The Most Dangerous Game Richard Connell,2023-02-23 Sanger Rainsford is a big-game hunter, who finds himself washed up on an island owned by the eccentric General Zaroff. Zaroff, a big-game hunter himself, has heard of Rainsford's abilities with a gun and organises a hunt. However, they're not after animals – they're after people. When he protests, Rainsford the hunter becomes Rainsford the hunted. Sharing similarities with The Hunger Games, starring Jennifer Lawrence, this is the story that created the template for pitting man against man. Born in New York, Richard Connell (1893 – 1949) went on to become an acclaimed author, screenwriter, and journalist. He is best remembered for the gripping novel The Most Dangerous Game and for receiving an Oscar nomination for the screenplay Meet John Doe.

Hunting Game Helene Tursten,2019-02-26 Helene Tursten's explosive new series features Detective Inspector Embla Nyström, a sharp, unforgiving woman working in a man's world. When one of her peers is murdered during a routine hunting trip, Embla must track down the killer while confronting a dark incident from her past. Twenty-eight-year-old Embla Nyström has been plagued by chronic nightmares and racing thoughts ever since she can remember. She has learned to channel most of her anxious energy into her position as Detective Inspector in the mobile unit in Gothenburg, Sweden, and into sports. A talented hunter and prizewinning Nordic welterweight, she is glad to be taking a vacation from her high-stress job to attend the annual moose hunt with her family and friends. But when Embla arrives at her uncle's cabin in rural Dalsland, she sees an unfamiliar face has joined the group: Peter, enigmatic, attractive, and newly divorced. And she isn't the only one to notice. One longtime member of the hunt doesn't welcome the presence of an outsider and is quick to point out that with Peter, the group's number reaches thirteen, a bad omen for the week. Sure enough, a string of unsettling incidents follow, culminating in the disappearance of two hunters. Embla takes charge of the search, and they soon find one of the missing men floating facedown in the nearby lake. American Big-Game Hunting Theodore Roosevelt,2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1893 edition. Excerpt: ... Nights with the Grizzlies In this paper I propose to give an account of some experience with the grizzly bear in the summer and fall of 1885. Here let me correct some impressions prevailing among sportsmen from the East as to the proper time to hunt this animal. As detailed in the sporting papers, one sportsman hunting late in the fall finds them at the timber-line, and having some success and basing his opinion upon statements of his guide, is satisfied that is the only place to find them, and that you must stealthily follow the trail through dense timber, as he did. Another sportsman finds them below the foot-hills among the Bad Lands, and thinks that is the proper locality; and so each one is governed by his own particular good luck and experience. This reminds me of the heated controversy that agitated some of the readers of one of the sporting papers a few years since as to the color of the jack-rabbit of the plains: one party contending they were gray and the opposing party that they were white, each party citing his own restricted experience with that fleet-footed animal. To those having more extended observation it was plain that each side was to a certain extent right as well as wrong, for it is well known that the jack-rabbit is gray during summer and fall and turns white in the winter, and then again sheds his white coat in spring: at least this is the case in Wyoming and Montana. So with the grizzly. He is essentially an omnivorous animal: his food varying with each season and the locality where such food is obtained, his habitat varies accordingly. He lies in his winter bed until routed out by the melting of the winter snow, and the ground being still frozen, he has to rustle for his grub. He soon becomes poor from the...
