The Negro Motorist Green Book Victor H. Green, The idea of The Green Book is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Hope for Film Ted Hope,Anthony Kaufman,2020-08-18 “Essential for the aspiring filmmaker,” this is an inspiring, tell-all look at the independent film business from one of the industry’s most passionate supporters (Todd Solondz, director of *Welcome to the Dollhouse*) *Hope for Film* captures the rebellious punk spirit of the indie film boom in 1990s New York City and its collapse two decades later to its technology-fueled regeneration and continuing streaming-based evolution. Ted Hope, whose films have garnered 12 Oscar nominations, draws from his own personal experiences working on the early films of Ang Lee, Eddie Burns, Alan Ball, Todd Field, Hal Hartley, Michel Gondry, Nicole Holofcener, and Todd Solondz, as well as his tenures at the San Francisco Film Society, Fandor, and Amazon Studios, taking readers through the decision-making process that brought him the occasional failure as well as much success. Whether navigating negotiations with studio executives over final cuts or clashing with high-powered CAA agents over their clients, Hope offers behind-the-scenes stories from the wild and often heated world of “specialized” cinema--where art and commerce collide. As mediator between these two opposing interests, Hope offers his unique perspective on how to make movies while keeping your integrity intact and how to create a sustainable business enterprise out of that art while staying true to yourself. Against a backdrop of seismic changes in the independent film industry, from corporate co-option to the rise of social media and the streaming giants, *Hope for Film* provides not only an entertaining and intimate ride through the business of arthouse movies over the last decades, but also hope for its future. “There is nobody in the independent film world quite like Ted Hope. His wisdom and heart shine through every page.” —Ang Lee, Academy Award winning director of *Brokeback Mountain*

Scheduling and Budgeting Your Film Paula Landry, 2012 On time and on budget: the Holy Grail for filmmakers. Budgeting and scheduling are easy in principle but hard in practice. Check out the book's website at <http://booksite.focalpress.com/filmscheduling> • Useful tricks of the trade show you how to squeeze the most of a limited budget and tight schedule • Includes specific tips for film, video, shorts, online projects, corporate and educational video, and docs • Companion web site features useful forms/templates, and 60 minutes of video demonstrating line producing techniques and case studies—see the principles put to work! • Includes sample budgets/schedules from different types of projects that you can adapt and use for your own project

Freedom to Offend Raymond J. Haberski Jr., 2007-03-16 In the postwar era, the lure of controversy sold movie tickets as much as the promise of entertainment did. In *Freedom to Offend*, Raymond J. Haberski Jr. investigates the movie culture that emerged as official censorship declined and details how the struggle to free the screen has influenced our contemporary understanding of art and taste. These conflicts over film content were fought largely in the theaters and courts of New York City in the decades following World War II. Many of the regulators and religious leaders who sought to ensure that no questionable content invaded the public consciousness were headquartered in New York, as were the critics, exhibitors, and activists who sought to expand the options available to moviegoers. Despite Hollywood's dominance of film production, New York proved to be not only the arena for struggles over film content but also the market where the financial fates of movies were sealed. Advocates for a wider range of cinematic expression eventually prevailed against the forces of censorship, but *Freedom to Offend* is no simple homily on the triumph of freedom from repression. In his analysis of controversies surrounding films from *The Bicycle Thief* to *Deep Throat*, Haberski offers a cautionary tale about the responsible use of the twin privileges of free choice and free expression. In the libertine 1970s, arguments in favor of the public's right to see challenging and artistic films were twisted to provide intellectual cover for movies created solely to lure viewers with outrageous or titillating material. Social critics who stood against this emerging trend were lumped in with the earlier

crusaders for censorship, though their criticism was usually rational rather than moralistic in nature. *Freedom to Offend* calls attention to what was lost as well as what was gained when movie culture freed itself from the restrictions of the early postwar years. Haberski exposes the unquestioning defense of the doctrine of free expression as a form of absolutism that mirrors the censorial impulse found among the postwar era's restrictive moral guardians. Beginning in New York and spreading across America throughout the twentieth century, the battles between these opposing worldviews set the stage for debates on the social effects of the work of artists and filmmakers.

Motor City Movie Culture, 1916–1925 Richard Abel, 2020-01-21 A study of how the film industry came to flourish in Detroit in the early years as locals were lured into the new picture theaters. *Motor City Movie Culture, 1916–1925* is a broad textured look at Hollywood coming of age in a city with a burgeoning population and complex demographics. Richard Abel investigates the role of local Detroit organizations in producing, distributing, exhibiting, and publicizing films in an effort to make moviegoing part of everyday life. Tapping a wealth of primary source material—from newspapers, spatiotemporal maps, and city directories to rare trade journals, theater programs, and local newsreels—Abel shows how entrepreneurs worked to lure moviegoers from Detroit's diverse ethnic neighborhoods into the theaters. Covering topics such as distribution, programming practices, nonfiction film, and movie coverage in local newspapers, with entr'actes that dive deeper into the roles of key individuals and organizations, this book examines how efforts in regional metropolitan cities like Detroit worked alongside California studios and New York head offices to bolster a mass culture of moviegoing in the United States.
