The Comedy Film Nerds Guide to Movies Graham Elwood,Chris Mancini,2012-06-01 The Comedy Film Nerds Guide to Movies brings what has been missing from movie discussion for too long: A healthy dose of humor. This is the first time ever two filmmakers who are also comedians give their views on film. It will bring movie discussion to a younger audience in a way they can relate to it without all the stodgy film school discussion. This is a movie book for film and comedy fans, by filmmakers and comedians. In the way that Jon Stewart and Bill Mahr have brought comedy to politics, Chris and Graham will do this for film.

The secret life of romantic comedy Celestino Deleyto,2019-01-04 The secret life of romantic comedy offers a new approach to one of the most popular and resilient genres in the history of Hollywood. Steering away from the rigidity and ideological determinism of traditional accounts of the genre, this book advocates a more flexible theory, which allows the student to explore the presence of the genre in unexpected places, extending the concept to encompass films that are not usually considered romantic comedies. Combining theory with detailed analyses of a selection of films, including *To Be or Not to Be* (1942), *Rear Window* (1954), *Kiss Me Stupid* (1964), *Crimes and Misdemeanors* (1989) and *Before Sunset* (2004), the book aims to provide a practical framework for the exploration of a key area of contemporary experience - intimate matters - through one of its most powerful filmic representations: the genre of romantic comedy. Original and entertaining, *The secret life of romantic comedy* is perfect for students and academics of film and film genre.

Crazy Title, Crazy Movie Robert Frosdick,Michael Kendall,2015-10-04 If you love movies then you are sure to appreciate the thought, ingenuity and downright creativity that some film makers have shown when it comes to naming their work. A witty pun, clever play on words, blood curdling situation or terrifyingly scary creature in the title can help to draw you in and build your anticipation prior to viewing. In this book we have selected over 400 of the wackiest, strangest and funniest movie titles that we have come across. Titles such as *Microwave Massacre*, *Attack of the 50 Foot Cheerleader*, *Redneck Zombies* and *Santa Claus Conquers the Martians*. Amazingly they are all real films. *Crazy Title, Crazy Movie* provides an indispensable compendium that is sure to entertain and amuse any film buff prone to the curious compulsion of watching the best and worst that cinema has to offer. Spanning decades and genres the book selects a range of titles so bizarre that you wonder how some of them ever got made.

Hollywood Comedians, the Film Reader Frank Krutnik,2003 *Hollywood Comedians, The Film Reader* brings together key writings on one of the most consistently popular genres of Hollywood cinema. Despite the cult reputations enjoyed by star performers such as Charlie Chaplin, Buster Keaton, the Marx Brothers and Woody Allen, comedians and the contexts within which they worked have not always received their due in scholarly discussions of cinema culture. *Hollywood Comedians, The Film Reader* seeks to fill this gap, combining distinguished work on comedian comedy produced since the early 1980s together with more recent material that explores the genre's contemporary revival. This reader provides a comprehensive guide to a range of comedians, contexts and issues: from the silent films of Chaplin and Keaton to the early sound comedy of Mae West and the Marx Brothers, and from the gender dynamics of Hope and Crosby, Lucille Ball and Jerry Lewis to contemporary comedians such as Jim Carrey and Chris Rock. In addition to exploring issues of genre, narrative, stardom and performance, the reader also traces how comedian films manage representations of otherness that are defined through ethnicity, race, class, gender and the body. Articles are grouped in thematic sections, each exploring a central issue to the study of comedian comedy, and featuring an editor's introduction outlining the context of issues and debates. Sections include: *Genre, narrative and performance *Approaches to silent comedy *Sound comedy, the vaudeville aesthetic and ethnicity *Comedian comedy and gender *Post-classical comedian comedy

Economic Fables Ariel Rubinstein,2012 I had the good fortune to grow up in a wonderful area of Jerusalem, surrounded by a diverse range of people: Rabbi Meizel, the communist Sala Marcel, my widowed Aunt Hannah, and the intellectual Yaacovson. As far as I'm concerned, the opinion of such people is just as authoritative for making social and economic decisions as the opinion of an expert using a model. Part memoir, part crash-course in economic theory, this deeply engaging book by one of the world's foremost economists looks at economic ideas through a personal lens. Together with an introduction to some of the central concepts in modern economic thought, Ariel Rubinstein offers some powerful and entertaining reflections on his childhood, family and career. In doing so, he challenges many of the central tenets of game theory, and sheds light on the role economics can play in society at large. Economic Fables is as thought-provoking for seasoned economists as it is enlightening for newcomers to the field.
