Even if they survive. **BIBLE CAMP** When a group of young people are sent by their church to clean up an old bible camp in the mountains, none of them knows the secrets of the tragedy that happened there decades earlier. As they are slain one by one, those left struggle to survive, racing through the camp and the woods while searching for safety. THE ROOKIE Scott Sigler,2010-12-03 Set in a lethal pro football league 700 years in the future, **THE ROOKIE** is a story that combines the intense gridiron action of Any Given Sunday with the space opera style of Star Wars and the criminal underworld of The Godfather. Aliens and humans alike play positions based on physiology, creating receivers that jump 25 feet into the air, linemen that bench-press 1,200 pounds, and linebackers that literally want to eat you. Organized crime runs every franchise, games are fixed and rival players are assassinated. Follow the story of Quentin Barnes, a 19-year-old quarterback prodigy that has been raised all his life to hate, and kill, those aliens. Quentin must deal with his racism and learn to lead, or he'll wind up just another stat in the column marked killed on the field. In the Galactic Football League, wars are no longer fought in space, but on the gridiron. If you like aliens and football then I suspect you're unlikely to find a better combination than **THE ROOKIE**.

The Methuen Drama Book of Post-Black Plays Eisa Davis,Christina Anderson,Marcus Gardley,Robert O'Hara,J. Nicole Brooks,Nikkole Salter,Danai Gurira,Diana Son,Young Jean Lee,2012-12-20 'Post-black' refers to an emerging trend within black arts to find new and multiple expressions of blackness, unburdened by the social and cultural expectations of blackness of the past and moving beyond the conventional binary of black and white. Reflecting this multiplicity of perspectives, the plays in this collection explode the traditional ways of representing black families on the American stage, and create new means to consider the interplay of race, with questions of class, gender, and sexuality. They engage and critique current definitions of black and African-American identity, as well as previous limitations placed on what constitutes blackness and black theatre. Written by the emerging stars of American theatre

such as Eisa Davis and Marcus Gardley, the plays explore themes as varied as family and individuality, alienation and gentrification, and reconciliation and belonging. They demonstrate a wide-range of formal and structural innovations for the American theatre, and reflect the important ways in which contemporary playwrights are expanding the American dramatic canon with new and diverse means of representation. Edited by two leading US scholars in black drama, Harry J. Elam Jr (Stanford) and Douglas A. Jones Jr (Princeton), this cutting edge anthology gathers together some of the most exciting new American plays, selected by a rigorous academic backbone and explored in depth by supporting critical material.

Bang Goes That Theory Brett Williams,2018-10-12 Why do I say that there is no such thing as gravity? Gravity, as described by Isaac Newton, has the power that draws planets together. If this was the case, then all the objects in space would be drawn to each other, and this scenario would make the Big Bang sound like a child's burp. This would not happen. Why do objects fall to the ground? It's because of their weight. You would think that if this was the case, then the heavier ones would land first. I have to agree with Isaac Newton on this; it is the air resistance. The Kane force holds objects in their domain. This force is supplied by each galaxy. The universe's spin (Kane force) controls all the galaxies. If the experts find fault with my logic, what that means is that this book is all theories and is one long fairy tale.
