We Do This 'Til We Free Us Mariame Kaba,2021-02-23 New York Times Bestseller “Organizing is both science and art. It is thinking through a vision, a strategy, and then figuring out who your targets are, always being concerned about power, always being concerned about how you’re going to actually build power in order to be able to push your issues, in order to be able to get the target to actually move in the way that you want to.” What if social transformation and liberation isn’t about waiting for someone else to come along and save us? What if ordinary people have the power to collectively free ourselves? In this timely collection of essays and interviews, Mariame Kaba reflects on the deep work of abolition and transformative political struggle. With a foreword by Naomi Murakawa and chapters on seeking justice beyond the punishment system, transforming how we deal with harm and accountability, and finding hope in collective struggle for abolition, Kaba’s work is deeply rooted in the relentless belief that we can fundamentally change the world. As Kaba writes, “Nothing that we do that is worthwhile is done alone.”

An organization book for diverse habits: “You’re not messy, you just organize differently”. The Clutter Connection examines and explains the correlation between brain types and how they directly relate to organization and clutter. Cassandra Aarssen smashes the stereo-type that some people are “naturally messy” and offers readers insight and real-life solutions based on their unique personal organizing style. The Clutter Connection will help you get organized, be more productive and finally understand the why behind your clutter. Individualized real life organizing: Organizing isn’t one size fits all. Let go of the preconceived and conventional notions of what organization looks like and finally discover what Clutterbug you are. With self-awareness comes happiness, personal growth and lasting change. The Clutter Connection examines: • The four different organizing styles and how they relate to each other • How motivation and happiness can be directly affected by our space • The “3P’s” - Productivity, procrastination and perfectionism and how they are connected to your unique organizing style • How you can finally become clutter-free simply by knowing yourself better Know your habits and declutter your space

The Gentle Art of Swedish Death Cleaning Margareta Magnusson,2018-01-02 *The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions* A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called döstädning, dö meaning “death” and städning meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you’d ever use) and which you might want to keep (photographs, love letters, a few of your children’s art projects). Digging into her late husband’s tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

It's All Too Much Peter Walsh,2009-08-01 Are your counters covered with appliances you had to have but rarely use? Are your cupboards stuffed with clothes that you hope to fit back into or that you paid a fortune for but only wore once? Have you been hanging on to that hideous teapot your mother gave you 10 years ago only because she gave it to you? Every time you go shopping do you come back with bags of more stuff because that pillow/blouse/cd/mixer will be the one thing that changes your life and then it doesn't change your life because you have nowhere to put it? In *It's All Too Much*,organisational guru Peter Walsh challenges you to answer a very simple but scary question: Does the stuff you own contribute to the life you hope to achieve or does it get in the way of your vision? Peter helps you assess the state of your home without any sugar coating and will teach you how to confront and conquer the stuff that is holding you back by identifying the purpose of each and every object in your home and assessing your reasons for holding onto it. He shows you how to identify which room is the heart of your home and then shows you why it is so important to keep that space clean and clear of clutter - if the heart of your home is clogged what does that say about you? He then helps you go room by room to ask the important questions: What is the room? What's its purpose? What is this item? Does it contribute positively to the life you want? The answers to these

questions will help you understand your priorities and fix your relationship with your stuff. And in gaining this understanding you can start to clear out the clutter!
