Readers will learn: Why having the right people in the right jobs matters How to find the right team members and take care of them and their families, including providing high-quality, low-cost health care Why long-term thinking is essential for success Why persistence, consistency, and risk are essential for growth Why investing in basic tools like personality profiling and a structured hiring and promotions system contribute to making the right decisions *Relentless Caring* is a practical playbook for “managing from the heart”—tirelessly delivering goodness and kindness to your team members and to customers to build strong loyalties that can buoy your organization even in the most challenging economic waters.

**Herreshoff Sailboats** Gregory O. Jones, *Herreshoff Sailboats* covers some of the major classes of Herreshoff boats including schooners, yawls, ketches, sloops, Q-, R-, and J- class yachts, and launches, not to mention early steam-powered vessels. The story begins with John and Charles Herreshoff, who founded the boatyard in 1832. The sale of Herreshoff to the Haeffner Corp. in the 1920s is also profiled, as is the company's decision to close its doors rather than to build fiberglass boats. Archival black-and-white photos illustrate a compellingly written history, and modern color photography shows Herreshoff's role in yachting today.

**Sparkman & Stephens** Franco Pace,2002 Pace's photography captures the beauty and timelessness of Sparkman & Stephens' yachts as they grace the water.

**The History of American Yachts and Yachtsmen** Harry Brown,1901

**Ultimate Classic Yachts** Nic Compton,2015-10-08 Former Classic Boat editor Nic Compton has spent over 20 years sailing and photographing classic yachts, and this is the culmination of his decades-long passion - a stunning collection showcasing the 20 most beautiful and fascinating classic boats still sailing today. They include: Bona Fide - the original fin-keeler that was 70 years ahead of her time Inward Bound - a 35ft cutter built in Argentina using salvaged timber from the General Belgrano Madoc - a 24ft clinker yawl built on a Tasmanian beach by hand Partridge - an 1885 cutter that took 18 years to restore Solway Maid - the last surviving William Fife yacht Timeless and magnificent, these yachts all have a story to tell, and they are captured with glorious full colour photography.

*Capt. Nat Herreshoff, the Wizard of Bristol* L. Francis Herreshoff,1996 Nathanael G. Herreshoff was the greatest yacht and marine designer and builder this country has ever produced. He is credited with the introduction of more new devices in the design of boats than any other man, and the great yachts that he designed for the successful defense of the America's cup caught the imagination of the world.

*The America's Cup Yachts* Richard V. Simpson,1999 The dominance of the New York Yacht Club, in possession of the America's Cup between 1851 and 1983, has given Newport, Rhode Island, the status of yachting capital of the world. Seven of the most respected America's Cup defenders were built in Bristol, Rhode Island. The state's contribution to racing yacht technology began in Bristol, when N.G. Herreshoff designed and built the Vigilant in 1893. The Goetz Custom Sailboat Company continues the Bristol tradition of building superior sailing vessels, many of which have been challengers for the coveted America's Cup, beginning with the America 3 in 1992. In his sixth volume for the Images of America series, author Richard V. Simpson explores the allure of the America's Cup yachts and racing through more than 200 images from his own diverse collection. The photographs focus on the beauty and dignity of the yachts, the genius of engineering minds, and the handiwork of skilled crafters. Within these pages, view a variety of rare images captured by turn-of-the-century biograph and stereoscopic cameras, and experience the majestic dance of the yachts as they jockey for position, from the starting gun to the crossing of the finish line.

**Sequoia** Giles M. Kelly,2004 Built on the shores of the Delaware Bay in 1925, Sequoia is a Trumpy-designed 104-foot wooden motor yacht that has hosted eight U.S. presidents and has become a Chesapeake Bay icon. Giles M. Kelly served as the yacht's skipper from 1983 to 1988, and was surprised to find no book chronicled her history. During his tenure as captain of the yacht, he took the boat around the country on a goodwill cruise and later oversaw her major restoration. His wife, Ann Stevens, a professional photographer, documented much of that trip and the restoration. Although only two years of the ship's logs could be found, Kelly undertook to uncover the truth of Sequoia's many sea stories by primary research and interviewing those who had served and visited aboard. He soon discovered a kind of Upstairs, Downstairs perspective on Sequoia. This element lends a unique appeal to this saga of an interesting vessel and her service through eight administrations.

**The Golden Age of Yachting** L. Francis Herreshoff,2007 L. Francis Herreshoff came from a family that designed and built some of the finest yachts the world has ever seen.

**The Thousand Dollar Yacht** Anthony Bailey,1996 The theme of the would-be yachtsman finding a builder to construct a small boat which met his requirements, but at a very reasonable cost, is a traditional one in sailing literature and the basis of this story, first published in the USA nearly 30 years ago.
