Star Wars: Galaxy's Edge: A Crash of Fate Zoraida Cordova, 2019-08-06 A YA novel filled with adventure and romance set in the world of Galaxy's Edge, the Star Wars-themed land coming to Disneyland and Walt Disney World in 2019. Izzy and Jules were childhood friends, climbing the spires of Batuu, inventing silly games, and dreaming of adventures they would share one day. Then, Izzy's family left abruptly, without even a chance to say goodbye. Izzy's life became one of constant motion, traveling from one world to the next, until her parents were killed and she became a low-level smuggler to make ends meet. Jules remained on Batuu, eventually becoming a farmer like his father, but always yearning for something more. Now, thirteen years after she left, Izzy is returning to Batuu. She's been hired to deliver a mysterious parcel, and she just wants to finish the job and get gone. But upon arrival at Black Spire Outpost she runs smack into the one person who still means something to her after all this time: Jules. The attraction between them is immediate, yet despite Jules seeming to be everything she's ever needed, Izzy hesitates. How can she drag this good-hearted man into the perilous life she's chosen? Jules has been trying to figure out his future, but now all he knows for certain is that he wants to be with Izzy. How can he convince her to take a chance on someone who's never left the safety of his homeworld? When Izzy's job goes wrong, the two childhood friends find themselves on the run. And all their secrets will be revealed as they fight to stay alive...

The Heart of the Jedi Kenneth Flint, 2021-03-04 The Heart of the Jedi Darth Vader and the Emperor are no more. The Alliance has officially become the New Republic. As Han Solo, Princess Leia, and the new Chief-of-State Mon Mothma emerge triumphant against the diminishing Empire, the Imperial Remnant fights on until the long-silent Imperial Senate rises up to call for peace. But not everyone wants peace, and High Admiral Tharkus has made plans to ensure the Empire will reemerge under his rule. At his side stands the mysterious Dioskouroi, beings of rare and deadly powers! For Luke Skywalker, exhausted from years of fighting, the time has come to depart upon a journey of discovery, a journey that will lead him to a secret long ago hidden by Obi-Wan Kenobi. ♦♦♦ The Heart of the Jedi, Kenneth C. Flint's lost Star Wars novel, commissioned and approved by Lucasfilm, and set to be released in 1993, disappeared without a trace. For many years fans wondered what became of the book and why it was never published, and so it was chalked up to yet another tragic lostworlds story that no one would ever get to read or enjoy... or so we thought! Kenneth C. Flint's complete novel The Heart of the Jedi has at last been unearthed! Published on StarWarsTimeline.net, it has been edited to fit into the existing Expanded Universe, taking place a short time after The Truce at Bakura and the end of issue #107 of the Marvel series, but before the X-Wing comic-book series. Reprinted here in paperback for the first time, this is a non-profit listing for private collectors only. The downloadable PDF is freely available here:

This is an unofficial fan printing of an unofficial fan story. IE: Bootleg Fanfiction. Disney owns Star Wars®, not The Heart of the Jedi. I am not making money off this venture. This is being printed AT COST only. The price paid is merely to Amazon for printing charges. There was a fan printing briefly available in 2015. I, and most others, missed that one. Some time ago, I decided I wanted a copy of The Heart of the Jedi for my bookshelf. I downloaded the PDF, formatted it for paperback, sized it so it would fit in with other MMPs, and did some Photoshop work for a Batam-era appropriate cover. I put it on Amazon, ordered my copy, and was done. Then, quite frankly, I forgot about it. The increase in copies sold has led to a few rumors. I'd like to address some of them: The increase in copies sold has led to a few rumors. I'd like to address some of them: I am not Ken Flint. I am not Joe Bongiorno. I am not affiliated with Disney. This book is not outselling

Disney Star Wars. The way the Amazon Ranking algorithm works is based on sales per hour, not lifetime sales. I am not Timothy Zahn. I know him. He is an amazing mentor and an inspiration to me. I would never try and sabotage his work or steal his thunder. Everyone go buy Thrawn. I want to say everyone go buy MY book! But at this point, I think anonymity is safer than infamy. EU fans, stop trying to stick a thumb in Disney's eye. We're not going to change anything. Disney fans, just ignore the EU fans and let them have their silly little book. Stop tattling to Disney. Finally, I would like to publicly apologize to Ken for any appearance that I might be stealing his work. That was not the intent. --A Star Wars Fan

But unknown to the Jedi and the New Republic forces, Supreme Overlord Shimrra of the Yuuzhan Vong has dispatched reinforcements to the

Jedi lit the way for the galaxy in *The High Republic*. It is a golden age for the galaxy. Intrepid hyperspace scouts expand the reach of the Republic to the furthest stars, worlds flourish under the benevolent leadership of the Senate, and peace reigns, enforced by the wisdom and strength of the renowned order of Force users known as the Jedi. With the Jedi at the height of their power, the free citizens of the galaxy are confident in their ability to weather any storm. But the even brightest light can cast a shadow, and some storms defy any preparation. When a shocking catastrophe in hyperspace tears a ship to pieces, the flurry of shrapnel emerging from the disaster threatens an entire system. No sooner does the call for help go out than the Jedi race to the scene. The scope of the emergence, however, is enough to push even Jedi to their limit. As the sky breaks open and destruction rains down upon the peaceful alliance they helped to build, the Jedi must trust in the Force to see them through a day in which a single mistake could cost billions of lives. Even as the Jedi battle valiantly against calamity, something truly deadly grows beyond the boundary of the Republic. The hyperspace disaster is far more sinister than the Jedi could ever suspect. A threat hides in the darkness, far from the light of the age, and harbours a secret that could strike fear into even a Jedi's heart.
