Practical HTML5 Projects Adrian W. West, 2012-07-13 Practical HTML5 Projects is a collection of valuable web techniques that any developer or designer can use. This book is all about saving time. Busy web developers should not have to plow through pages of theory or history only to discover that no practical applications are provided, nor should they have to read a paragraph five times to extract some meaning from it. All of the techniques within this book are explained using fully worked examples that you can immediately apply to your own projects. With each technique the book provides: A practical and useful example (and a screen shot of the end result where applicable). The markup for a fully worked example. A downloadable template to adapt for use in your own websites. With Practical HTML5 Projects, you can dive straight into the book at the required chapter and immediately find answers to your website problems, and find the sample code you can use to get it right. Start creating websites using the practical examples, summaries, and templates. This book includes topics such as rollover navigation menus without scripts, adding audio and video, rounded corners, drop shadows, adding PayPal services, and much more. It also includes sections on troubleshooting and transitioning to HTML5 and CSS3 to help bring your existing content up to date.

Web-Empower Your Church Mark Stephenson, 2010-09-01 A great church website is more about ministry than technology. Web-Empower Your Church offers step-by-step guidance to web implementers and other church leaders who are on the exciting journey to building an effective web ministry. Mark's engaging, conversational style makes technology accessible. He offers first-hand advice on every aspect of building an internet ministry: from assembling a team to designing and maintaining the website to adding powerful ministry features. A first-hand account from one of the true pioneers of online ministry. Anyone interested in online ministry ought to read this book and learn from Mark's example. Andrew Careaga Author, eMinistry: Connecting with the Net Generation A clear picture on the do's and don'ts of web ministry for churches. A must read for churches who want to effectively engage in web ministry. Walt Wilson Founder and Chairman, Global Media Outreach, a ministry of Campus Crusade for Christ Stephenson has truly unleashed the power of internet ministry for your church. If you're looking for a readable and educating book on web-empowered ministry, look no further. This book is it. I can't believe how much I learned from my first reading. I will be returning to the book over and over. Bill Easum President, Easum, Bandy & Associates Mark Stephenson is Director of CyberMinistry and Technology of Ginghamburg Church, Tipp City, Ohio. He started the Ginghamburg CyberMinistry back in 1996 as an unpaid servant. Over the years, as the ministry grew, Mark joined the Ginghamburg staff, first part time and then full time. Currently, Ginghamburg Church has one of the largest and most innovative church internet ministries in the world, and the ministry remains unpaid-servant based and "home grown" (no outside companies or consultants have been hired). The website has received national acclaim -- from write-ups in the Wall Street Journal to the Dallas Morning News to Christian Computing Magazine, and television stories by WBNS Channel 10 in Columbus, Ohio and on Fox News. Visionary leaders like Bill Easum and Len Sweet champion it as a must-see website. Mark, the "Church CyberGuy," is also a well-known speaker on CyberMinistry as he conducts presentations and workshops around North America for such organizations as Leadership Network, United Methodist Communications, North American Christian Convention, Brethren in Christ Church of North America, and Miami University of Ohio. Mark has provided consulting support to numerous churches from around the world to help them develop their web ministries. His passion for helping churches led him to start and lead the Web-Empowered Church, a ministry of The Foundation for Evangelism, to develop free web-ministry software for churches and ministries worldwide.

Video with Adobe Flash CS4 Professional Studio Techniques Robert Reinhardt, 2010-04-26 The definitive guide to creating video for the Web In Video with Adobe Flash CS4 Professional Studio Techniques, Robert Reinhardt goes beyond the entry-level coverage found in other books to bring you a comprehensive look at what you really need to know to produce, host, and distribute Flash-compatible video on the Web, including FLV and AVC/H.264 content. Real world examples and hands-on projects with sample video files provide the expert training you need with tips and insights that everyone can benefit from. You'll learn: Basic methods, from preproduction through delivery, including capturing, processing, and compressing your video. Production essentials for sharing your footage on the Web, including setting up your Web page and server for seamless video playback and how to create your own video player. Advanced techniques, including building an index and play list, adding captions and banner ads, and designing a comprehensive video experience for your audience. Includes complete sample Flash files as shown throughout the book. More than 2 GB of source files are provided, including High Definition (HD) clips, which you

can use to perfect your video compression skills. The source files for each chapter are found in the corresponding Lessons folder on the disc. Robert Reinhardt is a highly respected authority on Flash and Flash video. He has authored or co-authored numerous books on Flash, including the Flash Bible and the Flash ActionScript Bible, and his blog and other online articles draw a wide audience. He has developed multimedia courses for educational facilities in Canada and the United States and is an Adobe Certified Instructor for Flash courses at Portland State University. He is a former Vice President of the Multimedia Platforms Group at Schematic and now works with a wide range of clients from his base in Portland, Oregon. A frequent presenter at conferences such as Flashforward, FITC, Flashbelt, and NAB, he is also a contributor at DesignProVideo.com. Forums and updates for this book can be found at FlashSupport.com, where you can share questions and answers with Robert and other readers. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips:

- If you are able to search the book, search for Where are the lesson files?
- Go to the very last page of the book and scroll backwards.
- You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files.
- Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.
