**The Films of Laura Mulvey and Peter Wollen** ,2023-04-20 This collection of Laura Mulvey and Peter Wollen's film scripts vividly evokes the close connection between their influential work as theorists and their work as filmmakers. It includes scripts for all six of Mulvey and Wollen's collaborative films, Wollen's solo feature film, Friendship's Death (1987), and Mulvey's later collaborations. Each text is followed by a new essay by a leading writer, offering a critical interpretation of the corresponding film. The collection also includes Wollen's short story Friendship's Death (1976), the outlines for two unrealised Mulvey and Wollen collaborations, and a selection of scanned working documents. The scripts and essays collected in this volume trace the historical significance of a complex cinematic project that brought feminist, semiotic and psychoanalytic concerns together with formal devices and strategies. The book includes original contributions from Nora M. Alter, Kodwo Eshun, Nicolas Helm-Grovas, Esther Leslie, Laura Mulvey, Volker Pantenburg, Griselda Pollock, B. Ruby Rich and Sukhdev Sandhu.

**Changing Tax Law in East and Southeast Asia Towards the 21st Century** Yong Zhang,Toshiro Fuke,2024-01-15 Ten specialists in the fields of tax law and public finance from Japan, the Netherlands, China, South Korea, Taiwan, Indonesia, and Vietnam recently gathered in Leiden, the Netherlands to present papers and give lectures on tax law in those countries for the symposium `Tax Law in East and Southeast Asia Towards the 21st Century.' The meeting fostered the exchange of information on recent reforms of tax systems, with participants examining both differences and similarities and discussing further planned or necessary reforms for each country in East and Southeast Asia on the threshold of the 21st century. The papers collected in this volume were originally prepared for the conference. After the conference, contributors revised their papers on the basis of the discussions conducted. Giving due consideration to the comparison of tax systems in these areas, these revised papers emphasise themes such as tax structure, especially that of direct and indirect taxes; intergovernmental fiscal relationships; and recent reforms to and problems of tax systems. The result: an extremely useful and informative work which covers ground rarely covered before. Legal and other tax practitioners as well as academics will find this volume of great value.

The Sound of One Hand Audrey Yoshiko Seo,Stephen Addiss,2010 Hakuin Ekaku (1685-1768) is one of the most influential figures in the history of Zen. He can be considered the founder of the modern Japanese Rinzai tradition, for which he famously emphasized the importance of koan practice in awakening, and he revitalized the monastic life of his day. But his teaching was by no means limited to monastery or temple. Hakuin was the quintessential Zen master of the people, renowned for taking his teaching to all parts of society, to people in every walk of life, and his painting and calligraphy were particularly powerful vehicles for that teaching. Using traditional Buddhist images and sayings—but also themes from folklore and daily life—Hakuin created a new visual language for Zen: profound, whimsical, and unlike anything that came before. In his long life, Hakuin created many thousands of paintings and calligraphies. This art, combined with his voluminous writings, stands as a monument to his teaching, revealing why he is the most important Zen master of the past five hundred years. The Sound of One Hand is a study of Hakuin and his enduringly appealing art, illustrated with a wealth of examples of his work, both familiar pieces like “Three Blind Men on a Bridge” as well as lesser known masterworks.
