You rummaged through the fridge looking for a special carrot. Now you can recall those memories as you color this book full of snowmen, snowwomen and snowkids in a variety of settings. The Frenzy of Renown Leo Braudy, 1987-12 What is fame? A name? A face? The it in making it? In this wide-ranging and ambitious book, Leo Braudy traces the evolving definition of fame from the time of Homer to the present. As Braudy points out, fame is far from just a 20th-century obsession: it has a history, and the twists and turns of that history have determined the terms by which we now understand the phenomenon. Beginning with the Homeric epics and exploits of Alexander the Great, and proceeding to our current idolatry of media figures, the book explains how the definition of fame depends on the political and social system in which it is found, the culture's concept of what a person is, and, of

course, the media available for disseminating images. Over the past 2,500 years, fame has had a variety of meanings: from the Roman commitment to public action and the Christian belief that God is the ultimate audience; to the Renaissance idea of the heroic artist and 19th-century notions of posterity and the avant garde; to the idealization of the king and the view that movie stars are the consummate role models. Drawing on art, literature, political history, religion, and philosophy, *The Frenzy of Renown* offers a fascinating parade of personalities--Julius Caesar and Jesus, Charlemagne and Shakespeare, Emily Dickinson and Abraham Lincoln, Adolf Hitler and Marilyn Monroe--all of whom have changed the way everyone appears in the eyes of others.

Final Appeal Colin Thatcher, 2012-11 On May 7, 1984, Colin Thatcher was convicted of killing his ex - wife JoAnn Wilson the previous year, and was sentenced to life in prison. The murder and the trial provoked a national media frenzy, and the once - prominent Saskatchewan politician was cast nationwide as a villain, the subject of numerous books and a CBC movie. Though Thatcher claimed innocence and his children agreed, few believed him. Now having served his 22 - year sentence, Colin Thatcher offers his own account of what happened from the time of the

murder up until his release from prison. Denied full disclosure during his trial, Thatcher now offers it to the public with evidence not seen in the trial, legal documents and personal correspondence. Part memoir, part crime exposé, Final Appeal goes behind the bureaucratic red tape, ultimately questioning the public's faith in local law enforcement, the mainstream media, and the administration of justice in Canada.
