunters of the South* takes the reader along on exciting and fearful investigations of places such as the Myrtles, St. Francis Inn, Chickamauga Battlefield, Bob Mackey's Music World, Old Talbott Tavern, North Carolina State Capitol, Granberry Opera House, and 17Hundred90 Inn and Restaurant. Brown participates in some of the investigations to gain a full and objective understanding of teachers, doctors, accountants, housewives, and law enforcement personnel, who devote much of their free time to a quest that many outsiders view with skepticism if not scorn. In fascinating, frightening, and sometimes humorous accounts, Brown highlights the determination of these individuals to answer the question: What happens to the soul after death?. Alan Brown is a professor of English and director of the Writing Center at the University of West Alabama.

With years of expertise in the subject, he keeps an open mind when confronted with any potentially paranormal phenomena, and checks everything very carefully before

coming to a conclusion. With the help of this book, the paranormal investigator will be able to take steps to discover if there is a ghost haunting a location, who they were in life and why they're haunting that location now, and perhaps provide sufficient evidence to prove the ghost's existence, or that any phenomena experienced have a natural explanation.
