The Game of Life Florence Scovel Shinn,2024-02-12 The Game of Life by Florence Scovel Shinn is a transformative guide to understanding and playing the game of life with spiritual insight and practical wisdom. Originally published in the early 20th century, this classic work combines metaphysical principles with real-life anecdotes to provide readers with a comprehensive approach to living a life of purpose and fulfillment.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The Twelve Clues of Christmas Rhys Bowen,2012-11-06 In the sixth mystery in the New York Times bestselling Royal Spyness series, Lady Georgiana Rannoch cannot wait to ring in the New Year—before a Christmas killer wrings another neck... Scotland, 1933. While her true love, Darcy O'Mara, is spending his feliz navidad tramping around South America and her mother is holed up in a tiny village called Tiddleton-under-Lovey with droll playwright Noel Coward, Georgie is quite literally stuck at Castle Rannoch thanks to a snowstorm. It seems like a Christmas miracle when she manages to land a position as hostess to a posh holiday party in Tiddleton. The village should be like something out of A Christmas Carol, but as soon as she arrives things take a deadly turn when a neighborhood nuisance falls out of a tree. On her second day, another so-called accident results in a death—and there’s yet another on her third, making Georgie wonder if there's something wicked happening in this winter wonderland... Includes an English Christmas companion, full of holiday recipes, games, and more!
