**How Much Money Do I Need to Retire?** Todd Tresidder,2020-01-02 Learn how retirement really works before it's too late... This book is the best I've seen on how to navigate the retirement savings question. (Forbes) Most so-called experts plug your numbers into a retirement formula to tell you how much money you need to retire. Unfortunately, the conventional approach is fundamentally flawed. If you fail to learn how retirement savings truly works, then you'll either underspend and be miserable or overspend and run out of money. *How Much Money Do I Need to Retire* takes you beyond the scientific facade of modern retirement planning. Author and former hedge fund manager Todd R. Tresidder has helped thousands of people find financial freedom through his website and podcast. Now you too can use his advice to take the guesswork out of your retirement planning. In this book, you'll learn: Why the best way to describe most retirement estimates is garbage-in/garbage-out The five critical assumptions that can destroy your financial security How to reduce the amount you need to retire by as much as \$600,000 Three strategies to maximize spending today while protecting for the future How to calculate the amount of money you really need to retire on the first try without software, online calculators, or being a math genius Read this book to know more about your retirement planning than your financial adviser. Tresidder's book contains refreshingly straightforward, easy-to-understand, and concise advice on how to retire wealthy. This missing link of personal finance books will make you sleep easier. No retirement is secure without it. Buy the book today so you can retire with confidence!

**Rule #1** Phil Town,2006-03-21 #1 NEW YORK TIMES BESTSELLER • "The clearest and best book out there to get you on the path to riches. This one's special!"—Jim Cramer, host of CNBC's *Mad Money* "Great tools for anyone wanting to dabble in the stock market."—USA Today Phil Town is a very wealthy man, but he wasn't always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true "rules" are and how to make them work in one's favor. Chief among them, of course, is Rule #1: "Don't lose money." In this updated edition to the #1 national bestseller, you'll learn more of Phil's fresh, think-outside-the-box rules, including: • Don't diversify • Only buy a stock when it's on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can't help but regress to the mean—and as we've all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest

investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.

**Financial Peace** Dave Ramsey,2002-01-01 Dave Ramsey explains those scriptural guidelines for handling money.

*The Total Money Makeover* Dave Ramsey,2009-12-29 The success stories speak for themselves in this book from money maestro Dave Ramsey. Instead of promising the normal dose of quick fixes, Ramsey offers a bold, no-nonsense approach to money matters, providing not only the how-to but also a grounded and uplifting hope for getting out of debt and achieving total financial health. Ramsey debunks the many myths of money (exposing the dangers of cash advance, rent-to-own, debt consolidation) and attacks the illusions and downright deceptions of the American dream, which encourages nothing but overspending and massive amounts of debt. Don't even consider keeping up with the Joneses, Ramsey declares in his typically candid style. They're broke! The Total Money Makeover isn't theory. It works every single time. It works because it is simple. It works because it gets to the heart of the money problems: you. This 3rd edition of The Total Money Makeover includes a fresh cover design, all new personal success stories, and naysayers, and more.
