American Duck Shooting George Bird Grinnell,2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1901 edition. Excerpt: ... DUCK SHOOTING. PASS SHOOTING. Of all methods of duck shooting, that known as pass shooting is perhaps the most difficult and the most sportsmanlike. The gunner stations himself at some point where the ducks are likely to fly, and shoots them as they pass over him. This point may be between two lakes or two portions of a single lake, or between roosting and feeding ground, or perhaps only near some lake at which the birds stop on their migrations. At all events, most of the shooting is overhead at swiftly flying birds, and great skill and judgment are required to make a satisfactory bag. Sometimes the gunner stands behind some cover of bushes, or he may sit or kneel in a pit dug in the ground, or at times, if the birds are newly arrived, and so are unsuspicious, he may stand out in plain view. However he may be concealed, if the shooter has been fortunate enough to secure a position in the direct line of flight, he will have interesting shooting, and will probably receive some new ideas as to the swiftness with which a duck passes through the air. Graphic accounts of this method of shooting have often been published. One of the best of these which has appeared in recent years, is from the pen of Mr. E. Hough, in *Forest and Stream*, in which he describes a day's shooting, in 1897, in North Dakota, as follows: At the head of the Dead Buffalo Lake there is a narrow strip of water separating it from a smaller lake above, and between this little sheltered basin and the wide, deep water, where the wild celery grows, there is a more or less constant flight of ducks. We put out our team and hastened quietly as we could down to this fly-way, seeking not to alarm the birds till we had taken our stand on the ridge between the lakes, where the rushes...

Duck Hunting in America Steven Lahr,2016-06-23 The title of this piece of work is misleading in many respects. You might pick it up and peruse it thinking that wow, its a new waterfowl book. Well, youll find some. The core and idea of whats inside in reality is somewhat disguised. The title in essence is a reflection more of life and with some different perspectives. The writer has deep love of the Art of Waterfowling. Hes also a bird watcher and a long time member of the Cornell Ornithology Association. (Many accolades to this organization!). Think of the concept of this title as whats written is more of a reflection on the writer himself. Get All Your Ducks In A Row and well attempt to embark on some inner meanings. Hopefully, it will grow. The first book, *Rantings of an Ivy League Mad Man*, has a parallel. Lets get out the decoys and sit tight as we watch the morning come to full light. If youve been there with your camo on, you most likely wont be bored. Hopefully, we pass on this tradition to those we love because of what happens to waterfowl and human beings alike. Im trying to pass on a message. Some may struggle making the connection between the book title and its content. I hope they persevere. Hopefully youll grasp the concept as it is. These arent necessarily poems. I call them po-ms for better clarity. Youll see why. Enjoy, Steve C. Lahr

Chesapeake Bay Duck Hunting Tales C.L. Marshall,2016-11-07 Join author and hunter C.L. Marshall as he recounts more than forty years of stories and anecdotes chock-full of dogs, good friends and fast-paced waterfowl action. It takes stubborn dedication and passionate optimism to brave the frosty, wet conditions for the chance to shoot ducks and geese. And yet the tradition continues every year as more than one million waterfowl occupy the waters of the Chesapeake. Whether you are setting decoys or watching the sun rise from a blind, hunting the bay is as challenging as it is rewarding. No one understands that better than the generations who have experienced it, from the goose pits of Rock Hall and Chestertown to the frothing whitewater of the Tangier Sound.

The Duck Gods Must Be Crazy Doug Larsen,2004 In this follow up to his best-selling book Don't Shoot the Decoys, author Doug Larsen offers more humorous observations on the sport of waterfowling. The book begins with a hilarious Open Letter to the Duck Gods, in which Larsen wonders aloud about what he has done to deserve the wrath of the duck hunting deities, which have obviously conspired against him to ruin his hunting season, his physical and mental health, and his family life. Three weeks into the season, he writes, with only two weeks left to go. Everything seems to be going against me, and I wouldn't know a limit of ducks if I tripped over one. From there Larsen lets his duck hunting fancy take flights that are sure to tickle the funny bones of waterfowlers everywhere. These include ruminations on why there aren't any duck hunting movies (in the story Black Duck Down), a duck hunt with two sharp-shooting and keen-witted little old ladies in the Louisiana bayou (in A Duck for Gumbo), a chapter devoted to, of all things, Coot Tactics, and seventeen other new and original stories of waterfowling obsession. Indeed, what was said when Larsen published his first book is even more apt with the publication of his second: If Gordon MacQuarrie is the voice of the old duck hunters, then Doug Larsen is the voice of the new.
