Environmental Rhetoric and Ecologies of Place

Peter N. Goggin, 2013-07-18 Understanding how rhetoric, and environmental rhetoric in particular, informs and is informed by local and global ecologies contributes to our conversations about sustainability and resilience – the preservation and conservation of the earth and the future of human society. This book explores some of the complex relationships, collaborations, compromises, and contradictions between human endeavor and situated discourses, identities and landscapes, social justice and natural resources, movement and geographies, unpacking and grappling with the complexities of rhetoric of presence. Making a significant contribution to exploring the complex discursive constructions of environmental rhetorics and place-based rhetorics, this collection considers discourses, actions, and adaptations concerning environmental regulations and development, sustainability, exploitation, and conservation of energy resources. Essays visit arguments on cultural values, social justice, environmental advocacy, and identity as political constructions of rhetorical place and space. Rural and urban case studies contribute to discussions of the ethics and identities of environment, and the rhetorics of environmental cartography and glocalization. Contributors represent a range of specialization across a variety of scholarly research in such fields as communication studies, rhetorical theory, social/cultural geography, technical/professional communication, cartography,

anthropology, linguistics, comparative literature/ecocriticism, literacy studies, digital rhetoric/media studies, and discourse analysis. Thus, this book goes beyond the assumption that rhetorics are situated, and challenges us to consider not only how and why they are situated, but what we mean when we theorize notions of situated, place-based rhetorics.

Guinness World Records 2015 Gamer's Edition

Guinness World Records, 2014-11-11 Now in its eighth edition, Guinness World Records Gamer's Edition is the ultimate guide to videogames. With all-new design and photography, the fresh-looking 2015 edition is packed full of news and views about the most up-to-date achievements and developments in gaming. It offers the most dazzling images from this year's top titles, along with fascinating facts, figures and features on the games and characters you love – from Minecraft to the world-beating Grand Theft Auto V, from thrilling new games to all-time classics. The latest edition includes gameplay tips and hints, interviews and features exploring gaming from different perspectives, and quotes from leading figures in the industry. Find out about the biggest-selling games, the highest scores, and the world's most amazing gamers. Read about the latest hardware developments in the battle of the eighth-generation consoles, and explore the most exciting news stories across all the major gaming genres.

The Essential Guide to the Business & Law of Esports & Professional Video Gaming Justin M Jacobson, 2021-02-19 As esports has grown, the need for professional legal representation has grown with it. Justin's Essential Guide to the Business & Law of Esports & Professional Video Gaming provides a great baseline and will help prevent the legal horror stories of esports in the past. Mitch Reames, AdWeek and Esports Insider Justin's exploration of the business and law side of the esports sector fills a gap of knowledge that is an absolute necessity in truly understanding the esports space. Kevin Hitt, The Esports Observer The Essential Guide to the Business & Law of Esports & Professional Video Gaming covers everything you need to know about the past, present, and future of esports and professional video gaming. The book is written by one of the foremost attorneys and business practitioners in today's esports and professional gaming scene, Justin M. Jacobson, Esq. This guide is meant to provide you with an in-depth look at the business and legal matters associated with the esports world. • Includes coverage of the stakeholders in the esports business ecosystem, including the talent, the teams, the publishers, and the event organizers. • Explores various legal fields involved with esports, including intellectual property, employment and player unions, business investments and tax write-offs, immigration and visas, event operation tips, social media and on-stream promotions, and much more. • The most current book on the market, with actual contract

provisions modeled on existing major esports player, coach, shoutcaster, and sponsorship agreements. About the Author Justin M. Jacobson, Esq. is an entertainment and esports attorney located in New York City. For the last decade, he has worked with professional athletes, musicians, producers, DJs, record labels, fashion designers, as well as professional gamers, streamers, coaches, on-air talent, and esports organizations. He assists these creative individuals with their contract, copyright, trademark, immigration, tax, and related business, marketing, and legal issues. He is a frequent contributor to many industry publications and has been featured on a variety of entertainment, music, and esports publications and podcasts, including Business Insider, The Esports Observer, Esports Insider, TuneCore, and Sport Techie. Justin has positioned himself as a top esports business professional working with talent in a variety of franchise leagues including the Overwatch League, Overwatch Contenders, and Call of Duty Pro League as well as in many popular competitive titles such as Fortnite, CS:GO, Gears of War, Halo, Super Smash Brothers, Rainbow 6, PUBG, Madden, and FIFA and mobile games such as Brawlhalla, Clash of Clans, and Call of Duty mobile. Previously, he worked with various esports talent agencies as well as in an official capacity on behalf of several esports teams and brands.

Playing to Win Robert Alan Brookey, Thomas P. Oates, 2015-01-12 In this era of big media franchises, sports branding has crossed platforms, so that the sport, its television broadcast, and its replication in an electronic game are packaged

and promoted as part of the same fan experience. Editors Robert Alan Brookey and Thomas P. Oates trace this development back to the unexpected success of Atari's Pong in the 1970s, which provoked a flood of sport simulation games that have had an impact on every sector of the electronic game market. From golf to football, basketball to step aerobics, electronic sports games are as familiar in the American household as the televised sporting events they simulate. This book explores the points of convergence at which gaming and sports culture merge.

Digital Marketing in Sports Brandon

Mastromartino, James J. Zhang, 2023-11-10 This book examines how the sport industry is adapting to the needs of the digital-first global economy. Focusing on digital techniques in sport marketing, this volume explores new and emerging technologies and considers how they can help to build commercially successful and sustainable sport business. Featuring the work of sport business and management researchers from around the world, the book shines new light on key aspects of sport marketing such as brand development, consumer behavior and marketing communications. Illustrated with informative figures throughout, it presents cutting-edge case studies and new research on digital marketing covering topics including the metaverse and video games; esports; athlete endorsement; digital immersion; social media; equity crowdfunding; digital fandom and dark market brands. Global in scope, this book is fascinating reading for any student, researcher or industry professional looking to deepen their

understanding of digital marketing in the context of the global sport industry.

Sports Marketing Matthew D. Shank, Mark R. Lyberger, 2014-10-03 Now in a fully revised and updated 5th edition, *Sports Marketing: A Strategic Perspective* is the most authoritative, comprehensive and engaging introduction to sports marketing currently available. It is the only introductory textbook to adopt a strategic approach, explaining clearly how every element of the marketing process should be designed and managed, from goal-setting and planning to implementation and control. Covering all the key topics in the sports marketing curriculum, including consumer behavior, market research, promotions, products, pricing, sponsorship, business ethics, technology and e-marketing, the book introduces core theory and concepts, explains best practice, and surveys the rapidly-changing, international sports business environment. Every chapter contains extensive real-world case studies and biographies of key industry figures and challenging review exercises which encourage the reader to reflect critically on their own knowledge and professional practice. The book's companion website offers additional resources for instructors and students, including an instructors' guide, test bank, presentation slides and useful weblinks. *Sports Marketing: A Strategic Perspective* is an essential foundation for any sports marketing or sports business course, and an invaluable reference for any sports marketing practitioner looking to improve their professional practice.

NBA Jam Reyan Ali, 2019-10-22 When NBA Jam dunked its way into arcades in 1993, players discovered just how fun basketball can be when freed from rules, refs, and gravity itself. But just a few years after the billion-dollar hit conquered the world, developer Midway, publisher Acclaim, and video arcades themselves fell off the map. How did a simple two-on-two basketball game become MVP of the arcade, and how did this champ lose its title? Journalist Reyan Ali dives deep into the saga, tracking the people and decisions that shaped the series. You'll get to know mischievous Jam architect Mark Turmell, go inside Midway's Chicago office where hungry young talent tapped into cutting-edge tech, and explore the sequels, spin-offs, and tributes that came in the game's wake. Built out of exhaustive research and original interviews with a star-studded cast—including Turmell and his original development team, iconic commentator Tim Kitzrow, businessmen and developers at Midway and Acclaim alike, secret characters George Clinton and DJ Jazzy Jeff, Doom co-creator John Romero, and 1990s NBA demigods Glen Rice and Shaq—Ali's NBA Jam returns you to an era when coin-op was king.

A Hebrew and English Lexicon of the Old Testament Wilhelm Gesenius, 1859

The Book of Basketball Bill Simmons, 2010-12-07
NEW YORK TIMES BESTSELLER • The NBA according to The Sports Guy—now updated with fresh takes on LeBron, the Celtics, and more! Foreword by Malcom Gladwell • “The work of a true fan . . . it might just represent the next phase of sports commentary.”—The Atlantic Bill Simmons, the wildly

opinionated and thoroughly entertaining basketball addict known to millions as ESPN's The Sports Guy, has written the definitive book on the past, present, and future of the NBA. From the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time, Simmons opens—and then closes, once and for all—every major pro basketball debate. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons's one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), The Book of Basketball offers every hardwood fan a courtside seat beside the game's finest, funniest, and fiercest chronicler.

Frank Kane's Taming Big Data with Apache Spark and Python Frank Kane, 2017-06-30 Frank Kane's hands-on Spark training course, based on his bestselling Taming Big Data with Apache Spark and Python video, now available in a book. Understand and analyze large data sets using Spark on a single system or on a cluster. About This Book Understand how Spark can be distributed across computing clusters Develop and run Spark jobs efficiently using Python A hands-on tutorial by

Frank Kane with over 15 real-world examples teaching you Big Data processing with Spark Who This Book Is For If you are a data scientist or data analyst who wants to learn Big Data processing using Apache Spark and Python, this book is for you. If you have some programming experience in Python, and want to learn how to process large amounts of data using Apache Spark, Frank Kane's Taming Big Data with Apache Spark and Python will also help you. What You Will Learn Find out how you can identify Big Data problems as Spark problems Install and run Apache Spark on your computer or on a cluster Analyze large data sets across many CPUs using Spark's Resilient Distributed Datasets Implement machine learning on Spark using the MLlib library Process continuous streams of data in real time using the Spark streaming module Perform complex network analysis using Spark's GraphX library Use Amazon's Elastic MapReduce service to run your Spark jobs on a cluster In Detail Frank Kane's Taming Big Data with Apache Spark and Python is your companion to learning Apache Spark in a hands-on manner. Frank will start you off by teaching you how to set up Spark on a single system or on a cluster, and you'll soon move on to analyzing large data sets using Spark RDD, and developing and running effective Spark jobs quickly using Python. Apache Spark has emerged as the next big thing in the Big Data domain – quickly rising from an ascending technology to an established superstar in just a matter of years. Spark allows you to quickly extract actionable insights from large amounts of data, on a real-time basis, making it an essential

tool in many modern businesses. Frank has packed this book with over 15 interactive, fun-filled examples relevant to the real world, and he will empower you to understand the Spark ecosystem and implement production-grade real-time Spark projects with ease. Style and approach Frank Kane's Taming Big Data with Apache Spark and Python is a hands-on tutorial with over 15 real-world examples carefully explained by Frank in a step-by-step manner. The examples vary in complexity, and you can move through them at your own pace.

The Science of Basketball Alexandru

Radu, 2018-08-15 The Science of Basketball is the only book to examine the scientific principles underpinning preparation and performance in basketball, applied to both individual and team contexts. Drawing on the very latest scientific evidence, and including contributions from leading international coaches and scientists involved in the sport, the book explores every aspect of physical and mental preparation and performance, including: strength and conditioning, and training strategies physiological aspects of performance nutrition and supplementation psychological preparation skill acquisition biomechanical aspects of performance performance analysis injury epidemiology, prevention and rehabilitation coach education Incorporating case studies at the end of each chapter to demonstrate how scientific principles can be applied to practice, the book bridges the gap between theory and applied practice in basketball better than any other. It is essential reading for any student, researcher,

sport scientist, coach, physiotherapist or clinician with an interest in the game, and illuminative supplementary reading for students of sport science and sports coaching.

Videogames, Libraries, and the Feedback Loop

Sandra Schamroth Abrams, Hannah R.

Gerber, 2021-04-22 Offering a fresh understanding of the learning potential of youth videogaming in public libraries, and delving into research-based accounts which showcase feedback mechanisms that nurture meaningful learning, Abrams and Gerber equip readers to re-envision library programming that specifically features youth videogame play.

Commander in Cheat Rick Reilly, 2019-04-02 NEW YORK TIMES BESTSELLER Reilly pokes more holes in Trump's claims than there are sand traps on all of his courses combined. It is by turns amusing and alarming.-- The New Yorker Golf is the spine of this shocking, wildly humorous book, but humanity is its flesh and spirit. -- Chicago Sun-Times Every one of Trump's most disgusting qualities surfaces in golf. -- The Ringer An outrageous indictment of Donald Trump's appalling behavior when it comes to golf -- on and off the green -- and what it reveals about his character. Donald Trump loves golf. He loves to play it, buy it, build it, and operate it. He owns 14 courses around the world and runs another five, all of which he insists are the best on the planet. He also claims he's a 3 handicap, almost never loses, and has won an astonishing 18 club championships. How much of all that is true? Almost none of it, acclaimed sportswriter Rick Reilly reveals in this unsparing look at Trump in the world of golf.

Based on Reilly's own experiences with Trump as well as interviews with over 100 golf pros, amateurs, developers, and caddies, Commander in Cheat is a startling and at times hilarious indictment of Trump and his golf game. You'll learn how Trump cheats (sometimes with the help of his caddies and Secret Service agents), lies about his scores (the Trump Bump), tells whoppers about the rank of his courses and their worth (declaring that every one of them is worth \$50 million), and tramples the etiquette of the game (driving on greens doesn't help). Trump doesn't brag so much, though, about the golf contractors he stiffes, the course neighbors he intimidates, or the way his golf decisions wind up infecting his political ones. For Trump, it's always about winning. To do it, he uses the tricks he picked up from the hustlers at the public course where he learned the game as a college kid, and then polished as one of the most bombastic businessmen of our time. As Reilly writes, Golf is like bicycle shorts. It reveals a lot about a man. Commander in Cheat paints a side-splitting portrait of a congenital cheater (Esquire), revealing all kinds of unsightly truths Trump has been hiding.

Superwoman (2016-) #12 K. Perkins, 2017-07-12
"REDISCOVERY" part three! Superwoman has taken matters into her own hands, and has engaged in battle with the deadly Skyhook! The tragic origin of Crash is revealed, and the dark secret he carries has made him public enemy number one!

A Basketball All-star Scott Ingram, 2005
Introduces the professional and Olympic sport of basketball, and includes a brief history;

describes the skills and tactics used and how to reach the highest levels; and highlights or lists some of top players, coaches and teams.

Dwyane Dwyane Wade, 2021-11-16 The long-awaited photographic memoir from basketball superstar Dwyane Wade, beautifully designed with hundreds of photos from Wade's life on and off the court. [A] trip down memory lane with one of the NBA's greats. ... For those yearning for the personal side of Wade, they need to look no further.

—Sports Illustrated For 16 years, Dwyane Wade has dazzled basketball fans with his on-court artistry and has built his personal brand into one of the most powerful ones in sports. In this beautiful full-color memoir, featuring more than 200 photos from Bob Metelus, who has been documenting Wade's career for more than a decade, Wade takes readers inside his fascinating life and career. Dwyane moves from Wade's challenging upbringing on the South Side of Chicago through his college career at Marquette, where he went from unheralded recruit to one of college basketball's greatest stars, to his extraordinary years with the Miami Heat, with whom he won three NBA championships and was named an All-Star 13 times. Off the court, too, his star has transcended basketball. In Dwyane he takes readers inside his relationship with Gabrielle Union; his dedication to his children and experiences as a father; and his varied interests outside of basketball, from fashion to winemaking. Dwyane is a deep dive into the mind and heart of one of the most compelling basketball players of all time.

Criminal Vol. 6: The Last Of The Innocent Ed

Brubaker, 2015-07-01 WINNER OF THE EISNER AWARD FOR BEST LIMITED SERIES! BRUBAKER and PHILLIPS's gorgeous new CRIMINAL editions finally gets to the most critically-acclaimed and innovative piece of pulp fiction they've ever done. It's like Watchmen for the Archie set as CRIMINAL reaches new heights.

Unveiling the Power of Verbal Art: An Psychological Sojourn through **Free Nba 2k13**

In a world inundated with monitors and the cacophony of fast transmission, the profound power and mental resonance of verbal beauty often fade into obscurity, eclipsed by the regular onslaught of noise and distractions. Yet, set within the lyrical pages of **Free Nba 2k13**, a interesting work of literary elegance that pulses with fresh feelings, lies an unforgettable trip waiting to be embarked upon. Penned by way of a virtuoso wordsmith, that mesmerizing opus courses readers on a mental odyssey, gently exposing the latent possible and profound impact embedded within the intricate internet of language. Within the heart-wrenching expanse of the evocative analysis, we shall embark upon an introspective exploration of the book is main subjects, dissect its fascinating publishing model, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
