Redefining Success W Brett Wilson,2012-11-06 W. Brett Wilson, Dragons' Den co-star and Risky Business host, often gets asked about his secrets to success. He became one of Canada's top investment bankers because he was driven, willing to take risks and saw opportunity where others saw roadblocks. But along the path to business success, he tripped over a multitude of misguided priorities. For many years, Wilson pursued business with uncompromising focus, working long hours, seven days a week. In the process, his marriage and his health suffered greatly: he was rarely home as his children were growing up, divorce became inevitable and cancer struck at age forty-three. He truly learned the hard way that one can find financial success and the respect of business peers while almost losing what matters most: health, family and friends. Redefining Success details how Wilson was forced to redefine his life, making health and key relationships his first priorities. Through trial and error, he discovered that these simple virtues are foundational for real, enduring success, both in business and in life. Wilson's compelling insights are the basis for Redefining Success. Not just for entrepreneurs and business people, the book outlines how we can change our lives for the better by re-evaluating our personal definitions of success, then reworking them into a life plan that is feasible, lasting and rewarding. Inspirational and paradigm-changing, Redefining Success will help you implement and sustain lasting, positive change in your life—and make your world a little more meaningful—everyday.

A Caricature History of the Presidents of the United States Jason Fruchter, 2020-02-15 You've seen other books about the POTUS... but never anything like this! A Caricature History of the Presidents of the United States depicts a caricature portrait of all 45 presidents from Washington to Trump in the order they served office. Each president is painstakingly drawn with a level of detail and clarity never before seen in a book about the presidents of the United States. And as a special bonus, you'll be taken inside the artist's studio with a step-by-step tour of how the caricatures in the book were created. For each president, a dossier or fact sheet accompanies his caricature portrait. Basic information about the man, his family, and specific historical events that took place during his administration help the reader to get to know the president better. These include his date of birth and death (or his current age if he's still alive), the years of his presidency, his political party, who his vice president and first lady were, and how many children (if any) he had. In addition, a paragraph summarizing the history of the president's years in office follows every presidential caricature portrait. The presidents are depicted in a respectful way, but with a fun, whimsical point of view. These are not grossly distorted and exaggerated caricatures. Rather, it's a fresh look at the famous and historical faces as seen through the artist's unique lens. You recognize the faces, but in a fun and new interesting way! Certain features have been exaggerated, such as the size of the nose, the eyebrow thickness, and the 'interesting hairdos, especially from the early 1800s era. This book appeals to readers of all ages who are history buffs, art enthusiasts, fans of caricature, or all of the above! Elementary, middle, and high school students who are studying U.S. history will enjoy seeing the presidents depicted as a cartoon different than the traditional history books or other historical media they are accustomed to. College students and young adults who are familiar with the presidents from books, TV documentaries, movies, and other media will appreciate a new interesting take on the presidents that focuses on their individual unique characteristics. Adults and seniors who've lived through many presidents will appreciate how technology, style, fashion, and trends evolve through the generations and how the presidents reflect these changes in our society. The 45 presidents are divided into 9 chapters of 5 presidents each. These chapters break down the historical periods that spanned each presidency: 1) The Founding Fathers, 2) The Jacksonian Era, 3) Manifest Destiny and a Nation Divided, 4) The Civil War and Reconstruction, 5) The Gilded Age, 6) The Progressive Era, WWI, and the Roaring 20s, 7) The Great Depression, WWII, and the Cold War, 8) The Vietnam War, Domestic Strife, and Return to Prosperity, and 9) A New World Order. It's fun to see each the president presented in a timeline that shows how the fashion styles have evolved over the years from frilly neckerchiefs, to satin bow ties, to Victorian era lapels and collars, to the modern suit and tie. It's also interesting to note how the presidents posed for their portraits over the years. In the beginning they were very stoic, serious and sober expressions of concern and a sense of authority. Their mouths were closed. Later on in the era of mass media and television, the presidents posed more with a warm open smile showing their pearly whites. The reference for these portraits were all taken from paintings, drawings, etchings, photos, archived film footage, and video footage. Many sources were examined thoroughly before choosing the right portrait the artist felt depicted the unique quality of the person. Since these men were well known public figures most of their lives, many images exist showing them at different ages. The artist specifically chose portraits that depicted the president at the age he was during his presidency.

Turner does just that." –Robin O'Bryant, New York Times bestselling author of Ketchup Is a Vegetable and Other Lies Moms Tell Themselves "I laughed out loud at Mommy Had a Little Flask, but make no mistake, this book is equally heartfelt and humorous as A.K. Turner is always hilarious, and she doesn't disappoint." –Jen Mann, New York Times bestselling author of People I Want to Punch in the Throat "The thing that I can't get over with A.K. Buckle up!" –Michelle Newman, You're My Favorite Today, contributor to the bestselling humor anthologies I Just Want to Pee Alone and I Just Want to Be Alone, and Community Contributor at Entertainment Weekly "A.K. Turner is the best friend that we dream of having: someone who is smart and eloquent and doesn't take herself or her life too seriously. That is what makes all of her books so fabulous, you can't help but envision yourself right alongside of her, cheering her on, laughing out loud and thanking your lucky stars that you have her in your life." –Lynn Morrison, The Nomad Mom Diary, Circle of Moms Top 25 Funny Bloggers, Circle of Moms Top 25 European Bloggers, and contributor to BLUNTmoms and The Huffington Post "A.K. Turner's writing manages to be both hilarious and heartfelt at the same time. When I read her words, I find myself laughing to the point of tears one minute and then crying real tears the next.
