**Draw with Rob at Christmas** Rob Biddulph, 2020-10-15 The viral phenomenon #DrawWithRob is now a brand-new activity book for you to draw with Rob at home! As seen everywhere on YouTube, Facebook, TikTok, TV, and more, from the creative genius and bestselling author Rob Biddulph!

**How to Draw Almost Everything** Chika Miyata, 2016-04-15 Whether you need to draw a coat, a flying squirrel, or someone doing a handstand, this is the ultimate reference for anyone who loves to draw!

Scribbles and Ink Ethan Long, 2023-07 Two artists, two styles, and one book that may not be big enough for the both of them. See, Ink (the mouse) likes things to be clean and precise. Scribbles (the cat) is the opposite. But while there should be plenty of room for each of them to make their art without getting in each others way, or on each others nerves, THEY CAN'T MANAGE THAT! And from there paint splatters, ink goops, pencils get broken and brushes go wild until... it's not a work of art, IT'S A MESS! Discovering that they are no longer having any fun, the duo tentatively tries to collaborate instead of clobber, and, thus, a disaster-piece becomes a masterpiece. With this much creative friction, will this disaster-piece ever become a masterpiece?

**Drawing Ideas** Mark Baskinger, William Bardel, 2013-11-19 A primer for design professionals across all disciplines that helps them create compelling and original concept designs by hand--as opposed to on the computer--in order to foster collaboration and win clients. In today's design world, technology for expressing ideas is pervasive; CAD models and renderings created with computer software provide an easy option for creating highly rendered pieces. However, the accessibility of this technology means that fewer designers know how to draw by hand, express their ideas

spontaneously, and brainstorm effectively. In a unique board binding that mimics a sketchbook, *Drawing Ideas* provides a complete foundation in the techniques and methods for effectively communicating to an audience through clear and persuasive drawings.

*Drawing on the Right Side of the Brain* Betty Edwards, 1993

**Framed Ink 2** Marcos Mateu-Mestre, 2020-12-18 The highly anticipated follow-up to *Framed Ink* from Marcos Mateu-Mestre, *Framed Ink 2* provides insight into another compositional tool that Marcos uses every day to create his amazing artwork--the energy within the working frame. In each piece of art, regardless of its format, one must consider essential factors such as the push-pull, tension-relaxation, pressure-release, balance and imbalance that happen inside the working area to support our storytelling. All of these factors apply in any aspect ratio, whether it be horizontal, vertical or square, each a format to consider when working in the movie, gaming, animation and graphic novel industries, which in our day and age can be presented through a variety of outlets such as a movie theater, home theater, social media and a number of personal devices. Marcos encourages and educates us on how not to be limited by the format but to embrace and rise to the challenge of designing for each format. A perfect accompaniment to his prior releases *Framed Ink*, *Framed Perspective Vol. 1* and *Vol. 2* and *Framed Drawing Techniques*, this book will take a reader's knowledge base to the next level and allow them to build on their expertise as an effective visual storyteller.
