*The 6 Keys* Jillian Michaels,2018-12-18 Reverse the effects of aging and maintain optimal health for life through the revolutionary 6 Keys program by New York Times bestselling author Jillian Michaels. With *Master Your Metabolism*, Jillian Michaels showed us how to take control of the metabolic machinery underneath our weight and health struggles. Now she's ahead of the curve again -- conquering the mayhem, myths, and misunderstandings associated with aging. After all, if you can decide your weight, why not your age? Scientists and doctors have identified six major age inciters: metabolism, damaged macromolecules, epigenetics, inflammation, stress adaptation, telomeres. The 6 Keys presents an ageless health, fitness, and beauty plan that addresses all six of them -- and gets them working for you instead of against you. Empowering and rigorously researched, *The 6 Keys* outlines powerful lifestyle interventions, dietary guidelines, exercise plans, and vanguard strategies for cultivating mindfulness that restore and protect human performance, keeping you fit, healthy, and beautiful for life.

**Master Your Metabolism** Jillian Michaels,Mariska van Aalst,Christine Darwin,2009-04-07 Does it feel as if you're fighting your body to lose even one pound—or just to maintain your current weight? Respected health and wellness expert and bestselling author Jillian Michaels has been there, too. So she consulted top experts in the field of metabolism and discovered that she'd inadvertently been abusing her endocrine system for years. After “fixing” her own metabolism, she decided to share what she learned by devising this simple, 3-phase plan that engages all the weight-loss hormones (including the friendly HGH, testosterone, DHEA; and the not-so-friendly: insulin, cortisol, and excess estrogen). In *Master Your Metabolism*, discover how to: • REMOVE “anti-nutrients” from your diet • RESTORE foods that speak directly to fat-burning genes • REBALANCE energy and your hormones for effortless weight loss Michaels offers a wealth of information throughout, including: shopping lists and online shopping resources, hormone-trigger food charts, how to eat “power nutrient” foods on a budget, smart strategies for eating out, quick and easy recipes, as well as mini-programs for addressing PMS, andropause, metabolic syndrome, PCOS, and menopause.

*Slim for Life* Jillian Michaels,2013 Bestselling author and Biggest Loser trainer Jillian Michaels swore she'd never write another diet book. But she realized that with all of the conflicting, overly complicated information being thrown at you each day, what you need is a clear, simple plan that cuts through all the confusion to deliver amazing results, fast. This book distills all she's learned about diet, fitness, and a healthy lifestyle to provide anyone seeking to be slim, strong, and healthy with an easier path to achieving dramatic body transformation.--From publisher.

Contemporary Uses of Technology in K-12 Physical Education Steve Sanders,Lisa Witherspoon,2013-01-01 What do teachers, principals, school administrators, superintendents, state policy makers, and parents need to know about the growing trend to use technology in physical activity environments? How can technology be used to increase not only fitness levels but academic learning in today's youth? How can kids benefit from increased use of technology in physical education? These questions and others are answered in this volume of the series *Educational Policy in the 21st Century: Opportunities, Challenges, and Solutions*. An entire generation is growing up without the benefits of daily physical activity. The daily experiences of our children are centered on the use of technology driven, mostly sedentary, activities. Technology should be considered a viable tool that can increase physical activity levels when implemented effectively. The lack of contemporary programs and strategies that motivate participants to want to participate daily in physical activity has created a culture of inactivity and obesity and is having a profound effect on the physical health and academic learning potential of today's youth. In this volume the authors suggest current trends and explore the enormous potential of technology in motivating youth to commit to daily physical activity. Authors detail contemporary programs, teaching strategies and contemporary technologies beginning to be used in schools across the country, and suggest policies, directions, and cost considerations for implementing technology based learning in physical activity and physical education settings.

**Expectation Hangover** Christine Hassler, 2016-01-15 When our expectations are met and things go according to plan, we feel a sense of accomplishment; we feel safe, in control, and on track. But when life does not live up to our expectations, we end up with an Expectation Hangover. This particular brand of disappointment is profoundly uncomfortable and can cost us valuable time and energy if not treated and leveraged effectively. Christine Hassler has broken down the complex and overwhelming experience of recovering from disappointment into a step-by-step treatment plan. This book reveals the formula for how to process Expectation Hangovers on the emotional, mental, physical, and spiritual levels to immediately ease suffering. Instead of wallowing in regret, self-recrimination, or anger, we can see these experiences as catalysts for profound transformation and doorways that open to possibility. Often it is only when life throws us a curveball (or several) that we look in a different direction and make room for the kinds of unexpected things that lead more directly to a life we love. By the time you finish this book, you'll understand why your Expectation Hangover happened and have your own treatment plan – a clear course of action to pursue your goals while preventing future disappointment.

**You Are Your Own Gym** Mark Lauren, Joshua Clark, 2011-01-04 From an elite Special Operations physical trainer, an ingeniously simple, rapid-results, do-anywhere program for getting into amazing shape For men and women of all athletic abilities! As the demand for Special Operations military forces has grown over the last decade, elite trainer Mark Lauren has been at the front lines of preparing nearly one thousand soldiers, getting them lean and strong in record time. Now, for regular Joes and Janes, he shares the secret to his amazingly effective regimen—simple exercises that require nothing more than the resistance of your own bodyweight to help you reach the pinnacle of fitness and look better than ever before. Armed with Mark Lauren's motivation techniques, expert training, and nutrition advice, you'll see rapid results by working out just thirty minutes a day, four times a week—whether in your living room, yard, garage, hotel room, or office. Lauren's exercises build more metabolism-enhancing muscle than weightlifting, burn more fat than aerobics, and are safer than both, since bodyweight exercises develop balance and stability and therefore help prevent injuries. Choose your workout level—Basic, 1st Class, Master Class, and Chief Class—and get started, following the clear instructions for 125 exercises that work every muscle from your neck to your ankles. Forget about gym memberships, free weights, and infomercial contraptions. They are all poor substitutes for the world's most advanced fitness machine, the one thing you are never without: your own body.

**Unlimited** Jillian Michaels, 2011 The celebrity fitness trainer on The Biggest Loser discusses how to address the psychological aspects of fitness endeavors, sharing a three-part motivational program for overcoming mental obstacles.

**The Metabolism Reset Diet** Alan Christianson,2019 With a life-changing 4-week liver detox--Jacket.

**Sickening** John Abramson,2022-02-08 The inside story of how Big Pharma's relentless pursuit of ever-higher profits corrupts medical knowledge—misleading doctors, misdirecting American health care, and harming our health. The United States spends an excess \$1.5 trillion annually on health care compared to other wealthy countries—yet the amount of time that Americans live in good health ranks a lowly 68th in the world. At the heart of the problem is Big Pharma, which funds most clinical trials and therefore controls the research agenda, withholds the real data from those trials as corporate secrets, and shapes most of the information relied upon by health care professionals. In this no-holds-barred exposé, Dr. John Abramson—one of the foremost experts on the drug industry's deceptive tactics—combines patient stories with what he learned during many years of serving as an expert in national drug litigation to reveal the tangled web of financial interests at the heart of the dysfunction in our health-care system. For example, one of pharma's best-kept secrets is that the peer reviewers charged with ensuring the accuracy and completeness of the clinical trial reports published in medical journals do not even have access to complete data and must rely on manufacturer-influenced summaries. Likewise for the experts who write the clinical practice guidelines that define our standards of care. The result of years of research and privileged access to the inner workings of the U.S. medical-industrial complex, *Sickening* shines a light on the dark underbelly of American health care—and presents a path toward genuine reform.

*The Authority Gap: Why Women Are Still Taken Less Seriously Than Men, and What We Can Do About It* Mary Ann Sieghart,2022-02-08 An incisive, intersectional look at the mother of all gender biases: a resistance to women's authority and power. Every woman has a story of being underestimated, ignored, challenged, or patronized in the workplace. Maybe she tried to speak up in a meeting, only to be talked over by male colleagues. Or a client addressed her male subordinate instead of her. These stories remain true even for women at the top of their fields; in the U.S. Supreme Court, for example, female justices are interrupted four times more often than their male colleagues—and 96 percent of the time by men. Despite the progress we've made toward equality, we still fail, more often than we might realize, to take women as seriously as men. In *The Authority Gap*, journalist Mary Ann Sieghart provides a startling perspective on the gender bias at work in our everyday lives and reflected in the world around us, whether in pop culture, media, school classrooms, or politics. With precision and insight, Sieghart marshals a wealth of data from a variety of disciplines—including psychology, sociology, political science, and business—and talks to pioneering women like Booker Prize winner Bernardine Evaristo, renowned classicist Mary Beard, U.S. Secretary of the Treasury Janet Yellen, and Hillary Clinton. She speaks with women from a range of backgrounds to explore how gender bias intersects with race and class biases. Eye-opening and galvanizing, *The Authority Gap* teaches us how we as individuals, partners, parents, and coworkers can together work to narrow the gap. Sieghart exposes unconscious bias in this fresh feminist take on how to address and counteract systemic sexism in ways that benefit us all: men as well as women.
