Truth Commissions Greg Grandin, Thomas Miller Klubock, 2007 This special issue of *Radical History Review* looks at the different kinds of history produced by truth commissions organized to investigate political violence, state terror, and human rights violations around the globe and examines how these histories elide or confront social inequality and political violence. The essays consider the tensions implicit in the multiple mandates of truth

commissions: to establish historical truths, to recognize the experiences of victims, to effect social and political reconciliation, and to reestablish the legitimacy of the nation-state at a time of market-driven globalization. The issue also addresses difficulties faced by the commissions, such as limitations on the use and nature of evidence, oral testimony, and archival documentation. Comparative in nature, this collection includes essays on Chile's long history of amnesties, pardons, and commissions organized to uncover past episodes of political violence; the dissemination and use of the historical findings of the Guatemalan Commission for Historical Clarification; and internal tensions in the South African Truth and Reconciliation Commission, which sought to recover the memories of the victims of apartheid. Several shorter essays offer reflections on U.S. commissions related to the country's history of racial violence, Cold War imperialism, and Vietnam War atrocities and on the findings of the 9/11 Commission report. The New Gay for Pay Julia Himberg, 2018-01-13 Television conveys powerful messages about sexual identities, and popular shows such as *Will & Grace*, *Ellen*, *Glee*, *Modern Family*, and *The Fosters* are often credited with building support for gay rights, including marriage equality. At the same time, however, many dismiss TV's portrayal of LGBT characters and issues as gay for pay—that is, apolitical and exploitative programming created simply for profit. In *The New Gay for Pay*, Julia Himberg moves beyond both of these positions to investigate the complex and multifaceted ways that television production participates in constructing sexuality, sexual identities and communities, and sexual politics. Himberg examines the production stories behind explicitly LGBT narratives and characters, studying how industry workers themselves negotiate processes of TV development, production, marketing, and distribution. She interviews workers whose views are rarely heard, including market researchers, public relations experts, media advocacy workers, political campaigners designing strategies for TV messaging, and corporate social responsibility department officers, as well as network executives and producers. Thoroughly analyzing their comments in the light of four key issues—visibility, advocacy, diversity, and equality—Himberg reveals how the practices and belief systems of industry workers generate the conceptions of LGBT sexuality and political change that are portrayed on television. This original approach complicates and broadens our notions about who makes media; how those practitioners operate within media conglomerates; and, perhaps most important, how they contribute to commonsense ideas about sexuality.

Showtime Jeff Pearlman, 2014-03-04 The New York Times bestselling author of *Sweetness* delivers the first all-encompassing account of the 1980s Los Angeles Lakers, one of professional sports' most-revered—and dominant—dynasties. The Los Angeles Lakers of the 1980s personified the flamboyance and excess of the decade over which they reigned. Beginning with the arrival of Earvin “Magic” Johnson as the number-one overall pick of the 1979 draft, the Lakers played basketball with gusto and pizzazz, unleashing their famed “Showtime” run-and-gun style on a league unprepared for their speed and ferocity—and became the most captivating show in sports and, arguably, in all-around American entertainment. The Lakers' roster overflowed with exciting all-star-caliber players, including center Kareem Abdul-Jabbar, and they were led by the incomparable Pat Riley, known for his slicked-back hair, his Armani suits, and his arrogant strut. Hollywood's biggest celebrities lined the court and gorgeous women flocked to the arena. Best of all, the team was a winner. Between 1980 and 1991, the Lakers played in an unmatched nine NBA championship series, capturing five of them. Bestselling sportswriter Jeff Pearlman draws from almost three hundred interviews to take the first full measure of the Lakers' epic Showtime era. A dazzling account of one of America's greatest sports sagas, *Showtime* is packed with indelible characters, vicious rivalries, and jaw-dropping, behind-the-scenes stories of the players' decadent Hollywood lifestyles. From the Showtime era's remarkable rise to its tragic end—marked by Magic Johnson's 1991 announcement that he had contracted HIV—*Showtime* is a gripping narrative of sports, celebrity, and 1980s-style excess.

Practical Ideas to Wrap Up the Year Colleen Politano, Caren Cameron, Kathleen Gregory, Joy Paquin, 2005-01-01 The third book in the *Voices of Experience* series (Grades K-3) is for the end of the year when you are wrapping things up. The author's best ideas are presented in four activity-based sections: Relationships: how to build successful and respectful relationships Organization: how to establish a safe and orderly environment Assessment: how to involve students in their own assessment Reliabilities: how to keep your students active and engaged
