The Hidden Game of Baseball John Thorn,Pete Palmer,2015-03-20 The acclaimed classic on the statistical analysis of baseball records in order to evaluate players and win more games. Long before Moneyball became a sensation or Nate Silver turned the knowledge he'd honed on baseball into electoral gold, John Thorn and Pete Palmer were using statistics to shake the foundations of the game. First published in 1984, *The Hidden Game of Baseball* ushered in the sabermetric revolution by demonstrating that we were thinking about baseball stats—and thus the game itself—all wrong. Instead of praising sluggers for gaudy RBI totals or pitchers for wins, Thorn and Palmer argued in favor of more subtle measurements that correlated much more closely to the ultimate goal: winning baseball games. The new gospel promulgated by Thorn and Palmer opened the door for a flood of new questions, such as how a ballpark's layout helps or hinders offense or whether a strikeout really is worse than another kind of out. Taking questions like these seriously—and backing up the answers with data—launched a new era, showing fans, journalists, scouts, executives, and even players themselves a new, better way to look at the game. This brand-new edition retains the body of the original, with its rich, accessible analysis rooted in a deep love of baseball, while adding a new introduction by the authors tracing the book's influence over the years. A foreword by ESPN's lead baseball analyst, Keith Law, details *The Hidden Game's* central role in the transformation of baseball coverage and team management and shows how teams continue to reap the benefits of Thorn and Palmer's insights today. Thirty years after its original publication, *The Hidden Game* is still bringing the high heat—a true classic of baseball literature. Praise for *The Hidden Game* “As grateful as I was for the publication of *The Hidden Game of Baseball* when it first showed up on my bookshelf, I'm even more grateful now. It's as insightful today as it was then. And it's a reminder that we haven't applauded Thorn and Palmer nearly loudly enough for their incredible contributions to the use and understanding of the awesome numbers of baseball.” —Jayson Stark, senior baseball writer, ESPN.com “Just as one cannot know the great American novel without Twain and Hemingway, one cannot know modern baseball analysis without Thorn and Palmer.” —Rob Neyer, FOX Sports

Jumbo Book of Hidden Pictures Highlights,2017-08-22 Keep little puzzlers busy with over 1,500 hidden objects to discover! Kids who love to figure it out will love this truly jumbo book, featuring 256 pages of world-famous Highlights Hidden Pictures scenes. Swipe This! Scott Rogers,2012-05-30 Learn to design games for tablets from a renowned game designer! Eager to start designing games for tablets but not sure where to start? Look no further! Gaming guru Scott Rogers has his finger on the pulse of tablet game design and is willing to impart his wisdom and secrets for designing exciting and successful games. As the creator of such venerable games as God of War, the SpongeBob Squarepants series, and Pac-Man World, to name a few, Rogers writes from personal experience and in this unique book, he hands you the tools to create your own tablet games for the iPad, Android tablets, Nintendo DS, and other touchscreen systems. Covers the entire tablet game creation process, placing a special focus on the intricacies and pitfalls of touch-screen game design Explores the details and features of tablet game systems and shows you how to develop marketable ideas as well as market your own games Offers an honest take on what perils and pitfalls await you during a game's pre-production, production, and post-production stages Features interviews with established tablet game developers that serve to inspire you as you start to make your own tablet game design *Swipe This!* presents you with an in-depth analysis of popular tablet games and delivers a road map for getting started with tablet game design.

The Hidden Game of Football Bob Carroll,Pete Palmer,John Thorn,2023-02-27 The 1988 cult classic behind football's data analytics revolution, now back in print with a new foreword and preface. Data analytics have revolutionized football. With play sheets informed by advanced statistical analysis, today's coaches pass more, kick less, and go for more two-point or fourth-down conversions

than ever before. In 1988, sportswriters Bob Carroll, Pete Palmer, and John Thorn proposed just this style of play in The Hidden Game of Football, but at the time baffled readers scoffed at such a heartless approach to the game. Football was the ultimate team sport and unlike baseball could not be reduced to pure probabilities. Nevertheless, the book developed a cult following among analysts who, inspired by its unorthodox methods, went on to develop the core metrics of football analytics used today: win probability, expected points, QBR, and more. With a new preface by Thorn and Palmer and a new foreword by Football Outsiders’s Aaron Schatz, The Hidden Game of Football remains an essential resource for armchair coaches, fantasy managers, and fans of all stripes.
