Half My Life Joseph Lim,2022-11-03 Jordan is a loving, intelligent, and energetic boy who, at a very young age, was diagnosed with autism spectrum disorder. As a result, he is significantly limited in communication skills, social development, and academic progress. Additionally, Jordan and his family sometimes have to contend with those who are either not receptive to or not well-informed about special-needs individuals. Despite his condition, Jordan's family loves him unceasingly. Together, they persevere through the challenges that accompany the autism and do all they can to obtain the best services and benefits available for Jordan. As time goes by and the family adjusts to their unique struggles, they are hit with another huge blow. Just prior to reaching adolescence, Jordan is diagnosed with type 1 diabetes. All of a sudden, Jordan is dealing with more than just social and developmental issues but also a major physical health scare. Yet amid the devastating news and extremely difficult process overall, the family's faith remains strong, and Jordan continues to persevere like the champion that he is. This memoir Half My Life: Special in Many Ways is a follow on to the initial work entitled Half My Life: The Testimony of a Father and His Special-Needs Child. It is essentially a peek into the lives of a family with a special-needs child, chronicling the experiences and adventures, including the ups and downs, highlights and struggles, triumphs and setbacks, as told from the perspective of one of Jordan's biggest fans--his dad. The author will donate a portion of the proceeds to selected charities related to special needs.

Coin Collecting for Kids Steven Otfinoski,2000 A colorful, kid-friendly introduction to a lifelong hobby, this sturdy board book features slots on every page to let kids collect birth-year coins, millennium coins, and 20th-century coins. Lastly, a gatefold spread accommodates all 50 of the wildly popular statehood quarters.

iPhone and iPad Apps Marketing Jeffrey Hughes,2011-09-30 The Easy, Step-by-Step Guide to Marketing Your iPhone/iPad Apps-Now Fully Updated! Grab your share of the multibillion-dollar iPhone/iPad app market! Top mobile app marketer Jeffrey Hughes will show you how to create an app that will sell, find customers who'll buy it, and motivate them to lay down their hard-earned cash, right now! Don't just throw your app out there; learn how to get noticed and make sales no matter how crowded the App Store gets! Completely revised for today's iPhone/iPad marketplace, this book walks you through building a winning marketing plan, positioning your app, crafting your message, using the latest social marketing techniques, connecting with your best customers, and more! Absolutely no marketing experience is needed. With plenty of examples, screen shots, and step-by-step directions, this book makes iPhone/iPad app marketing easy! You'll Learn How To: • Create an app with unique value to customers who'll pay for it • Cut through the clutter in an App Store with more than 475,000 apps • Target and segment your audience-and reach it with pinpoint accuracy • Identify your true competitors, learn from them, and successfully sell against them • Use social media to build strong relationships with thousands of potential buyers • Learn how to maximize social media tools such as Facebook, Twitter, and YouTube and gain the exposure your app needs • Create an integrated, consistent total message: naming, icons, graphics, website, App Store text, and more • Utilize social media to generate positive word-of-mouth • Get promoted in traditional media at surprisingly low costs • Time your launch and marketing activities for maximum impact • Write, publish, and distribute winning press releases • Price your app carefully and adjust pricing to maximize long-term revenue

Modern Metal Detectors Charles L. Garrett,1985-04-01 This book has been extremely useful to me in understanding all there is to know about metal detectors. To a beginner this is absolute required reading, and for the experienced detectionist, it is still of profound value because of the advice that it gives. This book helped me purchase the right metal detector and following its advice paid for the book the first time I went out metal detecting after reading it. If you are only going to have only two or three books in your personal metal detecting library this one should be one of those two or three! Happy Hunting!

Popular Mechanics ,1953-01 Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it’s practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.
