Subhash,2020-12-30 India is a land of great  
diversity. Kerala is about as different from Tamil  
Nadu as France is from Britain. Yet, we move on,  
in part thanks to the English language. Over  
several decades, the language has acquired a  
unique flavour of its own in the country. People  
like to call it 'Indian English'; sometimes  
proudly and sometimes derisively. Indian English  
is of course not a different language. Yet, we  
often find that an Oxford or Webster's dictionary  
is inadequate or incorrect when dealing with  
certain words or phrases that have changed their  
meaning or purpose on the Indian soil. And, there

are words that are unique to India, such as prepone which are not used anywhere else. In the first edition, this Dictionary of Indian English (DoIE) hopes to provide a ready reference for such words and phrases. In a future edition, it will become a full-fledged dictionary. Its time will come because of the fast-spreading pandemic of political correctness.
